Incorporated in Australia with limited liability

**U.S.\$70,000,000,000\***

## **Euro Medium Term Note Programme**

*\*Combined programme limit for the Euro Medium Term Note Programme of ASB Finance Limited and Commonwealth Bank of Australia. This Programme Circular relates to Notes to be issued under such programme by Commonwealth Bank of Australia only.*

Commonwealth Bank of Australia (the "Issuer" or the "Bank") may from time to time issue Euro Medium Term Notes (the "Notes") in any form contemplated in "Conditions of the Notes" herein and as described in "Overview of the Programme" herein.

The Notes will be issued from time to time to one or more of the Dealers specified on page 6 (each a "Dealer" and together the "Dealers", which expression shall include any additional Dealers appointed under the Programme (as defined below) from time to time). References in this Programme Circular to the "relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

**An investment in Notes issued under the Programme involves certain risks.** For a discussion of these risks see "*Risk Factors*".

The Issuer has been rated AA- by Standard & Poor's (Australia) Pty Ltd. ("S&P"), Aa3 by Moody's Investors Service Pty Ltd. ("Moody's") and AA- by Fitch Australia Pty Ltd ("Fitch"). None of S&P, Moody's or Fitch is established in the European Union or registered in accordance with Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation"). However, Commission Implementing Decision 2012/627/EU provides that the Australian legal and supervisory framework for credit rating agencies shall be considered as equivalent to the requirements of the CRA Regulation and each of Standard & Poor's Credit Market Services Europe Limited, Moody's Investors Service Ltd. and Fitch Ratings Limited which are established in the European Union and registered under the CRA Regulation (and, as such are included in the list of credit rating agencies published by the European Securities and Markets Authority ("ESMA") on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with such Regulation) currently endorse the credit ratings of S&P, Moody's and Fitch, respectively, for regulatory purposes in the European Union. There can be no assurance that such endorsement of the credit ratings of S&P, Moody's and Fitch will continue.

Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Issuer by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Application has been made to the United Kingdom Financial Conduct Authority (the "FCA") acting in its capacity as the competent authority (the "UK Listing Authority") for Notes to be issued during the period of 12 months from the date of this Programme Circular under this U.S.\$70,000,000,000 Euro Medium Term Note Programme (the "Programme") to be admitted to the official list of the UK Listing Authority (the "Official List") and to the London Stock Exchange plc (the "London Stock Exchange") for such Notes to be admitted to trading on the London Stock Exchange's regulated market. References in this Programme Circular to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange's regulated market and have been admitted to the Official List. The London Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes, and certain other information which is applicable to each Tranche (as defined under "*Conditions of the Notes*") of Notes will be set out in a final terms document (the "Final Terms") which, where listed, will be delivered to the UK Listing Authority and the London Stock Exchange. Copies of the Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

Amounts payable on Floating Rate Notes may be calculated by reference to one of LIBOR or EURIBOR as specified in the relevant Final Terms. As at the date of this Programme Circular, (i) the administrator of LIBOR, ICE Benchmark Administration Limited, is included in ESMA's register of administrators under Article 36 of Regulation (EU) No. 2016/1011 (the "Benchmarks Regulation"); and (ii) the administrator of EURIBOR is not included in ESMA's register of administrators under the Benchmarks Regulation. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that the administrator of EURIBOR, European Money Markets Institute, is not currently required to obtain authorisation or registration.

The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of the administrator.

This document is issued in replacement of a Programme Circular dated 3 July 2017 and accordingly supersedes that earlier Programme Circular. This does not affect any Notes issued under the Programme prior to the date of this Programme Circular.

## IMPORTANT INFORMATION

This Programme Circular comprises a base prospectus for Commonwealth Bank of Australia only for the purposes of Article 5.4 of the Prospectus Directive. When used in this Programme Circular, “Prospectus Directive” means Directive 2003/71/EC (as amended) and includes any relevant implementing measure in a relevant Member State of the European Economic Area (the “EEA”).

The Issuer accepts responsibility for the information contained in this Programme Circular and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Programme Circular, is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Programme Circular is to be read in conjunction with all documents which are deemed to be incorporated in it by reference (see “*Documents Incorporated by Reference*”). This Programme Circular shall be read and construed on the basis that those documents are so incorporated and form part of this Programme Circular.

The Dealers (which term in this paragraph and the third paragraph below includes Commonwealth Bank of Australia in its capacity as a dealer but does not include Commonwealth Bank of Australia in its capacity as issuer of the Notes) have not separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained in this Programme Circular or any further information supplied by the Issuer in connection with the Notes.

No person has been authorised to give any information or to make any representation not contained in this Programme Circular or any further information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Programme Circular nor any further information supplied in connection with the Programme or any Notes is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Programme Circular or any further information supplied in connection with the Programme or the Notes should purchase any Notes. Each investor contemplating purchasing Notes should make its own independent investigation of the condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Programme Circular nor any further information supplied in connection with the Programme or the Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

The delivery of this Programme Circular does not at any time imply that the information contained in it concerning the Issuer is correct at any time subsequent to its date or that any further information supplied in connection with the Programme or the Notes is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial or other condition or affairs of the Issuer or any of its subsidiaries during the life of the Programme. Investors should review, *inter alia*, the most recent financial statements of the Issuer when deciding whether or not to purchase any Notes.

The distribution of this Programme Circular and the offer or sale of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Programme Circular or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Programme Circular and the offer or sale of the Notes in the United States of America, the EEA (including the United Kingdom and Luxembourg), Japan, Australia, New Zealand, Hong Kong, the PRC, Macau (each as defined below), the Republic of Korea, Singapore and Taiwan (see “*Subscription and Sale*”).

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction (see “*Subscription and Sale*”).

**IMPORTANT – EEA RETAIL INVESTORS** – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the Insurance Mediation Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**MiFID II product governance/target market** – The Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Programme Circular or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

### **AUSTRALIAN BANKING LEGISLATION**

The Issuer is an authorised deposit-taking institution (an “ADI”) for the purposes of the Banking Act 1959 of Australia (the “Banking Act”). The Banking Act provides that, in the event an ADI becomes unable to meet its obligations or suspends payment, the ADI’s assets in Australia are available to meet specified liabilities of the ADI in priority to all other liabilities of the ADI (including, in the case of the Issuer, any Notes issued under the Programme). These specified liabilities include certain obligations of the ADI to the Australian Prudential Regulation Authority (“APRA”) in respect of amounts payable by APRA to holders of protected accounts, other liabilities of the ADI in Australia in relation to protected accounts, debts to the Reserve Bank of Australia and certain other debts to APRA. A “protected account” is, subject to certain conditions including as to currency and unless prescribed otherwise by regulations, an account or a specified financial product: (a) where the ADI is required to pay the account-holder, on demand or at an agreed time, the net credit balance of the account, or (b) otherwise prescribed by regulation. The Australian Treasurer has published a declaration of products prescribed as protected accounts for the purposes of the Banking Act. Changes to applicable law may extend the liabilities required to be preferred by law.

Any Notes issued under the Programme will not represent a protected account of, or a deposit with, the Issuer. The liabilities which are preferred by law to the claim of a holder of a Note issued under the Programme will be substantial and the Conditions of the Notes do not limit the amount of such liabilities which may be incurred or assumed by the Issuer from time to time.

The offer or sale of any Notes under the Programme will not require disclosure under Part 6D.2 or Part 7.9 of the Corporations Act 2001 of Australia (the “Corporations Act”) as the Issuer is an ADI under the Banking Act and section 708(19) of the Corporations Act provides that an offer of an ADI’s debentures for issue or sale does not need such disclosure. Accordingly, this Programme Circular has not been, nor will be, lodged with nor registered by the Australian Securities and Investments Commission (“ASIC”).

### **STABILISATION**

**In connection with the issue of any Tranche of Notes, one or more relevant Dealers (the “Stabilisation Manager(s)”) (or persons acting on behalf of any Stabilisation Manager(s)) may, outside of Australia and on a financial market operated outside of Australia, over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation**

**Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.**

## **Risk Factors**

*In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Programme Circular a number of factors which could materially adversely affect its businesses and ability to make payments due under the Notes.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued by the Issuer under the Programme are also described below.*

*Prospective investors should also read the detailed information set out elsewhere in this Programme Circular and reach their own views prior to making any investment decision.*

*Notwithstanding anything in these risk factors, these risk factors should not be taken as implying that the Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List or that the Issuer will be unable to comply with its obligations as a supervised firm regulated by the United Kingdom Prudential Regulation Authority and the FCA.*

*Words and expressions defined in "Form of the Notes" and "Conditions of the Notes" and not otherwise defined shall have the same meanings when used herein.*

### **FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME**

***The Issuer is subject to extensive regulation and an environment of political scrutiny, which could adversely impact its operations and financial position***

The Issuer and its businesses are subject to extensive regulation in Australia and other jurisdictions in which the Issuer operates or obtains funding, including New Zealand, the United Kingdom, the United States, Singapore, South Africa, Indonesia and China.

APRA, as the key banking regulator in Australia, has very wide powers under the Banking Act, including in limited circumstances to direct banks (including the Issuer) not to make payments. In addition to its key Australian regulators, a range of international regulators and authorities supervise and regulate the Issuer in respect of, among other areas, capital adequacy, liquidity levels, funding, provisioning, insurances, compliance with prudential regulation and standards, remuneration, data access, stock exchange listing requirements, and its compliance with relevant financial crime, sanction, privacy, taxation, competition, consumer protection and securities trading laws.

The Issuer and the wider financial services industry are facing increased regulation in many of these areas and jurisdictions, and changes or new regulation in one part of the world could lead to changes elsewhere.

Any change in law, regulation, policy or practice of regulators, or failure to comply with laws, regulation or policy, may adversely affect the Issuer's business, prospects, performance or financial position of the Issuer, its reputation, and its ability to execute its strategy, either on a short-term or long-term basis. The potential impacts of regulatory change are wide, and could include increasing the levels and types of capital the Issuer is required to hold, restricting the way the Issuer can conduct its business and the nature of that business, such as the types of products that it can offer to customers.

The Issuer may also be adversely affected if the pace or extent of such change exceeds its ability to implement these changes and embed appropriate compliance processes adequately. The pace of regulatory change means that the regulatory context in which the Issuer operates is often uncertain and complex.

*Regulatory reforms*

Examples of significant regulatory reform under development in Australia include the Australian Government's Consumer Data Right in the banking sector (Open Banking) and APRA's proposals to revise the capital framework for ADIs.

The finalisation of the capital reforms may have further changes to the risk-weighting framework for certain asset classes, which are expected to increase CBA's risk-weighted assets and accordingly (all things being equal) reduce CBA's Common Equity Tier 1 ratio.

Moreover key reforms emanating from the 2017 – 18 budget are being implemented by the Issuer. For example, amendments to the Banking Act 1959 (Cth) will introduce the Banking Executive Accountability Regime ("BEAR"), to be enforced by APRA. As a large ADI, BEAR will apply to the Issuer from 1 July 2018. BEAR is intended to strengthen frameworks for the accountability of senior executives and directors of ADIs and their subsidiaries. The obligations with which the Issuer must comply under BEAR are accountability, key personnel, notification and deferred remuneration obligations.

#### *Other regulatory and political developments*

There is currently an environment of heightened scrutiny on the Australian financial services industry. Examples of industry-wide scrutiny, which could lead to future changes in regulation are:

(i) The Royal Commission

The Royal Commission was established on 14 December 2017. Inquiries and announcements such as the Royal Commission can involve additional costs and can adversely affect investor confidence. If regulatory action is taken, or changes in law, regulation or policy implemented, as a result of the Royal Commission, those changes may adversely affect the Issuer's business, reputation, financial performance or operations.

(ii) The Productivity Commission's review into competition in the Australian financial system

The Productivity Commission, an independent research and advisory body to the Australian Government, commenced a review of productivity and competitiveness of the Australian financial system in July 2017 with a view to improving consumer outcomes while balancing financial stability objectives. The final report is expected to be published in July 2018.

