General Information

Features at a glance

Significant benefits	Potential to earn enhanced investment returns relative to the prevailing <i>bill rate</i> , up to a predetermined maximum interest rate.
Significant risks	There may be some risk from adverse interest rate movements. Your <i>investment rate</i> is limited to the agreed maximum interest rate. You may receive back less than the <i>initial purchase price</i> if you request the Bank to terminate your <i>investment</i> .
Minimum face value	\$100,000.00 (denominations of \$1,000.00 thereafter).
Terms available	Between 180 days and 7 years.
Interest rates	Your quarterly <i>investment rate</i> will be fixed on the <i>lodgement date</i> and each <i>rollover date</i> , at the prevailing <i>bill rate</i> plus a predetermined margin subject to an agreed maximum interest rate. Current interest rates are available on request from your relationship manager or any branch of the Bank.
Payment of earnings	At each <i>rollover date</i> and on the <i>final maturity date</i> .
Fees and charges	No transaction or account keeping fees are directly applicable to this product. For further information see Appendix A.
Early termination	At the discretion of the Bank. Must be terminated in full on a <i>rollover date</i> . A termination cost may apply.

The information in this Product Disclosure Statement (PDS) is subject to change from time to time and is up to date as at the date stated on the cover. Where the new information is materially adverse information the Bank will either issue a new PDS or a supplementary PDS setting out the updated information. Where the new information is not materially adverse information we will not issue a new PDS or supplementary PDS to you, but you will be able to find the updated information on our web site commbank.com.au or you can call **13 2221**. If you ask us to, we will send you a paper copy of the information.

Purpose of a Product Disclosure Statement (PDS)

A PDS aims to provide you with enough information to help you decide whether the product will meet your needs. It also helps you to compare the product with others you may be considering.

This PDS provides information about a product called **Flexi Bill Solutions for Investors – Investment Boost** (Investment Boost). If you decide to invest in an Investment Boost, you should keep this PDS and all other documentation relating to your Investment Boost for future reference.

This PDS consists of a General Information section and the Terms and Conditions that govern the Investment Boost. When you invest in an Investment Boost you agree to the Terms and Conditions detailed in this PDS.

If you have any questions or wish to contact us call **13 2221** between 8am and 8pm, Monday to Friday, visit our web site at **commbank.com.au**, or call into any branch of the Commonwealth Bank of Australia (the Bank).

To assist you in understanding this PDS, the definitions of some words are provided in the “Definitions” section on page 18. When used in this PDS, these words usually appear in italics.

What is an Investment Boost?

An Investment Boost is a fixed term investment that is composed of a series of underlying *securities* where the *tenor* of each *security* is generally for a period of 3 months. The *investment rate* for each *security* is determined on each *rollover date* and is subsequently fixed for the *tenor* of that *security*. In return for receiving a “boosted” return, i.e. a predetermined margin above the prevailing *bill rate* at each *rollover*, you agree to limit the maximum interest rate that can be earned during the *term* of the *investment*.

Who is it suitable for?

Situations in which an Investment Boost may be appropriate are:

- you have \$100,000.00 or more to invest;
- you want to invest for a fixed term, but want exposure to short term interest rates;
- you are seeking a solution that provides returns above the prevailing *bill rate*; or
- you believe increases in the *bill rate* have stabilised or may trend only slightly higher during the *term* of the *investment*.

How are interest rates determined?

On the *deal date*, you agree to a maximum interest rate that will apply to the Investment Boost. In return, the Bank will offer you a predetermined margin that is to be used in arriving at the *standard investment rate* on the *lodgement date* and each *rollover date*.

On the *lodgement date* and each *rollover date*, the Bank calculates the *standard investment rate* as the prevailing *bill rate* plus your predetermined margin. Your *investment rate* is then set as the lower of the *standard investment rate* and the agreed maximum interest rate.

Factors impacting your predetermined margin as quoted by the Bank include:

- the agreed maximum interest rate;
- an allowance for the Bank's business costs, both fixed and variable; and
- the Bank's profit margin.

Market interest rates may vary from time to time due to changed market conditions, the relative liquidity of the *securities* market and the timing of the transaction. While your predetermined margin is set on the *deal date* and fixed for the *term* of the *investment*, your *investment rate* may vary on each *rollover date* depending on the prevailing *bill rate*.

Details of current interest rates are available on request from your relationship manager or any branch of the Bank.

How does an Investment Boost-work?

An Investment Boost involves you agreeing to purchase a series of *securities* for an agreed *term*.

