

**Client Unique Holiday****The Business**

*Unique Holiday* is an existing Commonwealth Bank customer. It operates designer holidays in each of the major tourist areas in Australia. It sells accommodation and designs holiday packages at the request of individuals to meet specific requirements that are aimed at the high dollar holiday market. *Unique Holiday's* customers pay top dollar for this service.

The business has one central office location. Here, unique holidays are created and placed on the Internet for selection by *Unique Holiday* customers. A customer may book a personal visit by a *Unique Holiday* representative for a fee, in order to design a holiday specific to that individual.

*Unique Holiday* employs 10 full-time office staff. These people are responsible for:

1. Designing holiday packages.
2. Purchasing the components of each holiday, which may include accommodation, transport, insurance and/or any other unique holiday requests.
3. Collecting payment from customers and chasing debtors.

*Unique Holiday* is owned by Juan Day and his partner Fuad Mazri and employs:

- One accountant, Mika Marnie (responsible for the finance clerks).
- One technical specialists, Mae Lau.
- Five full-time and 10 part-time (for peak seasons) travel specialists.
- Three finance clerks, one full-time and two part-time. These people look after payables (payroll processing, paying suppliers, etc) and receivables (customer invoicing, statements, etc), as well as general office administration.

**Current Banking Requirements**

1. Foreign currency transactions to pay overseas travel suppliers.
2. BPAY and Direct Debit to receive money from customers as payment for holidays. Payment must be in advance; however, VIP customers are allowed to pay instalments toward their *Unique Holiday* experience.
3. All current banking requirements must be available online.

The owners are concerned about security and privacy, particularly staff seeing the amount of money entering the organisation. As a result, they wish to restrict the number and level of access, of Users of the CommBiz service.

In working through the requirements of their business, the owners have determined that:

- All business expenses and payroll must be signed off by both owners and the accountant; however, they only want the accountant to see the payroll amounts paid to the owners.

- All payments to suppliers of accommodation, transport, food and beverages and to travel wholesalers are required to be authorised by more than one person (this will include the accountant plus one of the owners).
- The business is very security conscious and, with the amount of travel overseas and to other locations, would like an added level of security to the system. They have selected the Pro 260 as their choice of security token.

## Bank Accounts

Currently *Unique Holiday* has the following accounts:

### 1) Six Cheque Accounts

- Accommodation Account
- Transportation Account
- Food and Beverage Account
- Travel Wholesalers Account
- Business Expense Account with overdraft limit
- Payroll Account

### 2) BPAY

### 3) EFTPOS

### 4) Two Business MasterCard

### 5) A Business Loan

## Service Details

Organisation Type: Single structure business

Organisation Name: Unique Holiday Pty Ltd

Service Name: Unique Holiday

Service Contact:	Mr Juan Day	Mr Fuad Mazri	Ms Mika Marnie
	0143 256 698	0498 654 913	0410 664 597

Date of Birth:	01/03/1973	16/06/1971	21/11/1967
----------------	------------	------------	------------

Distribution Address: This has been set up for the service as:  
1/1 Party Parade  
Anytown  
TAS 7015

## Products

APCA ID required.

## Administration

One Administrator: Mae Lau

Three Authorisers: Each Authoriser is assigned to a list during the application process. This option has been taken by the company as follows:

Mr Juan Day	List B
Mr Fuad Mazri	List B
Ms Mika Marnie	List A

Three Users: One finance clerk (not required to be registered in the Method of Operation)

Two payables/receivables Clerks (not required to be registered in the Method of Operation)

Tokens Required: Four (Type Pro260)

Billing Account: Business Expense Account

### Method of Operation

Accommodation Account: Two to sign; the accountant, Ms Mika Marnie, and one of Mr Juan Day or Mr Fuad Mazri.

Transportation Account: Two to sign; the accountant, Ms Mika Marnie, and one of Mr Juan Day or Mr Fuad Mazri.

Food & Beverage Account: Two to sign; the accountant, Ms Mika Marnie, and one of Mr Juan Day or Mr Fuad Mazri

Travel Wholesalers Account: Two to sign; the accountant, Ms Mika Marnie and one of Mr Juan Day or Mr Fuad Mazri.

Business Expenses Account: Three to sign; the accountant, Ms Mika Marnie and both owners, Mr Juan Day and Mr Fuad Mazri, jointly.

Payroll Account: Three to sign; the Accountant Mr Mika Marnie and both owners, Mr Juan Day and Mr Fuad Mazri, jointly.

Structuring access to the accounts in this way, will require two Methods of Operation (MOO) to be established. Both would be set-up using the 'Custom (multiple Authorisers with rules)' option, as the Authoriser has been selected in either List A or List B.

1. The Method of Operation for the first four (4) accounts above, would be set up as follows:

Account	Lower Limit	Upper limit	List A	List B
Accommodation	0	No Limit	1	1
Transportation	0	No Limit	1	1
Food and Beverage	0	No Limit	1	1
Travel Wholesalers	0	No Limit	1	1

This means that Ms Mika Marnie and either Mr Juan day or Mr Fuad Mazri can authorise any transactions against these four accounts.

2. A separate Method of Operation is required for the Business Expense and Payroll Accounts, however, as three people are required to authorise these transactions. This would be shown in the Method of Operation as follows:

Account	Lower Limit	Upper Limit	List A	List B
Business Expense Account	0	No Limit	1	2
Payroll Account	0	No Limit	1	2

The Administrator, Mae Lau, has been delegated the task of completing the organisation's CommBiz application. She has used the CommBiz Application Worksheet to gather and record the information required.

Similarly, once the service has been established for *Unique Holiday*, Mae Lau (as the CommBiz Administrator) would then go into the service and setup the Entitlements profile for each User of the service, in line with the accesses and privileges they require to perform their functions. These are set out in the following section, with one page given to each User of the service.

For Mae Lau, her entitlements would be set as follows and give her only administration functions but no ability to view, create or authorise on any accounts. (Note: Y=enabled, X=not enabled)

Import/Export Entitlements								
Import non-modifiable file	<input type="checkbox"/>							
Import modifiable file	<input type="checkbox"/>							

For Mika Marnie, her entitlements would be set up as follows. This gives her the ability to view, create and authorise transactions, except for the MasterCard Account, where she cannot create transactions. She has no administration entitlements. Note that ticking the box above the line in the 'Views' column sets all the 'Views' options for all the accounts to enabled, saving time in individually ticking each box.