#### ***The Issuer's business could be negatively impacted by substantial legal liability or regulatory action***

Due to the nature of the Issuer's business, it is involved in litigation, arbitration and regulatory proceedings, principally in Australia and New Zealand. Such matters are subject to many uncertainties, and the outcome of individual matters cannot be predicted with certainty. If the Issuer is ordered to pay money (for example, damages, fines, penalties or legal costs), has orders made against its assets (for example, a charging order or writ of execution), is ordered to carry out actions which adversely affect its business operations or reputation (for example, corrective advertising) or is otherwise subject to adverse outcomes of litigation, arbitration and regulatory proceedings, the Issuer's profitability may be adversely affected. The Issuer's reputation may also be damaged.

For example, the civil penalty proceedings commenced by the Australian Transaction Reports and Analysis Centre ("AUSTRAC") on 3 August 2017 (the "AUSTRAC Proceedings") against the Issuer, the AUSTRAC related class actions, the ASIC investigation, the findings of APRA's Prudential Inquiry with the related enforceable undertaking and the proceedings commenced by ASIC in respect of claims of manipulation by the Issuer of the Bank Bill Swap Rate ("BBSW") together with other current or future litigation or actions could result in penalties and costs, reputational damage, contractual damage claims, class actions or other claims by impacted stakeholders of the Issuer (such as other regulators). On 4 June 2018 the Issuer announced that it had entered into an agreement with AUSTRAC to resolve the AUSTRAC Proceedings which would require the Issuer to pay a civil penalty of A\$700 million. The Federal Court of Australia (the "Court") approved this agreement between the Issuer and AUSTRAC on 20 June 2018. On 9 May 2018, the Issuer announced that it had reached an in-principle agreement with ASIC to settle the legal proceedings in relation to claims of manipulation by the Issuer of the BBSW. The Issuer agreed to pay a A\$5 million penalty to ASIC, A\$15 million to a financial consumer protection fund and A\$5 million towards ASIC's costs of the litigation and its

investigation. On 21 June 2018, the Court approved the settlement with ASIC in respect of these legal proceedings.

***The Issuer may be adversely affected by damage to its reputation***

The Issuer's reputation is a valuable asset which is a key contributor to the support that it receives from the community for its business initiatives and its ability to raise funding or capital. Damage to its reputation may arise where there are differences between stakeholder expectations and the Issuer's actual or perceived practices. The risk of reputational damage may also be a secondary outcome of other sources of risk.

Various issues, including a number of the risks described herein, may give rise to reputational damage and cause harm to the Issuer's business and prospects. These include the conduct of the Issuer (for example, inadequate sales and trading practices, inappropriate management of conflicts of interest and other ethical issues), breaches of legal and regulatory requirements (such as money laundering, trade sanctions and privacy laws), technology and information security failures, unsuccessful strategies or strategies that are not in line with community expectations and non-compliance with internal policies and procedures. The Issuer's reputation may also be adversely affected by community perception of the broader financial services industry, or from the actions of its competitors, customers, suppliers, or companies in which the Issuer holds strategic investments.

Failure, or perceived failure, to address these issues appropriately could also give rise to additional legal or regulatory risk, subjecting the Issuer to regulatory enforcement actions, fines and penalties, or further damage its reputation and integrity among its stakeholders including customers, investors and the community

***The Issuer may be adversely affected by deteriorations in the global financial markets***

By the nature of its operations in various financial markets, the Issuer has previously been adversely impacted, both directly and indirectly, by difficult market conditions and could be adversely affected should markets deteriorate again in the future. The financial system (or systems) within which it operates may experience systemic shock due to market volatility, political or economic instability or catastrophic events.

A shock or deterioration to the global economy could result in currency and interest rate fluctuations and operational disruptions that negatively impact the Issuer. For example, global economic conditions may deteriorate to the extent that: counterparties default on their debt obligations; countries re-denominate their currencies and/or introduce capital controls; one or more major economies collapse; and/or global financial markets cease to operate, or cease to operate efficiently. Sovereign defaults may adversely impact the Issuer directly, through adversely impacting the value of the Issuer's assets, or indirectly through destabilising global financial markets, adversely impacting the Issuer's liquidity, financial performance or ability to access capital.

***The Issuer may be adversely impacted by a downturn in the Australian and New Zealand economies***

As the Issuer's businesses are primarily located in Australia and New Zealand, its performance is dependent on the state of these economies, customer and investor confidence, and prevailing market conditions in these two countries.

The Issuer can give no assurances as to the likely future conditions of the Australian and New Zealand economies, which can be influenced by many factors within and outside these countries, which are outside of its control, including domestic and international economic events, political events, natural disasters and any other event which impacts global financial markets.

China is one of Australia's major trading partners and a significant driver of commodity demand and prices in the markets in which the Issuer and its customers operate. Anything that adversely affects its economic growth could adversely affect Australian economic activity and, as a result, the Issuer's business, operations and financial condition.

The strength of the domestic economy is influenced by the strength of the Australian dollar. Significant movements in the Australian dollar may adversely impact parts of the domestic economy and, in turn, the Issuer's results of operations (see "*The Issuer may be adversely affected by market risks, including exchange rates*").

A material downturn in the Australian and/or New Zealand economies could adversely impact future results by reducing customers' demand for the Issuer's products and borrowers' abilities to repay their loans to the Issuer (i.e. credit risk). In particular, given the Issuer's concentration of earnings in home loans, a significant or sustained decrease in the Australian and New Zealand housing markets or property valuations could adversely affect the Issuer's home and commercial mortgage portfolio and future results.

***The Issuer may incur losses associated with counterparty exposures***

The Issuer assumes counterparty risk in connection with its lending, trading, derivatives, insurance and other businesses. For example, customers may default on their home, personal and business loans, and trades may fail to settle due to non-payment by a counterparty or a systems failure by clearing agents, exchanges, or other financial intermediaries. This risk also arises from the Issuer's exposure to lenders' mortgage insurance and re-insurance providers. There is also a risk that the Issuer's rights against counterparties may not be enforceable in certain circumstances.

Counterparties may default on their obligations due to insolvency, lack of liquidity, operational failure or other reasons. This risk may be increased by a deterioration in economic conditions and a sustained high level of unemployment. In assessing whether to extend credit or enter into other transactions, the Issuer relies on counterparties providing information that is accurate and not misleading, including financial statements and other financial information.

***The Issuer's results may be adversely affected by liquidity and funding risks***

The Issuer is subject to liquidity and funding risks, which could adversely impact its future results. Liquidity risk is the risk of being unable to meet financial obligations as and when they fall due. Funding risk is the risk of over reliance on a funding source to the extent that a change or increased competition in that funding source could increase overall funding costs or cause difficulty in raising funds.

Further information on liquidity and funding risk is outlined in the following sub-sections and is also included in the Annual Report 2017 available at [www.commbank.com.au/investors/annual-report.html](http://www.commbank.com.au/investors/annual-report.html).

(i) Adverse credit market conditions

While the majority of the Issuer's funding comes from deposits, it remains reliant on off-shore wholesale funding markets to source a significant amount of its funding.

Global market volatility may adversely impact the cost and the Issuer's ability to access wholesale funding markets, and may also result in increased competition for, and therefore the cost of, deposits in Australia.

If the Issuer is unable to pass its increased funding costs on to its customers, its financial performance will decline due to lower net interest margins. If the Issuer is unable to source appropriate and timely funding, it may also be forced to reduce its lending or consider selling assets.

(ii) The Issuer's ability to maintain adequate levels of liquidity and funding

The Issuer's liquidity and funding policies are designed to ensure that it will meet its debts and other obligations as and when they fall due. Although the Issuer actively monitors and manages its liquidity and funding positions, there are factors outside of its control which could adversely affect these positions, for example, if financial markets are closed for an extended period of time.

(iii) Failure to maintain credit ratings

The Issuer's credit ratings affect the cost and availability of its funding from debt and other funding sources. Credit ratings could be used by potential customers, lenders and investors in deciding whether to transact with or invest in the Issuer.

A downgrade to the Issuer's credit ratings, or the ratings of the Commonwealth of Australia, could adversely affect the Issuer's funding and capital costs (including the availability of funding and capital), collateral requirements, liquidity position and global competitiveness

See "Risks related to the market generally – Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes" below.

***The Issuer may be adversely affected by capital adequacy risk***

The Issuer operates an Internal Capital Adequacy Assessment Process (the “ICAAP”) to manage its capital levels and to maintain them above the minimum levels approved by the board of the Issuer (which are already set to exceed regulatory requirements). The ICAAP includes forecasting and stress testing of capital levels, which guide the Issuer in selecting any capital management initiatives it may undertake.

Should the ICAAP forecasts or stress tests not be adequate or comprehensive, the Issuer may not be holding sufficient capital and may need to raise capital to manage balance sheet growth and/or extreme stress.

***The Issuer may be adversely affected by market risks, including exchange rates***

The Issuer is exposed to market risks, including the potential for losses arising from adverse changes in interest rates, foreign exchange rates, commodity and equity prices, credit spreads and implied volatility levels for assets and liabilities where options are transacted. This exposure is split between traded market risks, primarily through providing services to customers on a global basis, and non-traded market risks, predominantly interest rate risk in the banking book.

A significant proportion of the Issuer’s wholesale funding and some of its profits and investments are in currencies other than the Australian dollar. This exposes it to exchange rate risk on these activities, as its functional and financial reporting currency is the Australian dollar. These activities are hedged where appropriate, however there are also risks associated with hedging, for example, a hedge counterparty may default on its obligations to the Issuer.

***The Issuer may incur losses from operational risks***

Operational risk is defined as the risk of economic gain or loss resulting from: (i) inadequate or failed internal processes and methodologies; (ii) people; (iii) systems and models used in making business decisions; or (iv) external events.

The Issuer’s use of third party suppliers and third party partnerships, especially those where they supply the Issuer with critical services such as key technology systems or support, also expose it to operational risks, including the potential for a severe event at a third party (or adversely impacting a third party) to impact the Issuer.

The Issuer’s businesses are highly dependent on their ability to process and monitor a very large number of transactions, many of which are highly complex, across multiple markets and in many currencies. The Issuer’s financial, accounting, record-keeping, data processing or other operating systems, processes and facilities may fail to function properly or may become disabled as a result of events that are wholly or partly outside of its control, such as a spike in transaction volumes, damage to critical utilities, environmental hazard, natural disaster, or failure of vendors’ systems. The Issuer could suffer losses due to impairment of assets, including software, goodwill and other intangible assets.

There is also a risk that poor decisions may be made due to data quality issues, models that are not fit for purpose, or inappropriate data management. This may cause the Issuer to incur losses, or result in regulatory action.

The Issuer may also be adversely impacted by failures in the efficacy, adequacy or implementation of its risk management strategies, frameworks and processes. The emergence of unexpected risks or unanticipated impacts of identified risks may result in financial or reputational losses for the Issuer.

***The Issuer is subject to compliance risks, which could adversely impact its future results***

Compliance risk is the risk of legal or regulatory sanctions, material financial loss, or loss of reputation that the Issuer may suffer as a result of its failure to comply, or perceived failure to comply, with the requirements of relevant laws, regulatory bodies, industry standards and codes. Increasing volume, complexity and global reach of such requirements, and the increased propensity for sanctions and the level of financial penalties for breaches of requirements, could have an adverse impact on the Issuer.

This includes for example, financial crime related obligations such as anti-money laundering and counter-terrorism financing laws, anti-bribery and corruption laws and economic and trade sanctions laws in the

jurisdictions in which it operates. The number and wide reach of these obligations, combined with the increasing global focus on compliance with and enforcement of these obligations, presents a risk of adverse impacts on the Issuer including to its reputation.

Compliance risk may also arise where the Issuer interprets its obligations differently to regulators or a court.