Description of securities

When you invest in an Investment Boost, the underlying *securities* are either a *bill of exchange* (*bank accepted bill* or *bank endorsed bill*) or a *Negotiable Certificate of Deposit (NCD)*.

- *Bills of exchange* are issued by a third party as a means of raising funds and are governed by the Bills of Exchange Act 1909. A *bank bill* is created when a bank accepts or endorses these *bills of exchange*. *Bank bills* can then be on-sold to investors, like you. When the underlying *securities* in an Investment Boost are *bank bills*, the Bank will only sell you *bank bills* that have been accepted or endorsed by the-Bank.
- A *NCD* is similar in concept and pricing to a *bank bill*. However, unlike a *bank bill*, a *NCD* is issued directly by a bank (and not a third party) as a means of raising funds. There is no acceptance or endorsement of a *NCD*. When the Bank sells you a *NCD* under an Investment Boost, you are purchasing a *NCD* that is issued by the Bank.

Where the *bank bill* is accepted/endorsed by the Bank or a *NCD* is issued by the Bank, then the Bank is obligated to pay the *face value* of the *security* to the holder of the *security* on the *final maturity date*.

NCDs, *bank accepted bills* and *bank endorsed bills* are discount *securities* meaning they are issued and on-sold to investors at a discount to their *face value*.

If you choose to link your Investment Boost to a Cash Deposit Account (CDA), the Bank will only sell you *bank bills* that have been accepted or endorsed by the Commonwealth Bank of Australia. Refer to the CDA PDS for more information on how a CDA works. This document is available on our web site at commbank.com.au or upon request from your relationship manager or from any branch of the Bank.

On the deal date

On the *deal date*, you agree with the Bank the details of your *investment* including the predetermined margin and maximum interest rate that will be applied to your Investment Boost.

In most cases, a lower agreed maximum interest rate will result in a higher margin above the prevailing *bill rate* on each *rollover date*.

On the *lodgement date*, the Bank calculates the *standard investment rate* as the prevailing *bill rate* plus your predetermined margin. Your *investment rate* for the *initial security* is set as the lower of the *standard investment rate* and the agreed maximum interest rate.

The Bank applies the following formula to calculate the *purchase price* of each *security* in the series.

Purchase price =

$$\frac{\text{face value}}{1 + \left(\text{investment rate} \times \frac{\text{tenor}}{365} \right)}$$

The *purchase price* for the first *security* in the series (i.e. the *initial purchase price*) is calculated using the above formula and is payable by you on the *lodgement date*.

Shortly after the *deal date* and each *rollover date*, the Bank will send you a *confirmation* disclosing the type and *tenor* of the *security* it has sold to you and the *investment rate* that was used. You may also obtain this information on the *deal date* and each *rollover date* from your relationship manager or the branch of the Bank where you invested in the Investment Boost.

You should retain the *confirmation* for tax purposes, as the Bank will not send you an end of year summary of earnings.

The Bank will hold your *securities* free of charge on a *safe custody* basis.

On each rollover date

On each *rollover date*, the Bank recalculates the *standard investment rate* as the prevailing *bill rate* plus your predetermined margin. Your *investment rate* for that *security* is then set as the lower of the *standard investment rate* and the agreed maximum interest rate.

The *purchase price* formula is applied on each *rollover date* to calculate the *purchase price* of that *security* given the new *investment rate* and the *tenor* applicable to that *security*.

On each *rollover date*, you will receive an amount (income payment), which is the difference between the *face value* payable to you for the maturing *security* and the *purchase price* payable by you for the new *security*. This amount will be paid into your *nominated bank account*.

On the final maturity date

On the *final maturity date*, the Bank will pay to you the *face value* of the *investment*.

Prior to the *final maturity date*, you may contact the Bank with your instructions for the maturing Investment Boost. You may choose to invest in another Investment Boost or request the *face value* (proceeds) to be paid into your *nominated bank account* on the *final maturity date*.

If, on the *final maturity date*, the Bank has not received instructions from you then we will automatically pay the proceeds into your *nominated bank account*.

The following example illustrates the way an Investment Boost works.

Example 1*

You wish to purchase an Investment Boost with a *face value* of \$500,000.00 for a *term* of 2 years with quarterly rollovers (with quarterly income payments). You agree to a maximum interest rate of 5.50% per annum and your predetermined margin is set by the Bank at 0.25% per annum for the *term* of the *investment*.

