Section 4 - Important notices

The following special conditions apply to applications for balance transfers. I acknowledge:

- On the expiry of the specified period during which the agreed annual percentage rate applies to a balance transfer, the outstanding balance (including any related interest) is treated as a cash advance.
- Payments to your account will be applied to the balance transfer amounts before any other cash advance or purchase amounts and in the order detailed in the Conditions of Use. This means that the portion of your outstanding account balance that is subject to the lower interest will be paid off first. **You will not receive the benefit of any interest-free days on credit purchases unless the closing balance is paid in full (including any balance transfer) by the statement due date each month.**
- If the available credit on your Commonwealth Bank account cannot accommodate the full dollar amount you wish to transfer we will transfer a portion within your available limit.
- You must continue to make payments to your credit and/ or store card account until you receive confirmation that the balance transfer was credited to that account on a future statement.
- The amount transferred will be charged interest from the date of the transfer.
- For other conditions relating to balance transfers, refer to your copy of 'Important Information about Credit cards – Conditions of Use' brochure. Alternatively a copy of this brochure is available on commbank.com.au.