***The Issuer may be adversely impacted by information security risks, including cyber-attacks***

The Issuer's businesses are highly dependent on its information technology systems, including those supplied by external service providers, to securely process, store and transmit information. Information security risks for the Issuer, as for any other large financial institution, have increased in recent years, in part because of: (i) the pervasiveness of technology to conduct financial transactions; (ii) the evolution and development of new technologies; (iii) the Issuer's plans to continue to invest in digital channels; (iv) customers' increasing use of personal devices that are beyond the Issuer's control systems; and (v) the increased sophistication and broadened activities of cyber criminals.

An information security failure could have serious consequences for the Issuer, including operational disruption, financial losses, a loss of customer or business opportunities, litigation, regulatory penalties or intervention, reputational damage, theft of intellectual property, loss or theft of customer data, and could result in violations of applicable privacy laws, all of which could adversely impact the Issuer.

***The Issuer may incur losses as a result of the inappropriate conduct of its staff***

The Issuer could be adversely affected if an employee, contractor or external service provider does not act in accordance with regulations or its policies and procedures, engages in inappropriate or fraudulent conduct, or unintentionally fails to meet a professional obligation to specific clients. Examples are product defects and unsuitability, market manipulation, insider trading, privacy or data security breaches, misleading or deceptive conduct in advertising and inadequate or defective financial advice. As a result, the Issuer could incur losses, financial penalties and reputational damage, and be subject to legal or regulatory action.

***The Issuer may be adversely affected by human capital risk***

The Issuer may be unable to attract, develop, motivate and retain its people to meet current and future business needs. This could result in poor financial and customer outcomes and a reduced ability to deliver in-line with customer and other stakeholders' expectations.

***The Issuer may be adversely impacted by insurance risk***

Events that the CBA group has provided insurance against may occur more frequently or with greater severity than anticipated. In the life insurance business, this risk arises primarily through mortality (death) and morbidity (illness and injury) related claims being greater than expected. In the general insurance business, this risk is mainly driven by weather related incidents (such as storms, floods or bushfires) and other calamities.

***The Issuer's results could be adversely impacted by strategic risks***

Strategic risk is the risk of material value destruction or less than planned value creation, due to an ineffective strategy. Many of the risks within this category are described herein. Other examples of strategic risks include:

- suboptimal strategic planning with regard to the strategic assets and/or capabilities required to enable delivery of strategy (for example, resource allocation processes that do not align to strategic objectives); and
- the inability of the Issuer to keep pace with changes in customer preferences and/or technology.

While the board of the Issuer receives reports on and monitors business plans, major projects and the implementation of other significant initiatives, there can be no assurance that such plans, projects or initiatives will always be successful, or that they will not result in financial or reputational losses.

***The Issuer could be adversely impacted by investor activism***

In recent times, the Issuer has been increasingly challenged on its strategy by shareholders, including institutional shareholders, and special interest groups. Areas which have attracted investor activism in Australia include making socially responsible investment and avoiding financing or interacting with businesses that do not

demonstrate responsible management of environmental and social issues. The prevalence of investor activism could adversely impact management's decision-making and implementation of the Issuer's initiatives, which in turn could adversely affect its financial results.

***The Issuer is subject to intense competition which may adversely affect its performance***

The Issuer faces intense competition in all of its principal areas of operation. Competition is expected to increase, especially from non-Australian financial services providers who continue to expand in Australia, and from new non-bank entrants or smaller providers who may be unregulated or subject to lower or different prudential and regulatory standards than the Issuer and are therefore able to operate more efficiently. These entrants may seek to disrupt the financial services industry by offering bundled propositions and utilising new technologies.

If the Issuer is unable to compete effectively in its various businesses and markets, its market share may decline and increased competition may also adversely affect the Issuer's results by creating pressure to lower margins.

***The Issuer's performance and financial position may be adversely affected by acquisitions or divestments of businesses***

From time to time, the Issuer evaluates and undertakes acquisitions of other businesses. The Issuer may not achieve the expected synergies from the acquisition, and may experience disruptions to its existing businesses due to difficulties in integrating the systems and processes of the acquired business. This may cause the Issuer to lose customers and market share, and incur financial losses. Multiple acquisitions at the same time may exacerbate these risks.

In relation to divestments, the Issuer may divest businesses or capabilities it considers non-core or wind down businesses or product areas. For example, the Issuer is currently undertaking changes to its Wealth Management business.

The Issuer may experience disruptions in the divestment, transition or wind down process, including to existing businesses, which may cause customers to remove their business from the Issuer or have other adverse impacts on the Issuer.

***The Issuer could suffer losses due to climate change or catastrophic events***

The Issuer recognises that climate change poses a significant risk to the environment, economy and society. This includes physical risks, such as increases in temperatures, sea levels and the frequency and severity of adverse weather events, as well as risks introduced by the transition to a low carbon economy, such as those arising from changes in government policy or the rates of development or adoption of new low-carbon technologies.

The Issuer and its customers operate businesses and hold assets in a diverse range of geographical locations and industries that may be adversely affected by these effects of climate change.

Any significant external catastrophic event (including fire, storm, flood, earthquake, pandemic or other widespread health emergency, civil unrest, war or terrorism) in a location where the Issuer or its customers operate businesses and hold assets has the potential to disrupt business activities, impact the Issuer's operations, damage property and otherwise affect the value of assets held in the affected locations and its ability to recover amounts owing to it. Climate change may impact the frequency or severity of some of these catastrophic events.

**FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME**

**Risks related to the structure of a particular issue of Notes**

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

***If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.***

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

***If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.***

Fixed/Floating Rate Notes bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

***Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates***

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

***Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR, and other regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"***

On 27 July 2017, the Chief Executive of the FCA, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

In addition to this announcement in relation to LIBOR, there have been other recent national and international regulatory guidance and proposals for reform of interest rates and indices which are deemed to be "benchmarks", including LIBOR and EURIBOR. Some of these reforms are already effective whilst others are still to be implemented. These reforms could include, among other things, reforms to other "benchmarks" similar to those reforms announced in relation to LIBOR, and any such reforms may cause such "benchmarks" to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the value or liquidity of, and return on, any Floating Rate Notes or any other Notes which are linked to or reference a "benchmark".

The Benchmarks Regulation was published in the Official Journal of the European Union (the "EU") on 29 June 2016 and applies from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities

of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

More broadly, any of the international or national reforms (including those announced in relation to LIBOR and the application of any similar reforms to other "benchmarks"), or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks": (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark"; or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a "benchmark".

Investors should be aware that in the case of Floating Rate Notes, the Conditions of the Notes provide for certain fallback arrangements in the event that a published Benchmark, including an inter-bank offered rate such as LIBOR, EURIBOR or other relevant reference rates ceases to exist or be published or another Benchmark Event occurs. These fallback arrangements include the possibility that the Rate of Interest could be determined by reference to a Successor Rate or an Alternative Rate and that an Adjustment Spread may be applied to such Successor Rate or Alternative Rate to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the relevant benchmark or screen rate (as applicable) originally specified with the Successor Rate or the Alternative Rate (as the case may be), together with the making of certain Benchmark Amendments to the Conditions of such Notes, which in the case of any Alternative Rate, any Adjustment Spread unless formally recommended or provided for and any Benchmark Amendments shall be determined by the Issuer (acting in good faith and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser).

In certain circumstances the ultimate fallback for the purposes of calculation of interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page or the initial Rate of Interest applicable to such Notes on the Interest Commencement Date. In addition, due to the uncertainty concerning the availability of any Successor Rate or Alternative Rate, any determinations that may need to be made by the Issuer and the involvement of any Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value or liquidity of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes.

### **Risks related to Notes generally**

Set out below is a description of material risks relating to the Notes generally:

#### ***Investments in Notes are not deposit liabilities or protected accounts under the Banking Act***

Investments in Notes are an investment in the Issuer and may be affected by the on-going performance, financial position and solvency of the Issuer. Notes are not deposit liabilities or protected accounts under the Banking

Act. Therefore, Notes are not guaranteed or insured by any Australian government, government agency or compensation scheme of Australia or any other jurisdiction.

### ***Insolvency laws***

In the event that the Issuer becomes insolvent, insolvency proceedings in respect of the Issuer will be governed by Australian law. Potential investors should be aware that Australian insolvency laws are different from the insolvency laws in other jurisdictions. In particular, the voluntary administration procedure under the Corporations Act, which provides for the potential re-organisation of an insolvent company, differs significantly from similar provisions under the insolvency laws of other jurisdictions.

***Noteholders' ability to enforce certain rights in connection with the Notes may be limited or affected by reforms to Australian insolvency legislation relating to "ipso facto" rights.***

On 18 September 2017 the Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (the "Treasury Act") received Royal Assent and was enacted. The Treasury Act contains reforms to Australian insolvency laws. Under the Treasury Act, any right under a contract, agreement or arrangement (such as a right entitling a creditor to terminate a contract or to accelerate a payment under a contract) arising merely because a company, among other circumstances, is under administration, has appointed a managing controller or is the subject of an application under section 411 of the Corporations Act (i.e. "ipso facto rights"), will not be enforceable during a prescribed moratorium period.

The Treasury Act takes effect on 1 July 2018 and applies to ipso facto rights arising under contracts, agreements or arrangements entered into at or after that date, subject to certain exclusions. On 21 June, the Australian Government introduced the Corporations Amendment (Stay on Enforcing Certain Rights) Regulations 2018 (the "Regulations") which sets out the types of contracts that will be excluded from the operation of the stay on the enforcement of ipso facto rights. The draft Regulations indicate that a contract, agreement or arrangement under which a company incorporated in Australia issues or may issue securities such as the Notes may be exempt from the moratorium.

The Regulations provide that a contract, agreement or arrangement that is, or governs securities, financial products, bonds or promissory notes will be exempt from the moratorium. Furthermore, a contract, agreement or arrangement under which a party is or may be liable to subscribe for, or to procure subscribers for, securities, financial products, bonds or promissory notes is also excluded from the stay. Accordingly, the Regulations should exclude the Notes and certain other arrangements under the Programme from the stay. However, as the Act and the Regulations are new to the insolvency regime in Australia, they have not been the subject of judicial interpretation. If the Regulations are determined not to exclude the Notes or any other arrangements relating to the Programme, from their operation under the exclusions mentioned above or any other exclusion under the Regulations, this may render unenforceable in Australia provisions of the Notes or the Programme conditioned solely on the occurrence of events giving rise to ipso facto rights.

***The conditions of the Notes contain provisions which may permit their modification without the consent of all investors.***

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally, including modifications of the Conditions. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority and therefore there is no guarantee that the resolutions approved will be consistent with the interests and/or the votes cast by each Noteholder.

### ***Substitution of the Issuer***

If the conditions set out in the Conditions of the Notes are met, the Issuer may, without the consent or sanction of the Noteholders, substitute in its place a new issuer as debtor in respect of all obligations arising under or in connection with the Notes (the "Substituted Company"). In that case, the Noteholders will also assume the insolvency risk with regard to the Substituted Company.

***The value of the Notes could be adversely affected by a change in English law or administrative practice.***

The Conditions of the Notes are based on English law in effect as at the date of this Programme Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Programme Circular. Any such change could materially adversely impact the value of any Notes affected by it.

***Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.***

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed or issued) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

***The Notes will not have any covenant restricting the incurrence of liens for the benefit of other external indebtedness of the Issuer***

As at the date of this Programme Circular, a significant amount of the Issuer's long term indebtedness has the benefit of a covenant that the Issuer will not create or have outstanding any mortgage, pledge or other charge, upon or with respect to, any of its present or future assets or revenues to secure repayment of, or to secure any guarantee or indemnity in respect of, any "external indebtedness" (as defined below) without according the same to the holders of that long term indebtedness. This covenant has not been given for the benefit of holders of any Notes issued under the Programme the terms and conditions of which are contained in the Programme Circular dated 13 October 2011 or any Programme Circular published by the Issuer after this date and will not be given for the benefit of the holders of any Notes, the terms and conditions of which are those contained in this Programme Circular.