The prevailing *bill rate* on the *lodgement date* is 4.81% per annum. When the predetermined margin of 0.25% per annum is added, the *standard investment rate* is calculated as 5.06% per annum. Your *investment rate* for the first *security* is 5.06% per annum (as this is lower than the agreed maximum interest rate of 5.50% per annum). The first *security* in the series is for a *tenor* of 90 days.

The *initial purchase price* is calculated as follows:

$$\frac{\$500,000.00}{1 + \left(5.06\% \times \frac{90}{365} \right)} = \$493,838.52$$

When this *security* matures at the end of the first quarter (the first *rollover date*), you purchase a second *security*.

The prevailing *bill rate* on the *rollover date* is 4.85% per annum and so the *standard investment rate* is 5.10% per annum. The *face value* remains at \$500,000.00 and your *investment rate* is 5.10% per annum.

Based on a *tenor* of 90 days for the second quarter, the *purchase price* of the second *security* is \$493,790.42.

The difference between the maturing *face value* and this new *purchase price* (i.e. \$6,209.58) will be the amount paid to your *nominated bank account*. For further information on payments under an Investment Boost, refer to Clause 6 in the Terms and Conditions section of this PDS.

This process occurs at each *rollover date* until the *final maturity date*. On the *final maturity date* the *face value* of \$500,000.00 is paid to your *nominated bank-account*.

Table 1 shows how your *investment* might progress over the 2 year *term* using the scenario in Example 1. It shows that enhanced returns will be received if the prevailing *bill rate* is not greater than 5.25% per annum (as when the 0.25% per annum is

added on the *standard investment rate* equals the agreed maximum interest rate). If the prevailing *bill rate* exceeds 5.25% per annum on any of the quarterly *rollover dates*, your *investment rate* will be limited to 5.50% per annum for that quarter.

Table 1: Investment earnings

- Maximum interest rate: 5.50% per annum
- Predetermined margin: 0.25% per annum

<i>Term</i>	<i>Bill rate</i> (% per annum)	<i>Standard investment rate</i> (% per annum)	<i>Investment rate</i> (% per annum)	<i>Purchase price</i> of each 3 month <i>security</i>	<i>Earnings on</i> each 3 month <i>security</i>
Qtr 1	4.81	5.06	5.06	\$493,838.52	\$6,161.48
Qtr 2	4.85	5.10	5.10	\$493,790.42	\$6,209.58
Qtr 3	5.02	5.27	5.27	\$493,586.09	\$6,413.91
Qtr 4	5.10	5.35	5.35	\$493,489.99	\$6,510.01
Qtr 5	5.24	5.49	5.49	\$493,321.91	\$6,678.09
Qtr 6	5.40	5.65	5.50	\$493,309.91	\$6,690.09
Qtr 7	5.53	5.78	5.50	\$493,309.91	\$6,690.09
Qtr 8	5.70	5.95	5.50	\$493,309.91	\$6,690.09
Total earnings on the Investment Boost					\$52,043.34
Face value that is paid on the final maturity date					\$500,000.00

Please note that depending on your chosen *term* the initial *security* in the series may be for a shorter *tenor* than the other *securities* in the series.

Diagram 1 below is a graphical illustration of how an Investment Boost works.

* Examples are used for illustrative purposes only. Actual returns will depend on actual interest rates on the *deal date* and each *rollover date* during the *term* of the *investment*. Quarters may vary in length from 85 days to 95 days. Example assumes 90 days in each quarter.

Terminating an Investment Boost

If you wish to redeem your Investment Boost prior to the *final maturity date*, you may apply to the Bank for a termination. Requests for a termination are to be submitted in writing to your relationship manager or any branch of the Bank. Early termination of your *investment* is at the discretion of the Bank. If you fail to comply with Clause 8 of the Terms and Conditions section in this PDS, the Bank may terminate your Investment Boost without being requested by you to do so.

Terminations can only be for the full *face value* of your Investment Boost and can only be terminated on a *rollover date*. Partial terminations cannot be accommodated.

For a termination, the Bank will calculate an amount payable to you on the termination date based on the *mark-to-market value* of the Investment Boost transaction. The amount payable comprises the *face value* of the *investment* and the termination cost, which may be either a positive or negative amount.

The termination cost takes into account:

- prevailing market interest rates on the termination date;
- the remaining period to the *final maturity date*;
- the agreed maximum interest rate;
- the Bank's exposure to market risk including an allowance for movements in interest rates and their volatility; and
- the cost incurred by the Bank to terminate your Investment Boost, which may also include the cost to the Bank to reverse its position in the interest rate market.

On the termination date you may receive an amount that is:

- equal to your *initial purchase price*; or
- less than your *initial purchase price*; or
- more than your *initial purchase price*.

The Bank will notify you verbally of the amount payable as soon as practicable after making this calculation. If you accept this amount, the Bank will then send you a letter confirming the details of your termination.

The following example illustrates how an Investment Boost termination works.

Example 2*

Following on from Example 1, assume you request the Bank to terminate your Investment Boost at the end of Quarter 3. Having regard to the factors mentioned above, the Bank calculates the termination cost as being a negative amount of \$1,265.00. The amount payable to you upon termination is \$498,735.00 being the maturing *face value* of the Quarter 3 *security* of \$500,000.00 less the termination cost of \$1,265.00.

* Examples are used for illustrative purposes only.

What are the significant benefits of an Investment Boost?

Benefits include:

- the ability to earn enhanced returns above the prevailing *bill rate* up to the agreed maximum interest rate;
- the *investment rate* that you receive may rise if, on a *rollover date*, market interest rates have risen (and your *investment rate* is below the agreed maximum interest rate);
- flexibility in investment *terms* of between 180 days and 7 years; and
- there are no transaction or account keeping fees directly applicable to this product (refer to Appendix A of this PDS for more information).

What are the significant disadvantages of an Investment Boost?

Disadvantages include:

- you cannot benefit from increases in the *bill rate* above the agreed maximum interest rate and so your earnings are limited to the agreed maximum interest rate;
- the *investment rate* that you receive may fall if, on a *rollover date*, market interest rates have fallen (and your *investment rate* is below the agreed maximum interest rate); and
- in the event of an early termination, you may receive back less than your *initial purchase price* (refer to the “Terminating an Investment Boost” section in this PDS).

What are the significant risks?

Interest rate markets may be volatile. Investments in these markets may involve actual losses if you request the Bank to terminate your Investment Boost prior to the *final maturity date*. Monitoring of any risks associated with this product is your responsibility.

Market risk

Market risk is the risk that prices including interest rates will move adversely. Investment Boost returns are linked to market interest rates on the *lodgement date* and each *rollover date* throughout the *term* of your *investment*. You will receive an interest rate at a pre-agreed “boosted” level above the prevailing *bill rate* up to an agreed maximum level. Consequently, as prevailing *bill rates* fall your *investment rate* may also fall.

You should ensure that you are able to monitor and value the relevant interest rate movements when investing in an Investment Boost. The Bank may be dealing on its own account in interest rate markets and such dealings may influence interest rates.

Credit risk

Credit risk is common to all investment products that you may hold with the Bank. In all cases, you are reliant on the ability of the Bank to meet its obligations to you under the terms of this transaction. In an Investment Boost, the underlying *securities* are *NCDs* issued by the Bank, or *bills of exchange* accepted/endorsed by the Bank, and so the obligation to pay to you the *face value* on each *rollover date* and on the *final maturity date* lies with the Bank.

Legal Risk

Australia, as a member state of the United Nations, is obliged to implement United Nations Security Council sanctions. Australia also may be required to implement other international sanctions and sometimes imposes unilateral sanctions. Sanctions can cover various subject matters including financial restrictions. Consequently, the Bank may be prohibited from dealing with certain persons or entities.

This means that if the Bank is aware that you are a proscribed person or entity, then the Bank may be required to suspend, cancel or refuse you services or close or terminate any account, facility, transaction, arrangement or agreement with you. We may also be required to freeze assets of yours. You could incur significant costs as a result of these actions.

In the case of early termination

In the case of early termination of your Investment Boost, the amount payable to you may be less than what you invested (i.e. less than your *initial purchase price*). For more detail, see the section on "Terminating an Investment Boost" in this PDS.

These are the most significant risks. However, there may be other considerations that are relevant to you should you invest in an Investment Boost. You should obtain your own independent professional advice to determine whether this product is appropriate to your particular circumstances.

How do I invest in an Investment Boost?

To invest in an Investment Boost you must:

- i) contact your relationship manager or any branch of the Bank to proceed with the *investment*; and
- ii) complete and sign the Customer Acknowledgement forms which are attached to the back of this PDS.

Shortly after the *deal date*, the Bank will send you a letter to confirm the details of your *investment*. You should respond to this *confirmation* as described in Clause 5 of the Terms and Conditions in this PDS.

What are the costs involved in an Investment Boost?

There are no transaction or account keeping fees directly applicable to this product.

Refer to Appendix A of this PDS for more information on fees and Government taxes.

Are there any tax implications I should be aware of?