As used in the previous paragraph, "external indebtedness" means any obligation for the repayment of borrowed money in the form of or represented by bonds, notes, debentures or other securities:

- (i) which are initially offered outside the Commonwealth of Australia with the consent of the Issuer in an amount exceeding 50 per cent. of the aggregate nominal amount of the relevant issue; and
- (ii) which are, or are capable of being, quoted, listed or ordinarily traded on any stock exchange or on any recognised securities market.

#### **Risks related to the market generally**

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

***An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes***

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market at prices higher than the relevant investor's initial investment. Therefore, in establishing their investment strategy, investors should ensure that the term of the Notes is in line with their future liquidity requirements.

This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Each of the Issuer and any Dealer may, but is not obliged to, at any time purchase Notes at any price in the open market or by tender or private treaty. To the extent that an issue of Notes becomes illiquid, an investor may have to hold the relevant Notes until maturity before it is able to realise value.

***Investors may receive less in the secondary market than their initial investment***

If it is possible to sell Notes, they would be sold for the prevailing bid price in the market and may be subject to a transaction fee. The prevailing bid price may be affected by several factors including prevailing interest rates at the time of sale, the time left before the stated maturity date and the creditworthiness of the Issuer. It is therefore possible that an investor selling Notes in the secondary market may receive a price less than that investor's initial investment in the relevant Notes.

***Impact of implicit fees on the Issue/Offer Price of the Notes***

Investors should note that implicit fees (e.g. placement fees, direction fees, structuring fees) may be a component of the Issue/Offer Price of Notes, but such fees will not be taken into account for the purposes of determining the price of such Notes in the secondary market.

The Issuer will specify in the applicable Final Terms, the type and amount of any implicit fees which are applicable from time to time.

Investors should also take into consideration that if Notes are sold on the secondary market immediately following the offer period relating to such Notes, the implicit fees included in the Issue/Offer Price on initial subscription for such Notes will be deducted from the price at which such Notes may be sold in the secondary market.

***If an investor holds Notes which are not denominated in the investor's home currency, that investor will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.***

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The above risks may be increased if any Specified Currency and/or an Investor's Currency is the currency of an emerging market jurisdiction.

***The value of Fixed Rate Notes may be adversely affected by movements in market interest rates***

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

***Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes***

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time (including as a result of any change in rating methodology). In addition actual or anticipated changes in the credit ratings of the Notes will generally affect any trading for, or trading value of, the Notes.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Programme Circular.

***Changes in any applicable tax law or practice may have an adverse effect on a Noteholder***

Any relevant tax law or practice applicable as at the date of this Programme Circular and/or the date of purchase or subscription of any Notes may change at any time (including during any subscription period or the term of any Notes). Any such change may have an adverse effect on a Noteholder, including that Notes may be redeemed before their due date, their liquidity may decrease and/or the tax treatment of amounts payable or receivable by or to an affected Noteholder may be less than otherwise expected by such Noteholder.

***Potential conflicts of interest***

Where the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Notes that may influence the amount receivable on redemption of the Notes.

**Risks relating to Notes denominated in Renminbi**

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi (“Renminbi Notes”):

*Renminbi is not completely freely convertible, there are still significant restrictions on remittance of Renminbi into and out of the PRC and the liquidity of investments in Renminbi Notes is subject to such restrictions*

Renminbi is not completely freely convertible as of the date of this Programme Circular. The government of the PRC (the “PRC Government”) continues to regulate conversion between Renminbi and foreign currencies despite significant reduction in the control by the PRC Government in recent years over trade transactions involving the import and export of goods and services, as well as other frequent routine foreign exchange transactions. These transactions are known as current account items. Participating banks in Hong Kong and a number of other jurisdictions (the “Applicable Jurisdictions”) have been permitted to engage in the settlement of current account trade transactions in Renminbi; however, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are (as of the date of this Programme Circular) being developed.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further implementing accessibility to Renminbi to settle cross-border transactions in foreign currencies were implemented by The People's Bank of China (the "PBoC") in 2018, there is no assurance that the PRC Government will liberalise control over cross-border remittance of Renminbi in the future, or that new regulations in the PRC will not be promulgated in the future that have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Notes.

*There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Notes*

As a result of the restrictions imposed by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

The PBoC has established a Renminbi clearing and settlement mechanism for participating banks in the Applicable Jurisdictions through settlement agreements (the "Settlement Agreements") with certain banks (each a "RMB Clearing Bank") to act as the RMB clearing bank in the Applicable Jurisdictions. The current size of Renminbi-denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in relation to cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC. The relevant RMB Clearing Bank only has access to onshore liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions. The relevant RMB Clearing Bank is not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended so as to have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of investments in the Renminbi Notes. To the extent that the Issuer is required to source Renminbi outside the PRC to service the Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Although the Issuer's primary obligation is to make all payments with respect to Renminbi Notes in Renminbi, where a Renminbi Currency Event is specified in the applicable Final Terms, in the event access to Renminbi becomes restricted to the extent that, by reason of RMB Inconvertibility, RMB Non-Transferability or RMB Illiquidity (each as defined in Condition 7(l)), the Issuer is unable to make any payment in respect of the Renminbi Note in Renminbi, the terms of such Renminbi Notes will permit the Issuer to make payment in U.S. dollars converted at the Spot Rate, all as provided in Condition 7(l). The value of these Renminbi payments in U.S. dollar terms may vary with the prevailing exchange rates in the market place.

*An investment in Renminbi Notes is subject to exchange rate risks*

The value of the Renminbi against the U.S. dollar and other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions and by many other factors. In August 2015, the PBoC implemented changes to the way it calculates the midpoint against the U.S. dollar to take into account market-maker quotes before announcing the daily midpoint. This change and others that may be implemented, may increase the volatility in the value of Renminbi against other currencies. All payments of interest and principal with respect to Renminbi Notes will be made in Renminbi unless a RMB Currency Event is specified in the applicable Final Terms, and a RMB Currency Event occurs, in which case payment will be made in U.S. dollars. As a result, the value of these Renminbi payments in U.S. dollar or other foreign currency terms may vary with the prevailing exchange rates in the marketplace. If the value of the Renminbi depreciates against the U.S. dollar or other applicable foreign currencies, then the value of an

investor's investment in Renminbi Notes in terms of the U.S. dollar or other applicable foreign currency will decline.

*An investment in fixed rate Renminbi Notes is subject to interest rate risks*

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. If a Renminbi Note carries a fixed interest rate, then the trading price of such Renminbi Notes will vary with fluctuations in Renminbi interest rates. If an investor in Renminbi Notes tries to sell such Renminbi Notes before their maturity then they may receive an offer that is less than the amount invested.

*Payments for Renminbi Notes will be made to investors in the manner specified in the Conditions.*

Investors might be required to provide certificates and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong or such other RMB Settlement Centre(s) as may be specified in the applicable Final Terms. Except in the limited circumstances stipulated in Condition 7(l), all payments to investors in respect of Renminbi Notes will be made solely: (i) whilst the Renminbi Notes are represented by a Global Note held with the common depositary, for Euroclear and Clearstream, Luxembourg (each as defined in the "Form of the Notes"), with a sub-custodian for CMU or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong or such other RMB Settlement Centre(s) in accordance with prevailing Euroclear and Clearstream, Luxembourg rules and procedures or those of the CMU or such alternative clearing system, or (ii) for so long as such Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong or such other RMB Settlement Centre(s) in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Any non-incorporated parts of a document referred to herein are either (i) not considered by the Issuer to be relevant for prospective investors in the Notes to be issued under the Programme or (ii) covered elsewhere in this Programme Circular.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Programme Circular which is capable of affecting the assessment of any Notes issued by it, prepare a supplement to this Programme Circular or publish a new Programme Circular for use in connection with any subsequent issue of Notes. The Issuer has undertaken to the Dealers in the Programme Agreement (as defined in "Subscription and Sale") that it will comply with section 87G of the FSMA.

## Form of the Notes

The Notes of each Series will be in either bearer form (“Bearer Notes”), with or without interest coupons attached, or registered form (“Registered Notes”), without interest coupons attached. Notes will be issued outside the United States in reliance on the exemption from registration provided by Regulation S under the Securities Act (“Regulation S”).

### **Bearer Notes**

Each Tranche of Bearer Notes will initially be represented by one or more temporary global Notes in bearer form (a “Temporary Bearer Global Note”) without Coupons, or Talons (each as defined in “Conditions of the Notes”) which will be deposited on the issue date with either (i) a common depository on behalf of Euroclear Bank SA/NV (“Euroclear”) and Clearstream Banking S.A. (“Clearstream, Luxembourg”) or (ii) a sub-custodian for the Hong Kong Monetary Authority (“HKMA”) as operator of the Central Moneymarkets Unit Service (the “CMU Service”).

If an interest payment date for any Bearer Notes occurs whilst such Notes are represented by a Temporary Bearer Global Note, the related interest payment will be made through Euroclear and/or Clearstream, Luxembourg or the CMU Service against presentation of the Temporary Bearer Global Note only to the extent that certification of non-U.S. beneficial ownership (in the form set out in the Temporary Bearer Global Note) has been received by Euroclear or Clearstream, Luxembourg or any entity appointed in relation to the relevant Notes as the CMU Lodging and Paying Agent as specified in the applicable Final Terms (the “CMU Lodging and Paying Agent”).

On or after the date (the “Exchange Date”) which is 40 days after the date on which the Temporary Bearer Global Note is issued, provided that certification of non-U.S. beneficial ownership has been received, interests in the Temporary Bearer Global Note will be exchanged either for (i) interests in a permanent global Note in bearer form (a “Permanent Bearer Global Note” and, together with a Temporary Bearer Global Note, a “Bearer Global Note”) or (ii), at the option of the Issuer, Notes in definitive bearer form. The CMU Service may require that any such exchange for a Permanent Bearer Global Note is made in whole and not in part and in such event, no such exchange will be effected until all relevant account holders (as set out in a CMU Instrument Position Report (as defined in the rules of the CMU Service (the “CMU Rules”)) or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service) have so certified. No payments of interest will be made on a Temporary Bearer Global Note after the Exchange Date.

Payments of principal, premium (if any) or interest (if any) on a Permanent Bearer Global Note will be made through Euroclear or Clearstream, Luxembourg against presentation or surrender, as the case may be, of the permanent global Note without any requirement for certification of non-U.S. beneficial ownership. In respect of a Bearer Global Note held through the CMU Service, any payments of principal, interest (if any) or any other amounts shall be made to the person(s) for whose account(s) interests in the relevant Bearer Global Note are credited (as set out in a CMU Instrument Position Report or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service) and save in the case of final payment, no presentation of the relevant Bearer Global Note shall be required for such purpose.

The applicable Final Terms will specify whether a Permanent Bearer Global Note will be exchangeable in whole for security-printed definitive Bearer Notes upon the occurrence of an Exchange Event. For these purposes, “Exchange Event” means that (i) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg or, in the case of Notes held through the CMU Service, the CMU Service have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (ii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note to be in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event (a) in the case of Notes held by a common depository for Euroclear and/or Clearstream, Luxembourg, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) and/or (b) in the case of Notes

held through the CMU Service, the relevant accountholders therein, may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the Issuer may also give notice to the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent. At present, neither Euroclear nor Clearstream, Luxembourg regard Notes in global form as fungible with Notes in definitive form. Temporary Bearer Global Notes and Permanent Bearer Global Notes and definitive Bearer Notes will be issued by the Principal Paying Agent acting on behalf of the Issuer.

The following legend will appear on all Bearer Notes and Coupons: “Any United States person (as defined in the United States Internal Revenue Code) who holds this obligation will be subject to limitations under the United States income tax laws including the limitations provided in sections 165(j) and 1287(a) of such Code.”

The exchange of a Permanent Bearer Global Note for definitive Bearer Notes upon notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder) or at any time at the request of the Issuer should not be expressed to be applicable in the applicable Final Terms if the Bearer Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency). Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Bearer Global Note exchangeable for definitive Bearer Notes.

### **Registered Notes**

Registered Notes will initially be represented by a global note in registered form (a “Registered Global Note” and, together with a Bearer Global Note, a “Global Note”). Registered Global Notes will be deposited with either (i) a common depository for Euroclear and Clearstream, Luxembourg and will be registered in the name of its nominee or (ii) a sub-custodian for the HKMA as operator of the CMU Service. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Registered Notes.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 7(b)) as the registered holder of the Registered Global Notes. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the definitive Registered Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 7(b)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached only upon the occurrence of an Exchange Event. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, (a) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and/or Clearstream, Luxembourg, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Note) and/or (b) in the case of Notes held through the CMU Service, the relevant accountholders therein, may give notice to the Registrar or, as the case may be, the CMU Lodging and Paying Agent requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar or, as the case may be, the CMU Lodging and Paying Agent.

### **Clearing Systems**

Pursuant to the Agency Agreement (as defined under “*Conditions of the Notes*”), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further

Tranche shall be assigned a common code, ISIN and, where applicable, a CMU instrument number which are different from the common code, ISIN and CMU instrument number assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

For so long as any of the Notes are represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or the CMU Service, each person (other than Euroclear or Clearstream, Luxembourg or the CMU Service) who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg or the CMU Service as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or the CMU Service as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, any Paying Agent and any Transfer Agent or, as the case may be, the CMU Lodging and Paying Agent as the holder of such nominal amount of Notes for all purposes other than with respect to payments on the Notes for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer and any Paying Agent or, as the case may be, the CMU Lodging and Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant Global Note and the terms “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly. Notes held in Euroclear and/or Clearstream, Luxembourg and/or the CMU Service and which are represented by a Global Note will only be transferable, and payment in respect of them will only be made, in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg or the CMU Service, as the case may be. Notwithstanding the above, if a Note is held through the CMU Service, any payment that is made in respect of such Note shall be made at the direction of the bearer or the registered holder to the person(s) for whose account(s) interests in such Note are credited as being held through the CMU Service in accordance with the CMU Rules at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service as to the identity of any accountholder and the principal amount of any Note credited to its account, save in the case of manifest error) and such payments shall discharge the obligation of the Issuer in respect of that payment under such Note.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or the CMU Service shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system agreed between the Issuer, the Principal Paying Agent and the relevant Dealer.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 11. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then the Global Note will become void at 8.00 p.m. (London time) on such day. At the same time holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or the CMU Service, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear, Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the “Deed of Covenant”) dated 3 July 2017 and executed by the Issuer.

## **Applicable Final Terms**

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the Insurance Mediation Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the “Prospectus Directive”). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]<sup>1</sup>

**[MIFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, “MiFID II”)/MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]<sup>2</sup>

## **1 Form, Denomination and Title**

The Notes of this Series are Bearer Notes or Registered Notes as specified in the applicable Final Terms and are in the currency (the “Specified Currency”) and the denominations (the “Specified Denomination(s)”) specified in the applicable Final Terms. Definitive Notes of this Series (if issued) will be serially numbered and Bearer Notes may not be exchanged for Registered Notes and vice versa. This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or any appropriate combination thereof depending upon the Interest Basis specified in the applicable Final Terms or a combination of any of the foregoing, depending on the Redemption/Payment Basis specified in the applicable Final Terms.

If this Note is a definitive Bearer Note, it is issued with Coupons for the payment of interest (“Coupons”) and, if applicable, Talons for further Coupons (“Talons”) attached, unless it is a Zero Coupon Note in which case references to interest (other than in relation to interest due after the Maturity Date) and Coupons or Talons in these Conditions are not applicable. References in these Conditions, except in this paragraph, Condition 7 and Condition 10, to Coupons or Couponholders shall be deemed to include references to Talons or Talonholders.

Subject as set out below, title to the definitive Bearer Notes and the Coupons will pass by delivery and title to the definitive Registered Notes will pass upon the registration of transfers in accordance with the provisions of the Agency Agreement. The holder of each Coupon, whether or not such Coupon is attached to a Bearer Note, in his capacity as such, shall be subject to, and bound by, all the provisions contained in the relevant Note. Subject as set out below, the Issuer, any Paying Agent and any Transfer Agent may (to the fullest extent permitted by applicable laws) deem and treat the bearer of any Bearer Note or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not such Note or Coupon shall be overdue and notwithstanding any notation of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out below. For so long as any Notes are represented by a global Note held on behalf of Euroclear Bank SA/NV (“Euroclear”) and/or Clearstream Banking S.A. (“Clearstream, Luxembourg”), each person who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of Notes for all purposes other than with respect to payments on the Notes for which purpose the bearer of the relevant global Bearer Note or the registered

holder of the relevant global Registered Note shall be treated by the Issuer and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note and the terms “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, except in the preceding paragraph and in Condition 16, wherever the context so permits, be deemed to include a reference to any additional or alternative clearance system specified in Part B of the applicable Final Terms.

Notes which are represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg will only be transferable in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg, as the case may be.

## **2 Transfer**

- (a) Transfers of beneficial interests in global Registered Notes will be effected by Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a global Registered Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for definitive Registered Notes or for a beneficial interest in another global Registered Note only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.
- (b) A definitive Registered Note may be transferred in whole or in part (in the nominal amount of the lowest Specified Denomination or any integral multiple thereof) by the deposit by the transferor of the definitive Registered Note for registration of the transfer at the specified office of a Transfer Agent with the form of transfer endorsed on the definitive Registered Note duly completed and executed by or on behalf of the transferor and upon the relevant Transfer Agent (after due and careful enquiry) being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Issuer and the Registrar may prescribe. Subject as provided above, the relevant Transfer Agent will, within fourteen days of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), deliver at its specified office to the transferee or (at the risk of the transferee) send by mail to such address as the transferee may request a new definitive Registered Note of a like aggregate nominal amount to the definitive Registered Note (or the relevant part of the definitive Registered Note) transferred. In the case of the transfer of part only of a definitive Registered Note, a new definitive Registered Note in respect of the balance of the definitive Registered Note not transferred will be so delivered or (at the risk of the transferor) sent to the transferor.
- (c) In the event of a partial redemption of Notes under Condition 6(c), the Issuer shall not be required to:
  - (i) register the transfer of any definitive Registered Note, or part of a definitive Registered Note, called for partial redemption; or
  - (ii) exchange any definitive Bearer Note called for partial redemption.
- (d) Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than at the specified office of a Transfer Agent or by regular mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.
- (e) The names of the initial Registrar and other initial Transfer Agents and their initial specified offices in respect of this Series of Notes are set out at the end of these Conditions. The Issuer reserves the right at any time to vary or terminate the appointment of the Registrar or any

other Transfer Agent and to appoint another Registrar or additional or other Transfer Agents. Notice of any termination or appointment and of any changes in specified offices will be given to the holders of the Notes of this Series promptly by the Issuer in accordance with Condition 16.

### **3 Status of the Notes**

The Notes of this Series and the relative Coupons (if any) are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank equally among themselves and equally with the Issuer's other present and future unsecured and unsubordinated obligations (except for certain debts that are required to be preferred by applicable law).

Changes to applicable laws may extend the debts required to be preferred by law.

The applicable laws include (but are not limited to) sections 13A and 16 of the Banking Act 1959 of the Commonwealth of Australia (the "Banking Act") and section 86 of the Reserve Bank Act 1959 of the Commonwealth of Australia (the "Reserve Bank Act"). These provisions provide that in the event that the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, the Australian Prudential Regulation Authority, the Reserve Bank of Australia and holders of protected accounts held in Australia, in priority to all other liabilities, including the Notes.

The Notes of this Series are not protected accounts or deposit liabilities of the Issuer for the purposes of the Banking Act.

### **4** *[This Condition is no longer applicable]*

### **5 Interest**

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes.

#### **(a) Interest on Fixed Rate Notes**

This Condition 5(a) applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5(a) for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

- (1)** Each Fixed Rate Note bears interest from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest specified in the applicable Final Terms.

Interest in respect of Fixed Rate Notes will accrue in respect of each Fixed Interest Period. In these Conditions, "Fixed Interest Period" means the period from (and including) an Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Fixed Interest Periods shall be adjusted ("Adjusted Fixed Rate Notes") or unadjusted ("Unadjusted Fixed Rate Notes") as specified in the applicable Final Terms. In the case of Adjusted Fixed Rate Notes, a Business Day Convention shall also be specified in the applicable Final Terms and (where applicable) Interest Payment Dates shall be postponed or brought forward, as the case may be, in accordance with Condition 5(c)(ii).

In the case of Unadjusted Fixed Rate Notes, if the Notes are in definitive form and if Fixed Coupon Amount is specified in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount or the Broken Amount (if any) so specified.

Interest will be paid subject to and in accordance with the provisions of Condition 7 (unless otherwise specified in the applicable Final Terms). Interest will cease to accrue on each Fixed Rate Note (or, in the case of the redemption of part only of a Fixed Rate Note, that part only of such Note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgment) until, but excluding, whichever is the earlier of (A) the day on which all sums due in respect of such Fixed Rate Note up to that day are received by or on behalf of the holder of such Fixed Rate Note and (B) the day which is seven days after the date on which the Principal Paying Agent has notified the holder in accordance with Condition 16 that it has received all sums due in respect thereof up to that date.

(2) Except in the case of Unadjusted Fixed Rate Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount, is specified in the applicable Final Terms, the Principal Paying Agent will calculate the amount of interest (the “Interest Amount”) payable in respect of any period by applying the Rate of Interest to:

(A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note unless “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Final Terms in which case the Rate of Interest shall be applied to the Calculation Amount; or

(B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of:

(i) a Fixed Rate Note in definitive form; or

(ii) a Global Note where “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Final Terms,

is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note or such Global Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The calculation of each Interest Amount by the Principal Paying Agent shall (in the absence of manifest error) be final and binding upon all parties.

In this Condition 5(a), “Day Count Fraction” has the meaning given to it in Condition 5(c).

In these Conditions “sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes

This Condition 5(b) applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 5(b) for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin, any maximum or minimum interest rates and the Day Count Fraction. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will specify the applicable Reference Rate, Interest Determination Date(s) and Relevant Screen Page.

(1) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each period from and including an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date (each such period, a “Floating Interest Period” and, together with a Fixed Interest Period, each an “Interest Period”).

(2) *Interest Payments and Accrual*

Interest will be paid subject to and in accordance with the provisions of Condition 7 (unless otherwise specified in the applicable Final Terms). Interest will cease to accrue on each Floating Rate Note (or, in the case of the redemption of part only of a Floating Rate Note, that part only of such Note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgement) until, but excluding, whichever is the earlier of (A) the day on which all sums due in respect of such Floating Rate Note up to that day are received by or on behalf of the holder of such Floating Rate Note and (B) the day which is seven days after the date on which the Principal Paying Agent has notified the holder in accordance with Condition 16 that it has received all sums due in respect thereof up to that date.

(3) *Rate of Interest and Interest Amount*

The Rate of Interest payable from time to time in respect of each Floating Rate Note will be determined in the manner specified in the applicable Final Terms.

(4) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each

Floating Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this Condition 5(b)(4), “ISDA Rate” for a Floating Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Principal Paying Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes, (the “ISDA Definitions”) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this Condition 5(b)(4), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

When this Condition 5(b)(4) applies, in respect of each relevant Floating Interest Period:

- (i) the Rate of Interest for such Floating Interest Period will be the rate of interest determined by the Principal Paying Agent or other person specified in the applicable Final Terms in accordance with this Condition 5(b)(4); and
- (ii) the Principal Paying Agent or other person specified in the applicable Final Terms will be deemed to have discharged its obligations under Condition 5(b)(8) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Floating Interest Period in the manner provided in this Condition 5(b)(4).

(5) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Floating Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) (the “Specified Time”) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or other person specified in the applicable Final Terms. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent or that other person

for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Principal Paying Agent, with the assistance of the Issuer if required, shall request each of the Reference Banks (as defined below) to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.00005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the Reserve Interest Rate. The "Reserve Interest Rate" shall be the rate per annum which the Principal Paying Agent determines to be either (i) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.00005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), or (ii) in the event that the Principal Paying Agent can determine no such arithmetic mean, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 5(b)(5) the expression "Reference Banks" means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case as selected by the Principal Paying Agent who may consult the Issuer.