Investing and dealing with investments has tax and often social security implications. These can be complex and are invariably particular to your circumstances. Investment income in the form of earnings on an Investment Boost is generally taxable income. You should discuss the timing and derivation of this income with your independent professional tax adviser.

If you are a non-resident, the Bank is obliged by law to deduct non-resident withholding tax from the earnings on your *investment*.

What if I have a complaint?

Please contact your relationship manager or the manager of the department that handled the matter and explain the problem.

Our staff will review the situation and, if possible, resolve it immediately. If the matter has not been resolved to your satisfaction, please contact our Customer Relations team via:

- our web site at commbank.com.au/contactus/comment.asp;
- telephone **1800 805 605**;
- facsimile **1800 028 542**; or
- writing to:
Customer Relations
Commonwealth Bank
Reply Paid 41
Sydney NSW 2001

If after giving us the opportunity to resolve your complaint, you feel we have not resolved it satisfactorily, you may also lodge a written complaint with the Banking and Financial Ombudsman Service at:

Financial Ombudsman Service Limited
GPO Box 3
Melbourne VIC 3001

Phone **1300 780 808**

Fax **03 9613 6399**

Customer information and privacy

Collection and verification of customer information

“Customer information” is information about a customer. It includes personal information.

The law requires us to identify our customers. We do this by collecting and verifying information about you. We may also collect and verify information about persons who act on your behalf. The collection and verification of information helps to protect against identity theft, money-laundering and other illegal activities.

We use your customer information to manage our relationship with you, provide you with the products and services you request and also tell you about the products and services offered by the Commonwealth Bank Group ("Group"), affiliated providers and external providers for whom we act as agent. If you have given us your electronic contact details, we may provide marketing information to you electronically.

The collection and verification of customer information may be carried out in different ways and we will advise you of the most acceptable methods of doing this. We may disclose your customer information in carrying out verification – e.g. we may refer to public records to verify information and documentation, or we may verify with an employer that the information you have given us is accurate.

Depending on whether you are an individual or an organisation, the information we collect will vary. For instance, if you are an individual, the type of information we may collect and verify includes your full name, date of birth and residential address. If you are commonly known by 2 or more different names, you must give us full details of your other name or names.

For instance, if you are a company, we may collect and verify information, including company incorporation and registration details, as well as details of the company's officers and its major shareholders.

If you are acting as a trustee, we may ask you for, amongst other things, information on the beneficiaries of the trust and evidence of the existence of the trust.

If you are a partnership, we may require information including evidence of the fact that the partnership exists, as well as the full name of the partnership, the names of the partners and any business name owned by the partnership.

For other organisations, the kind of information we collect and verify will depend on the type of organisation you are.

In addition, during your relationship with us, we may also ask for and collect further information about you and about your dealings with us.

You must provide us with accurate and complete information. If you do not, you may be in breach of the law and also we may not be able to provide you with products and services that best suit your needs.

Protecting customer information

We comply with the National Privacy Principles as incorporated into the *Privacy Act 1988* (Cth).

We disclose customer information to other members of the Group (including overseas members), so that the Group may have an integrated view of its customers and to facilitate the integrated treatment of its customers. It also enables other members of the Group to provide you with information on their products and services.

Other disclosures

At common law, banks are permitted to disclose customer information in the following circumstances:-

- (a) where disclosure is compelled by law; or
- (b) where there is a duty to the public to disclose; or
- (c) where our interests require disclosure; or
- (d) where disclosure is made with your express or implied consent.

So that we can manage our relationships, customer information may be disclosed to:

- brokers and agents who refer your business to us;
- any person acting on your behalf, including your financial adviser, solicitor, settlement agent, accountant, executor, administrator, trustee, guardian or attorney;
- financial institutions who request information from us if you seek credit from them;
- if you have borrowed from the Bank to purchase property valuers and insurers (so that the Bank can obtain a valuation of your property, and confirm that it is insured);
- if you have insurance: medical practitioners (to verify or clarify, if necessary, any health information you may provide), claims investigators and reinsurers (so that any claim you make can be assessed and managed), insurance reference agencies (where the Bank is considering whether to accept a proposal of insurance from you and, if so, on what terms); and

- organisations to whom we may outsource certain functions.

In all circumstances where our contractors, agents and outsourced service providers become aware of customer information, confidentiality arrangements apply. Customer information may only be used by our agents, contractors and outsourced service providers for our purposes.