(6) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a minimum Rate of Interest for any Floating Interest Period, then, in the event that the Rate of Interest in respect of any such

Floating Interest Period determined in accordance with the above provisions is less than such minimum Rate of Interest, the Rate of Interest for such Floating Interest Period shall be such minimum Rate of Interest. If the applicable Final Terms specifies a maximum Rate of Interest for any Floating Interest Period, then, in the event that the Rate of Interest in respect of any such Floating Interest Period determined in accordance with the above provisions is greater than such maximum Rate of Interest, the Rate of Interest for such Floating Interest Period shall be the maximum Rate of Interest.

Unless otherwise stated in the applicable Final Terms, the minimum Rate of Interest shall be deemed to be zero.

(7) *Business Day, Interest Determination Date and Relevant Screen Page*

- (A) In this Condition, “Business Day” has the meaning given to it in Condition 5(c).
- (B) In this Condition, “Interest Determination Date” has the meaning set out in the applicable Final Terms.
- (C) In this Condition, “Relevant Screen Page” has the meaning set out in the applicable Final Terms.

(8) *Determination of Rate of Interest and Calculation of Interest Amount*

The Principal Paying Agent or other person specified in the applicable Final Terms will, as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest payable on the Floating Rate Notes for the relevant Floating Interest Period as soon as practicable after calculating the same.

Unless otherwise specified in the applicable Final Terms, the Interest Amount payable on the Floating Rate Notes for the relevant Floating Interest Period will be calculated by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note unless “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Final Terms in which case the Rate of Interest shall be applied to the Calculation Amount; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of:

- (i) a Floating Rate Note in definitive form; or
- (ii) a Global Note where “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Final Terms,

is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Floating Rate Note or such Global Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The determination of the Rate of Interest and calculation of each Interest Amount by the Principal Paying Agent or other person specified in the applicable Final Terms shall (in the absence of manifest error) be final and binding upon all parties.

(9) *Notification of Rate of Interest and Interest Amount*

The Principal Paying Agent will cause the Rate of Interest and the Interest Amount for each Floating Interest Period and the relevant Interest Payment Date to be notified to the Issuer and, in the case of Floating Rate Notes which are listed on a stock exchange, that stock exchange as soon as possible but in any event not later than the second Business Day after their determination and will cause notice of such information to be given to the holders of the Notes of this Series in accordance with Condition 16 not later than the fourth Business Day after their determination. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notification as aforesaid in the event of an extension or shortening of the Floating Interest Period. Any such amendment will be promptly notified to any stock exchange on which the Notes affected thereby are for the time being listed.

(10) *Notifications, etc. to be final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition by the Principal Paying Agent or the Calculation Agent will (in the absence of default, bad faith or manifest error by them or any of their directors, officers, employees or agents) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent, the Paying Agents and all holders of the Notes of this Series and Coupons relating thereto and (in the absence of any default, bad faith or manifest error as referred to above) no liability to the Issuer or the holders of the Notes of this Series and Coupons relating thereto shall attach to the Principal Paying Agent or the Calculation Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions under this Condition.

(11) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of a Floating Interest Period in the applicable Final Terms, the Rate of Interest for such Floating Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Floating Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Floating Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(c) Day Count Fraction and Business Day Convention

(i) *Day Count Fraction*

“Day Count Fraction” means, unless otherwise specified in the applicable Final Terms:

- (1) if “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in, for the purposes of Condition 5(a), the Fixed Interest Period or, if interest is required to be calculated for a period (the “Relevant Period”) other than a full Interest Period, the Relevant Period, as the case may be, and, for the purposes of Condition 5(b), the Floating Interest Period, in each case divided by 365 (or, if any portion of the relevant period falls in a leap year, the sum of (A) the actual number of days in that portion of the relevant period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the relevant period falling in a non-leap year divided by 365);
- (2) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in, for the purposes of Condition 5(a), the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 5(b), the Floating Interest Period, in each case divided by 365;
- (3) *[This Condition is no longer applicable]*
- (4) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in, for the purposes of Condition 5(a), the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 5(b), the Floating Interest Period, in each case divided by 360;
- (5) if “30/360 (Floating)”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls; “M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (6) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in, for the purposes of Condition 5(a), the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of

Condition 5(b), the Floating Interest Period, in each case divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls:

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls; “M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

- (7) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
- (A) in the case of Notes where the number of days in the Interest Period or the Relevant Period, as the case may be, from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; or
  - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
    - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
    - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;

“Determination Period” means the period from (and including) a Determination Date (as specified in the applicable Final Terms) to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

- (8) if “30/360 (Fixed)” or “30/360, unadjusted” is specified in the applicable Final Terms, the number of days in the Interest Period or the Relevant Period, as the case may be, (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.
- (9) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in, for the purposes of Condition 5(a), the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 5(b), the Floating Interest Period, in each case divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls; “M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31 and D2 will be 30.

(ii) *Business Day Convention*

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then if the Business Day Convention specified is:

- (1) in the case where a Specified Period is specified in accordance with Condition 5(b)(1)(B) above, the Floating Rate Convention, such Interest Payment Date (A) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (b) below shall apply mutatis mutandis or (B) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (a) such Interest Payment Date shall be

brought forward to the immediately preceding Business Day and (b) each subsequent Interest Payment Date (or other date) shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions:

“Business Day” means (unless otherwise stated in the applicable Final Terms):

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and, if any Additional Business Centre(s) (other than TARGET2) is specified in the applicable Final Terms, in such Additional Business Centre(s);
  - (B) if TARGET2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (“TARGET2”) is open; and
  - (C) either (1) in relation to any sum payable in a Specified Currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency or (2) in relation to any sum payable in euro, a day on which TARGET2 is open.
- (d) Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the Amortised Face Amount of such Note as determined in accordance with Condition 6(e). As from the Maturity Date any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield. Such interest shall continue to accrue (as well after as before any judgment) until whichever is the earlier of (A) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note and (B) the day which is seven days after the date on which the Principal Paying Agent has notified the holder in accordance with Condition 16 that it has received all sums due in respect thereof up to that date. Such interest will be calculated as provided for the relevant calculation to be made in respect of the applicable Day Count Fraction in Condition 6(e).
- (e) **Benchmark Discontinuation**
- Notwithstanding the provisions in Conditions 5(b) above, if the Issuer, acting in good faith and in a commercially reasonable manner, determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part

thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this Condition 5(e) shall apply.

(i) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall promptly notify the Principal Paying Agent and, in accordance with Condition 16, the Noteholders of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in Condition 5(e)(ii)) subsequently be used by the Principal Paying Agent in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

If there is no Successor Rate but the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall promptly notify the Principal Paying Agent and, in accordance with Condition 16, the Noteholders of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in Condition 5(e)(ii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

(ii) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall promptly notify the Principal Paying Agent and, in accordance with Condition 16, the Noteholders of such Adjustment Spread and the Principal Paying Agent shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall promptly notify the Principal Paying Agent and, in accordance with Condition 16, the Noteholders of such Adjustment Spread and the Principal Paying Agent shall apply such Adjustment Spread to the Successor rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (1) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (2) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate.

Following any such determination of the Adjustment Spread, the Issuer shall promptly notify the Principal Paying Agent and, in accordance with Condition 16, the Noteholders of such Adjustment Spread and the Principal Paying Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iii) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(e) and the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (A) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (B) the terms of the Benchmark Amendments, then the Issuer and the Principal Paying Agent shall, subject to the Issuer having to give notice thereof to the Noteholders in accordance with Condition 16, without any requirement for the consent or approval of Noteholders, agree to the necessary modifications to these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such modifications in accordance with this Condition 5(e)(iii), if and for so long as the Notes are admitted to trading and listed on the official list of a stock exchange, the Issuer shall comply with the rules of that stock exchange. Notwithstanding any other provision of this Condition 5(e), no Successor Rate, Alternative Rate or Adjustment Spread will be adopted, nor will any other amendment to the terms and conditions of any Series of Notes be made to effect the Benchmark Amendments, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Subordinated Notes as Tier 2 Capital.

Any Benchmark Amendments determined under this Condition 5(e)(iii) shall be notified promptly by the Issuer to the Principal Paying Agent and, in accordance with Condition 16, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

(iv) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this Condition 5(e), the Issuer

shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this Condition 5(e) shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 5(e) or otherwise in connection with the Notes.

If the Issuer is in any doubt as to whether there is an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of an Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever to the Noteholders in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with the Noteholders.

(v) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this Condition 5(e), the Original Reference Rate and the fallback provisions provided for in Conditions 5(b), the Agency Agreement and the applicable Final Terms, as the case may be, will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 5(e).

(vi) *Definitions*

In this Condition 5(e):

“Adjustment Spread” means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

“Alternative Rate” means an alternative benchmark or screen rate which the Issuer determines in accordance with this Condition 5(e) is used in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

“Benchmark Event” means the earlier to occur of:

- (1) the Original Reference Rate ceasing to exist or be published;
- (2) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, by a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue

publication of the Original Reference Rate) and (ii) the date falling six months prior to such specified date;

- (3) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued or is prohibited from being used or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; and
- (4) it has or will prior to the next Interest Determination Date become unlawful for the Calculation Agent, any Paying Agent or the Issuer to determine any Rate of Interest and/or calculate any Interest Amount using the Original Reference Rate (including, without limitation, under Regulation (EU) No. 2016/1011, if applicable).

“Independent Adviser” means an independent financial institution of international repute or other independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense;

### **(b) Redemption for Tax Reasons**

Subject to Condition 6(f), the Notes of this Series may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), on giving not less than 30 nor more than 60 days' notice in accordance with Condition 16 (which notice shall be irrevocable), at the Early Redemption Amount provided in, or calculated in accordance with,

paragraph (f) or (g) (as applicable) below, together with (if provided in such paragraphs) interest accrued up to, but excluding, the date fixed for redemption, if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 or (ii) the Issuer becomes obliged to pay approved issuer levy at a rate exceeding the rate of the levy being charged at the date of issue of the Notes as a result of any change in, or amendment to, the laws or regulations of the Commonwealth of Australia or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including the manner of exercising any official discretion thereunder), which change or amendment becomes known generally or to the Issuer on or after the Issue Date (or, in the case of a second or subsequent Tranche of Notes of this Series, the Issue Date for the original Tranche) provided that no such notice of redemption shall be given in respect of the Notes of this Series earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts and, for the purpose only of determining the earliest date on which such notice may be given, it shall be deemed that a payment, in respect of which the Issuer would be obliged to pay such additional amounts, is due in respect of the Notes of this Series on the day on which any such change or amendment becomes effective.

(c) Redemption at the Option of the Issuer (Issuer Call)

This Condition 6(c) applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons), such option being referred to as an “Issuer Call”. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 6(c) for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may on any Optional Redemption Date specified in the applicable Final Terms at its option, on giving not less than the period of notice specified in the applicable Final Terms to the holders of the Notes of this Series (which notice shall be irrevocable and shall specify the date fixed for redemption and where any such period of notice is expressed as a specified number of business days, the expression “business day” shall have the meaning given in Condition 7(g)) in accordance with Condition 16, redeem all or from time to time some only of the Notes of this Series then outstanding on the relevant Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together with (in the case of Fixed Rate Notes) interest accrued to, but excluding, the relevant Optional Redemption Date.

In the event of a redemption of some only of such Notes, such redemption must be for an amount being not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount (if any) specified in the applicable Final Terms. In the case of a partial redemption of Notes, Notes to be redeemed will be selected individually by lot (without involving any part only of a Bearer Note) not less than 40 days prior to the date fixed for redemption. In the case of a partial redemption where some or all of the Notes are represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, such redemption with respect to those Notes will take place in accordance with the procedures of Euroclear and/or Clearstream, Luxembourg from time to time. Each notice of redemption will specify the date fixed for redemption and, in the case of a partial redemption, the aggregate nominal amount, and, where some or all of the Notes are in definitive form, the serial numbers, of the Notes to be redeemed and, in each case, the aggregate nominal amount of the Notes of this Series which will be outstanding after the partial redemption. In addition, in the case of a partial redemption of a Series of Notes which includes Registered Notes, the Issuer will publish an additional notice of redemption not less than 80 nor more than 95 days

before the date fixed for redemption which notice will specify the period during which exchanges or transfers of Notes may not be made as provided in Condition 2.