We may be required to disclose customer information by law, e.g. under Court Orders or Statutory Notices pursuant to taxation or social security laws or under laws relating to sanctions, anti-money laundering or counter terrorism financing.

We may send customer information overseas if:

- that is necessary to complete a transaction, or
- we outsource certain functions overseas.

We may also be permitted, as distinct from required, to disclose information in other circumstances. For more information, please refer to our Privacy Policy.

Access to your personal information

The law allows you (subject to permitted exceptions) to access your personal information. You can do this by contacting:

Customer Relations
Commonwealth Bank
Reply Paid 41
Sydney NSW 2001

We may charge you for providing access.

Further information

For further information on our privacy and information handling practices, please refer to the Group's Privacy Policy, which is available at commbank.com.au or upon request from any branch of the Bank.

Terms and Conditions

1. About these Terms and Conditions

These Terms and Conditions govern the Bank's Investment Boost product. They do not include terms and conditions that apply by operation of law.

You should read these Terms and Conditions carefully and keep a copy for your future reference. In addition, you should read the Bank's information booklet "The Better Banking Book", copies of which may be obtained by telephoning the Bank on **13 2221** (between 8am and 8pm, Monday to Friday), visiting our web site at **commbank.com.au** or from any branch of the Bank.

The Better Banking Book contains useful information on a range of banking matters. These include the rights and obligations that arise out of the banker and customer relationship, account opening procedures, the Bank's obligations regarding confidentiality of your information, complaint handling procedures, bank cheques, the advisability of you informing the Bank promptly when you are in financial difficulty and the advisability of you reading the terms and conditions applying to any banking service provided to you or in which you are interested.

The Bank makes no representations about the taxation impacts of the Investment Boost. You should seek independent taxation and/or financial advice if you are unsure of the taxation implications of making an *investment*.

The relevant provisions of the Code of Banking Practice apply to an Investment Boost if an account is held by an individual, either alone or jointly with another individual, or small business customer. A copy of the Code of Banking Practice is available at **commbank.com.au** or upon request from your relationship manager or any branch of the Bank.

2. Terms and Conditions

Where you enter into an Investment Boost with the Bank, these Terms and Conditions apply to the *investment*.

3. Opening an Investment Boost

Opening an Investment Boost is conditional upon:

- you providing the Bank with the necessary identification information it requires; and
- the Bank carrying out any necessary verification check(s).

4. Investment Boost

- You agree to purchase a series of *securities* at an *investment rate* equal to a predetermined margin above the *bill rate* or the agreed maximum interest rate, whichever is the lower.
- On the *deal date* the following details, amongst others, will be agreed between you and the Bank:
 - *term*: between 180 days and 7 years;
 - *face value*: minimum *face value* is \$100,000.00 (denominations of \$1,000.00 thereafter); and
 - agreed maximum rate: the maximum rate of return applicable on your *investment*.
- The *rollover* frequency is usually quarterly (i.e. individual *securities* in the series have a *tenor* of 3 months). On request, your *rollover* frequency may be varied, however, this must be specified on the *deal date*. The *rollover* frequency must remain constant for the *term* of the *investment*. If your chosen *term* is not a multiple of the *tenor* of the underlying *securities*, the initial *security* in the series will be for a shorter *tenor* than the other *securities* in the series.

5. Confirmation

After you purchase an Investment Boost, the Bank will send you a *confirmation* setting out the details of the *investment*. Within 2 *business days* of receiving the *confirmation* you must-either:

- i) if, in your opinion, there is an error in the *confirmation*, notify the Bank of the error (you will be bound by the *confirmation* unless you inform the Bank that there is an error within that time); or
- ii) sign a copy of the *confirmation* and return it to the Bank acknowledging it is correct.

However, the transaction is valid even if these steps are not followed.

6. Payments under an Investment Boost

- Subject to clause 9, payments under an Investment Boost are made as follows:
 - i) on the *deal date* you will agree to purchase from the Bank a series of *securities*;
 - ii) on the *lodgement date* you will pay the *initial purchase price* for the first *security* in the series of *securities*;
 - iii) on each *rollover date* the maturing *securities* will be discharged and replaced by new *securities*. You will purchase the new *securities* from the Bank at a price calculated in accordance with these Terms and Conditions;
 - iv) payment for the new *securities* will be made by way of debit against the proceeds of the maturing *securities*. The difference between the *face value* of the maturing *securities* and the *purchase price* of the new *securities* will be credited to the *nominated bank account*; and
 - v) on the *final maturity date*, the *face value* of the *securities* will be credited to the *nominated bank account* unless otherwise advised by you. Fees may apply, refer to Appendix A for more details.
- The *rollover* of *securities* described in this Clause will usually occur without any action on your part. You authorise the Bank to take all action on your behalf to effect each *rollover*.

7. Securities to be held by the Bank

All *securities* purchased by you as part of an Investment Boost will be held by the Bank on a *safe custody* basis and you waive your right to require the Bank to deliver the *securities* to you. The Bank's only obligation to you is to pay to you the *face value* of a *security* on the *rollover date*, or the *final maturity date*, subject to the Bank's right on a *rollover date* to apply the amount of the *face value* of a maturing *security* to the *purchase price* of a new *security* as set out in Clause 6.

8. Early termination of an Investment Boost

- The Bank may terminate an Investment Boost before the *final maturity date* if:
 - i) you do not pay on time any amount due under the *investment* or breach any other term of the *investment*;
 - ii) you fail to purchase any *security* on the relevant *rollover date*;
 - iii) you breach any of these Terms and Conditions;
 - iv) you become insolvent, bankrupt, in receivership, in liquidation or wound up; or
 - v) you breach the terms of any other investment.
 - vi) you or a signatory appears to be a Proscribed Person
- The Bank will give consideration in its absolute discretion to any request in writing by you to terminate an *investment* prior to its *final maturity date* but the Bank is under no obligation to agree to the request.
- Requests to terminate an *investment* can only be made for the full *face value* on a *rollover date*.
- If an Investment Boost is terminated prior to its *final maturity date*:
 - i) you must, in addition to any other sums due hereunder, pay to the Bank any amounts required to compensate the Bank for any losses, costs (including, without limitation, termination costs) and expenses (including, without limitation, any reasonable legal or out of pocket expenses) which the Bank may incur as a result of such termination; and
 - ii) the Bank may apply the whole or any part of the moneys payable or to become payable to you under the *investment* to satisfy in whole or in part your obligations under the *investment* and these Terms and Conditions.

9. Refusal of service

In the event that you or a signatory appears to be a Proscribed Person, then we may immediately refuse to process or complete any transaction or dealing of yours; suspend the provision of a product or service to you; refuse to allow or to facilitate any of your assets held by us to be used or dealt with; refuse to make any asset available to you to any other proscribed person or entity; or terminate these arrangements with you. We will be under no liability to you if we do any or all of these things. Our rights under this clause are in addition to all other rights we may have.

If we exercise our rights under this clause you must pay us any damages, losses, costs or expenses that we incur in relation to any action taken under this clause, including without limitation our refusal of service under this clause, administrative costs and/or costs of sale or purchase of any transaction or deal put in place for the purposes of meeting our obligations under these Terms and Conditions.

10. Your understanding of the risks involved

- An Investment Boost is a financial markets product and as such contains an element of risk. The level of risk varies depending on the *investment's* specific attributes (for example, its time to maturity or pricing benchmark), and how it is used (for example, as a hedge or a speculative transaction). A major risk is that which can arise from having to exit the *investment* at a loss after adverse changes in interest rates or their volatility.
- The Bank enters into each *investment* by you on the understanding that:
 - i) you have made your own independent decision to enter into the *investment* and as to whether that *investment* is appropriate or desirable for you; and
 - ii) you have the capacity to evaluate and understand (either on your own behalf or through independent professional advice), and do understand, the *investment* and these Terms and Conditions and to assume (financially and otherwise) those risks.

11. Bank fees

There are no transaction or account keeping fees directly applicable to this product as the predetermined margin has been set to allow for the costs incurred.

Refer to Appendix A of this PDS for further information.

12. Government taxes

Your Investment Boost may also be subject to Government taxes and duties (if any). These may vary from State to State.

Refer to Appendix A of this PDS for further information.

13. Variation of Terms and Conditions

The Bank reserves the right to vary these Terms and Conditions.

At least 30 days' written notice will be given to you if the Bank intends to introduce or vary a Bank fee or charge except where the Bank cannot locate you.

If the Bank otherwise varies these Terms and Conditions or varies its standard fees and charges, the Bank will notify you either in writing or by advertisement in the national media or local media no later than the day on which the variation takes effect.

The Bank will notify you of the introduction or variation of any Government tax or charge either in writing or by advertisement in the national media or local media unless the Government, a Government agency or representative body has already publicised the introduction or variation.

14. Change of personal details

You are required to notify the Bank promptly in writing of a change to your personal details, such as your name, address or *nominated bank account*.

Definitions

“the Bank”, “our”, “us” or “we”

Commonwealth Bank of Australia
ABN 48 123 123 124.