This Condition 6(d) applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Noteholder, such option being referred to as an “Investor Put”. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount and the applicable notice periods.

If Investor Put is specified as being applicable in the applicable Final Terms, upon any Noteholder giving to the Issuer in accordance with Condition 16 not less than the period of notice specified in the applicable Final Terms (the “notice period”), the Issuer will, upon the expiry of such notice redeem in whole (but not in part) the Notes the subject of the notice on the Optional Redemption Date and at the Optional Redemption Amount together with (in the case of Fixed Rate Notes) interest accrued up to, but excluding, the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form, and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) on any business day (as defined in Condition 7(g)) falling within the notice period a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or from the Registrar (a “Put Notice”) and, in the case of a Put Notice in respect of Bearer Notes, in which the holder must specify a bank account outside Australia to which payment is to be made under this Condition. If this Note is in definitive form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

A Put Notice or other notice given by a holder of any Note pursuant to this Condition 6(d), once delivered, shall be irrevocable and the Issuer shall redeem all Notes delivered therewith on the applicable redemption date.

(e) Zero Coupon Notes

(1) The amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to paragraph (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 11 shall be an amount per Calculation Amount (the “Amortised Face Amount”) calculated in accordance with the formula for the Accrual Method specified in the applicable Final Terms:

Linear Accrual: Amortised Face Amount = Reference Amount x (1+ Accrual Yield x y)

Compounding Accrual: Amortised Face Amount = Reference Amount x (1+Accrual Yield)<sup>y</sup>

where:

“Reference Amount” means the amount specified as such in the applicable Final Terms, which is the product of the Issue Price and the Calculation Amount;

“Accrual Yield” means the rate specified as such in the applicable Final Terms; and

“y” is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (Fixed) or 30/360 unadjusted (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (Fixed) (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

- (2) If the amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to paragraph (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 11 is improperly withheld or refused, the amount due and repayable in respect of such Note shall be the amount calculated as provided in Condition 6(e)(1) above as though the references therein to the date fixed for the redemption or the date upon which such Note becomes due and payable were replaced by references to the date which is the earlier of:
- (a) the date on which all amounts due in respect of such Note have been paid; and
  - (b) the date on which the full amount of the moneys payable in respect of such Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 16.

(f) Early Redemption Amounts

For the purposes of paragraph (b) above and Condition 11, unless otherwise indicated in the applicable Final Terms, Notes will be redeemed at their Early Redemption Amount, being (1) in the case of Fixed Rate Notes or Floating Rate Notes the Final Redemption Amount or (2) in the case of Zero Coupon Notes at the Amortised Face Amount of such Notes determined in accordance with paragraph (e) above, in each case in the relevant Specified Currency together with, in the case of Fixed Rate Notes redeemed pursuant to paragraph (b) above, interest accrued to, but excluding, the date fixed for redemption.

(g) Purchase and Cancellation

The Issuer may at any time purchase Notes of this Series (provided that all unmatured Coupons appertaining to such Notes, if in definitive bearer form, are attached thereto or surrendered therewith) in any manner and at any price.

All Notes of this Series together, in the case of definitive Notes in bearer form, with all unmatured Coupons appertaining thereto, purchased by or on behalf of the Issuer (other than those purchased in the ordinary course of the business of dealing in securities) will be cancelled forthwith.

- (a) Payments in respect of definitive Bearer Notes
- (i) Payments of principal and interest (if any) in respect of definitive Bearer Notes (if issued) will (subject as provided below) be made against surrender (or, in the case of part payment only, presentation and endorsement) of definitive Bearer Notes or Coupons (which expression, in this Condition and Condition 10, shall not include Talons), as the case may be, at any specified office of any Paying Agent outside Australia.
  - (ii) All payments of principal and interest with respect to definitive Bearer Notes will be made outside Australia and (except as otherwise provided in paragraph (d) below) the United States. Payments in any currency other than euro in respect of definitive Bearer Notes will (subject as provided below) be made by transfer to an account (in the case of payment in Yen to a non-resident of Japan, a non-resident account) in the Specified Currency maintained by the payee with a bank in the principal financial centre of the country of the Specified Currency (or, if the Specified Currency is Australian dollars or U.S. dollars, in London or another place outside Australia and (except as otherwise provided in paragraph (d) below) the United States) provided that if at any time such payments cannot be so made, then payments will be made outside Australia and (except as otherwise provided in paragraph (d) below) the United States in such other manner as the Issuer may determine and notify in accordance with Condition 16. Payments in euro in respect of definitive Bearer Notes will be made by transfer to a euro account outside Australia and (except as otherwise provided in paragraph (d) below) the United States (or any other account outside Australia and (except as otherwise provided in paragraph (d) below) the United States to which euro may be transferred) specified by the payee.
- (b) Payments in respect of Registered Notes
- Payments of principal in respect of Registered Notes (whether or not in global form) will (subject as provided in this Condition) be made against presentation and surrender of such Registered Notes at the specified office outside Australia of the Registrar by a cheque in the Specified Currency drawn on a bank in the principal financial centre of the country of the Specified Currency. Payments of interest in respect of Registered Notes will (subject as provided in this Condition) be made by a cheque in the Specified Currency drawn on a bank in the principal financial centre of the country of the Specified Currency and posted on the business day in the city in which the Registrar has its specified office immediately preceding the relevant due date to the holder (or to the first named of joint holders) of the Registered Note appearing on the register of holders of the Registered Notes maintained by the Registrar (the "Register") (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "Record Date") at his address shown on the register on the Record Date. Upon application of the holder to the specified office of the Registrar not less than three business days in the city in which the Registrar has its specified office before the due date for any payment in respect of a Registered Note, the payment of principal and/or interest may be made (in the case of payment of principal against presentation and surrender of the relevant Registered Note as provided above) by transfer on the due date to an account in the Specified Currency maintained by the payee with a bank in the principal financial centre of the country of the Specified Currency subject to the provisions of the following two sentences. If the Specified Currency is Australian dollars, payment will be made (in the case of a transfer to a bank account) by transfer to an account in London or another place outside Australia and, if the Specified Currency is Yen, payment will be made (in the case of payment to a non-resident of Japan) by

cheque drawn on, or by transfer to a non-resident account. If the Specified Currency is euro, payment will be made in euro to a euro account outside Australia (or any other account outside Australia to which euro may be credited or transferred, as the case may be), specified by the payee.

(c) Payments in respect of global Bearer Notes

(1) Payments of principal and interest (if any) in respect of Notes represented by any global Bearer Note will (subject as provided below) be made in the manner specified in the relevant global Note against presentation and endorsement or surrender, as the case may be, of such global Note at the specified office of any Paying Agent outside Australia. A record of each payment made on such global Note, distinguishing between any payment of principal and interest, will be made on such global Note by the Paying Agent to which such global Note is presented for the purpose of making such payment, and such record shall (save in the case of manifest error) be conclusive evidence that the payment in question has been made.

(2) The holder of a global Bearer Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant global Note. Subject to Condition 12, no person other than the holder of a global Bearer Note shall have any claim against the Issuer in respect of any payments due on that global Note.

(d) Payments of interest in U.S. dollars in respect of Bearer Notes

Notwithstanding the foregoing, payments of interest in U.S. dollars in respect of Bearer Notes will only be made at the specified office of any Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and District of Columbia and its possessions)) (1) if (A) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Bearer Notes in the manner provided above when due, (B) payment of the full amount of such interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (C) such payment is then permitted under United States law and (2) at the option of the relevant holder if such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(e) Payments subject to applicable laws

Payments in respect of the Notes will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in any jurisdiction, but without prejudice to the provisions of Condition 9 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or any official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement) (collectively referred to as "FATCA"), and any such amounts withheld or deducted will be treated as paid for all purposes under the Notes, and no additional amounts will be paid on or in respect of the Notes with respect to any such withholding or deduction.

(f) Unmatured Coupons and Talons

- (1) Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined in subparagraph (2)) and save as provided in Condition 7(e)) should be presented for redemption together with all unmaturing Coupons (which expression shall include Coupons falling to be issued on exchange of Talons which will have matured on or before the relevant redemption date) appertaining thereto, failing which, the amounts of any missing unmaturing Coupons (or, in the case of payment of principal not being made in full, that proportion of the aggregate amount of such missing unmaturing Coupons that the sum of principal so paid bears to the total principal amount due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupons at any time in the period expiring 10 years after the Relevant Date (as defined in Condition 9) for the payment of such principal, whether or not such Coupon would otherwise have become void pursuant to Condition 10 or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons in respect of any such Talons will be made or issued, as the case may be.
- (2) Upon the due date for redemption of any Floating Rate Note or Long Maturity Note in definitive bearer form, any unmaturing Coupons or Talons relating to such Note (whether or not attached) shall become void and no payment or exchange, as the case may be, shall be made in respect of them. Where any such Note is presented for redemption without all unmaturing Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require. A Long Maturity Note is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Fixed Interest Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

(g) Payments due on non-business days

If any date for payment of principal, interest or any other payment in respect of any Bearer Note or Coupon is not a business day, then the holder thereof shall not be entitled to payment at the place of presentation of the amount due until either (A) if the Payment Business Day Convention is specified as Following Business Day Convention in the applicable Final Terms, the next following business day or (B) if the Payment Business Day Convention is specified as Modified Following Business Day Convention in the applicable Final Terms, the next day which is a business day unless it would thereby fall into the next calendar month, in which event the holder shall be entitled to such payment at the place of presentation on the immediately preceding business day (in each case, unless otherwise specified in the applicable Final Terms) and shall not be entitled to any interest or other sum in respect of any such postponed payment.

If any date for payment of principal, interest or any other amount in respect of any Registered Note is not a business day, then the holder thereof shall not be entitled to payment, in the case of principal, at the place of presentation or, in the case of interest or any other amount, by transfer to an account specified by the holder until either (A) if Following Business Day Convention is specified in the applicable Final Terms, the next following business day or (B) if Modified Following Business Day Convention is specified in the applicable Final Terms, the next day which is a business day unless it would thereby fall into the next calendar month, in which event the holder shall be entitled to payment at the place of presentation or to such account as applicable on the immediately preceding business day (in each case, unless

otherwise specified in the applicable Final Terms) and shall not be entitled to any interest or other sum in respect of any such postponed payment.

In this Condition “business day” means, subject as provided in the applicable Final Terms:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
  - (A) in the case of Notes in definitive form only, the relevant place of presentation;
  - (B) any Additional Financial Centre (other than TARGET2) specified in the applicable Final Terms; and
  - (C) if TARGET2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which TARGET2 is open, and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency or (2) in relation to any sum payable in euro, a day on which TARGET2 is open.

(h) Payment of accrued interest

If the due date for redemption of any interest bearing Bearer Note in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such Note from, and including, the last preceding due date for the payment of interest (or, if none, from the Interest Commencement Date) will be paid only against surrender (or, in the case of part payment, presentation and endorsement) of such Note.

(i) Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Paying Agent in Luxembourg (or any other Paying Agent notified by the Issuer to the Noteholders in accordance with Condition 16 for the purposes of this paragraph) in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Bearer Note in definitive form to which it appertains) a further Talon, subject to the provisions of Condition 10. Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the Coupon sheet in which that Talon was included on issue matures.

(j) Initial Paying Agents

The initial Principal Paying Agent and the other initial Paying Agents in respect of this Series of Notes are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer may at any time vary or terminate the appointment of any Paying Agent and appoint additional or other Paying Agents, provided that it will, so long as any of the Notes of this Series is outstanding, maintain:

- (i) a Principal Paying Agent,
- (ii) a Paying Agent (which may be the Principal Paying Agent) having a specified office in a leading financial centre in Europe, and

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in paragraph (d) of this Condition. Notice of any variation, termination or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 16.