“bank accepted bill”

A *bill of exchange* that has been issued by a drawer and that is subsequently accepted by a bank. If the *bank accepted bill* is subsequently on-sold to an investor, the accepting bank is obliged to pay the *face value* of the *bill* at maturity to that investor.

“bank bill”

A *bank accepted bill* or a *bank endorsed bill*.

“bank endorsed bill”

A *bill of exchange* that has been issued by a drawer and that is subsequently endorsed by a bank. If the *bank endorsed bill* is subsequently on-sold to an investor, the endorsing bank is obliged to pay the *face value* of the *bill* at maturity to the investor should the acceptor or the drawer of the *bill* be unable to do-so.

“bill of exchange” or “bill”

A negotiable instrument regulated by the Bills of Exchange Act 1909 (Cth).

“bill rate”

On any date, the average rate per centum per annum for 90 day *bank accepted bills* shown on the AAP Reuters page “BBSW” (rounded to 3 decimal places) at or about 10.10am (Sydney time). If you choose a *rollover* frequency other than quarterly, the *bill rate* applicable to your *investment* will be the rate shown on AAP Reuters page “BBSW” (rounded to 3 decimal places) for the relevant *tenor*.

“business day”

A day on which the Bank is open for the transaction of business in relation to an Investment Boost.

“confirmation”

A letter from the Bank setting out the details of your Investment Boost.

“deal date”

The date on which you enter into an agreement with the Bank to purchase an Investment Boost.

“face value”

The amount payable to you on the maturity date of each *security* purchased by you during the *term*.

“final maturity date”

The maturity date of the last *security* in a series of *securities* under an *investment*.

“initial purchase price”

The amount paid by you for the first *security* in a series of *securities* on the *lodgement date*.

“investment”

A transaction being an Investment Boost, under which you purchase from the Bank a series of *securities* all of which will have a *tenor* of between 25 and 185 days, depending on your *rollover* frequency.

“investment rate”

On the *lodgement date* and each *rollover date*, the lower of the agreed maximum interest rate and the *standard investment rate*, being the return earned by you expressed as a rate per centum per annum.

“lodgement date”

The date of purchase of the first *security* in a series of *securities* under an *investment*.

“mark-to-market value”

A valuation method where an existing Investment Boost transaction is valued against current market interest rates to calculate any potential profit or loss, when determining the amount payable for an early termination request.

“negotiable certificate of deposit”; “NCD(s)”

A financial instrument issued by a bank as a means of raising funds.

“nominated bank account”

A bank account nominated by you and held in the same name as the *investment*.

“Proscribed Person”

A person who appears to us either (a) to be a proscribed person or entity under the Charter of the United Nations Act 1945 (Cth); (b) to be in breach of the laws of any jurisdiction relating to money laundering or counter-terrorism; (c) to appear in a list of persons with

whom dealings are proscribed by the government or a regulatory authority of any jurisdiction; or (d) act on behalf, or for the benefit of, a person listed in subclauses (a) – (c).

“purchase price”

The amount paid by you for a *security* in the series of *securities* on a *rollover date*.

“rollover”

When a maturing *security* is discharged and replaced by a new *security*, other than on the *final maturity date*.

“rollover date”

The date of maturity of a *security* in a series (other than the *final maturity date*).

“safe custody”

An arrangement where the Bank agrees to hold a *security* purchased by you on your behalf.

“security(ies)”

Either *bank accepted bill(s)*, *bank endorsed bill(s)*, or *negotiable certificate(s) of deposit*.

“standard investment rate”

On the *lodgement date* and each *rollover date*, a rate at a predetermined margin above the prevailing *bill rate*.

“tenor”

The period from the date that you purchased a *security* to the maturity date of that same *security* expressed as a number of days.

“term”

The period from the *lodgement date* to the *final maturity date*.

“you”, “your”

The customer who is the person or persons or entity in whose name the Investment Boost is held.

APPENDIX A

Fees and Government taxes

Bank fees

There are no transaction or account keeping fees directly applicable to this product as the predetermined margin has been set to allow for the costs incurred.

Some related products and services, such as bank cheques and telegraphic transfers, will incur a separate fee. These fees will be set out in the PDS, terms and conditions or fees and charges brochures for these other products and services.

Government taxes

If you are a non-resident, the Bank is obliged by law to deduct non-resident withholding tax from the earnings on your *investment*.

Your Investment Boost may also be subject to Government taxes and duties (if any). These may vary from State to State.