- (k) All payments in respect of the Notes in RMB will be made solely by credit to a RMB account maintained by the payee at a bank in Hong Kong or such other financial centre(s) as may be specified in the applicable Final Terms as RMB Settlement Centre(s) in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of RMB in Hong Kong or any relevant RMB Settlement Centre(s)).
- (l) RMB Currency Event

If "RMB Currency Event" is specified in the applicable Final Terms and a RMB Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer's obligation to make a payment in RMB under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency converted using the Spot Rate for the relevant Rate Calculation Date.

Upon the occurrence of a RMB Currency Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 16 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition 7(l) and unless stated otherwise in the applicable Final Terms: "Governmental Authority" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"RMB Illiquidity" means the general RMB exchange market in Hong Kong becomes illiquid as a result of which the Issuer cannot obtain sufficient RMB in order to make a payment under the Notes, as determined by the Issuer in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active on the RMB exchange market in Hong Kong;

"RMB Inconvertibility" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes into RMB on any payment date at the general RMB exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any

Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond the control of the Issuer, to comply with such law, rule or regulation);

“RMB Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer due to an event beyond its control, to comply with such law, rule or regulation);

If neither rate is available, the Calculation Agent shall determine the rate taking into consideration all available information which the Calculation Agent deems relevant, including pricing information obtained from the RMB non-deliverable exchange market in Hong Kong or elsewhere and the CNY/U.S. dollar exchange rate in the PRC domestic foreign exchange market.

8 [This Condition is no longer applicable]

## 9 Taxation

All payments of, or in respect of, principal and interest on the Notes of this Series by or on behalf of the Issuer will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (“Taxes”) imposed or levied by or on behalf of any Taxing Jurisdiction unless such Taxes are required by law to be withheld or deducted. In that event, the Issuer will pay such additional amounts of, or in respect of, principal and/or interest as will result (after deduction of the Taxes) in payment to the holders of the Notes of this Series and/or the Coupons relating thereto of the amounts which would otherwise have been payable in respect of the Notes of this Series or, as the case may be, Coupons relating thereto, except that no such additional amounts shall be payable with respect to any Note of this Series or Coupon relating thereto presented for payment:

- (a) by or on behalf of a holder who is subject to such Taxes in respect of such Note or Coupon by reason of his being connected with a Taxing Jurisdiction other than by reason only of the holding of the Note or Coupon or the receipt of payment thereon;
- (b) by or on behalf of a holder who is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 of the Commonwealth of Australia (the “Australian Tax Act”)) of the Issuer and the payment being sought is not, or will not be, exempt from interest withholding tax because of section 128F(6) of the Australian Tax Act;
- (c) more than 30 days after the Relevant Date, except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on the last day of such period of 30 days; or
- (d) by or on behalf of a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying with any statutory requirements in force at the present time or in the future or by making a declaration of non-residence or other claim or filing for exemption.

For the avoidance of doubt, in no event will the Issuer, Paying Agent or any other person be required to pay any additional amounts in respect of the Notes for, or on account of, any withholding or deduction required pursuant to FATCA.

The “Relevant Date” in relation to any Note or Coupon of this Series means whichever is the later of:

- (i) the date on which payment in respect of such Note or Coupon first becomes due and payable; or
- (ii) if the full amount of the moneys payable in respect of such Note or Coupon has not been duly received by the Principal Paying Agent on or prior to such date, the date on which notice is duly given to the Noteholders of this Series in accordance with Condition 16 that such moneys have been so received.

The “Taxing Jurisdiction” in relation to any Note or Coupon of this Series means the Commonwealth of Australia or any political subdivision or any authority thereof or therein having power to tax.

## History and Recent Developments

Commonwealth Bank of Australia was established in 1911 by a Commonwealth Act of Parliament to conduct commercial and savings banking business. Its functions were later expanded to encompass those of a central bank. Subsequent legislative amendment in 1959 created a separate Reserve Bank of Australia to take over the central bank functions.

In December 1990, the Commonwealth Banks Restructuring Act 1990 was passed, which provided for:

- the conversion of the Bank into a public company with a share capital, governed by its then Memorandum and Articles of Association but subject to certain overriding provisions of the 1959 Act – this conversion occurred on 17 April 1991;
- Commonwealth Bank of Australia to become the successor in law of the State Bank of Victoria – this occurred on 1 January 1991; and
- the issue of shares in the Bank to the Australian public.

The Bank was fully privatised in three stages from July 1991 to July 1996.

An offer of just under 30 per cent. of the issued shares in the Bank was made to members of the Australian public and staff of the Bank in July 1991, to strengthen the Bank’s capital base following its acquisition of State Bank of Victoria and to provide a sound foundation for further development of the Bank’s business. The offer closed on 14 August 1991 and was fully subscribed.

In October 1993, the Australian Government sold a portion of the Commonwealth of Australia’s shareholding in the Bank, reducing its shareholding to 50.4 per cent. of the total number of issued voting shares.

In June/July 1996, the Australian Government made a public offer of its remaining 50.4 per cent. shareholding in the Bank. The offer was fully subscribed. In conjunction with this offer, the Bank, pursuant to a buy-back Agreement between the Bank and the Commonwealth of Australia, agreed to buy back 100 million shares in the Bank from the Commonwealth of Australia. The public offer and buy-back were effected on 22 July 1996.

On 13 June 2000, the Bank and Colonial Limited completed their merger.

On 22 August 2000, the Bank purchased the 25 per cent. non-controlling interest in ASB Holdings Limited (formerly known as ASB Group Limited) in New Zealand for NZD 560 million (A\$430 million), giving the Bank a 100 per cent. interest in ASB and its subsidiaries (the “ASB Group”).

The Bank became the successor in law to the State Bank of New South Wales (known as Colonial State Bank) and to all the assets and liabilities of State Bank of New South Wales effective on 4 June 2001 pursuant to legislation passed by the State of New South Wales.

On 19 December 2008, the Bank acquired 100 per cent. of Bank of Western Australia Ltd (“Bankwest”) from HBOS plc.

In relation to the Commonwealth of Australia’s statutory guarantee of the Bank’s liabilities, transitional arrangements for the phasing out of that guarantee commenced on 19 July 1996.

Under these arrangements, section 117(1) of the 1959 Act provided for the Commonwealth of Australia to guarantee the due payment of the following amounts:

- (i) any amount that was payable by the Bank before the end of the day on 19 July 1999 in respect of a demand deposit made with the Bank;
- (ii) any amount that is payable by the Bank at any time in respect of a term deposit made with the Bank before the end of the day on 19 July 1999; and
- (iii) any amount that:
  - (a) is not in respect of a demand deposit or a term deposit; and
  - (b) is payable by the Bank under a contract that was entered into, or any other instrument that was executed, issued, endorsed or accepted before 7.00 a.m. (Sydney time) on 19 July 1996 by the Bank.

Accordingly, Notes issued from the date of this Programme Circular are not guaranteed on a statutory basis by the Commonwealth of Australia.

### **Recent Developments**

#### *The Bank intends to defend shareholder class action*

On 2 July 2018, the Bank announced that it had been served with a class action proceeding filed by Phi Finney McDonald in the Court on behalf of certain shareholders who acquired an interest in the Bank's shares between 16 June 2014 and 3 August 2017 (inclusive). This proceeding involves similar claims to the shareholder class action commenced by Maurice Blackburn against the Bank on 9 October 2017 (see "*Shareholder Class Action*" below).

The Bank intends to vigorously defend this new claim.

#### *Divestment of Australian and New Zealand life insurance businesses*

On 2 July 2018, the Bank announced the completion of the sale of its life insurance business ("Sovereign") in New Zealand to AIA Group Limited ("AIA") and the commencement of a 20-year partnership with AIA for the provision of life and health insurance products to customers in New Zealand.

The sale of Sovereign is a part of the agreed sale of 100 per cent. of the Bank's life insurance businesses in Australia ("CommInsure Life") and New Zealand to AIA for A\$3.8 billion, as announced on 21 September 2017 (the "Transaction").

The remainder of the Transaction, the sale of CommInsure Life and a 20-year partnership with AIA for the provision of life and health insurance products to customers in Australia, remains subject to certain conditions and regulatory approvals and is expected to complete later in the 2018 calendar year.

#### *The Bank announces its intention to demerge its wealth management and mortgage broking businesses*

On 25 June 2018, the Bank announced that it will demerge its wealth management and mortgage broking businesses, and undertake a strategic review of its general insurance business, including a potential sale. The Bank believes that these initiatives will result in the creation of a leading independent wealth management business and enable the Bank to enhance its focus on its core banking businesses in Australia and New Zealand and create a simpler, better bank.

The demerged business “CFS Group”, will include the Bank’s Colonial First State, Colonial First State Global Asset Management (“CFSGAM”), Count Financial, Financial Wisdom and Aussie Home Loans businesses.

The demerger enables CFS Group to independently pursue growth and investment decisions appropriate for its business. As a result, the previously announced initial public offering of CFSGAM will no longer proceed.

The Bank’s salaried financial advice business, Commonwealth Financial Planning, will be retained by it and will form part of its consumer financial services business within its Retail Banking Services Division.

The demerger does not impact the 20-year strategic distribution partnership with AIA in relation to its bank customers that was first announced on 21 September 2017 (see “*Divestment of Australian and New Zealand life insurance businesses*” above). The partnership will also extend to the CFS Group.

The Bank’s shareholders will receive shares in CFS Group proportional to their existing shareholding in the Bank, while retaining their existing shares in the Bank. The Bank does not intend to retain any shareholding in CFS Group following the demerger.

Implementation of the demerger is subject to final Board, shareholder and regulatory approvals under a scheme of arrangement. If approved, the demerger is expected to complete in the 2019 calendar year.

#### **CommInsure General Insurance strategic review**

CommInsure General Insurance is a provider of home and contents and motor vehicle insurance products to meet the protection needs of the Bank’s customers. As part of the strategic review of CommInsure General Insurance, the Bank intends to explore the opportunity to further enhance its product and service offering to customers through a potential sale and partnership with a specialist insurance provider.

#### *Outcome of APRA’s Prudential Inquiry*

The Bank confirmed on 1 May 2018 that it will implement all of the recommendations contained in the report of APRA’s Prudential Inquiry (the “Report”) that was also released by APRA on 1 May 2018.

- Appointing an independent reviewer, approved by APRA, to report to APRA every three months commencing 30 September 2018, on compliance with the Undertaking and on those items in the remedial action plan that the Bank considers are nearing completion.

#### **Remuneration**

- Reporting to APRA by 30 June 2018 on how the findings of the Report have been reflected remuneration outcomes for current and past executives.
- Ensuring accountability for completing items in the remedial actions is given significant weight in the performance scorecards of the senior executive team and other staff as relevant.

#### **Capital Adjustment**

- APRA applying a capital adjustment to the Bank’s minimum capital requirement by adding A\$1 billion to the Bank’s operational risk capital requirement (the “Capital Adjustment”). The effect of this adjustment equates to 29 basis points of the Bank’s Common Equity Tier 1 (“CET1”) capital and reduces the Bank’s CET1 ratio as of 31 December 2017 from 10.4 per cent. to 10.1 per cent.
- The Bank may apply for removal of all or part of the Capital Adjustment when it believes it can demonstrate compliance, to APRA’s satisfaction, with the Undertaking and commitments in the remedial action plan.

On 29 June 2018 APRA provided its endorsement of the Bank’s remedial action plan. The Bank expects to disclose an estimate of the expected financial cost of this programme for the 2019 financial year on 8 August 2018. In addition, the Bank expects to report on its progress in addressing the recommendations of the APRA Report. The form of this public reporting is subject to agreement with APRA.

#### *The Court approves the settlement with ASIC over BBSW*

On 9 May 2018, the Bank announced it had reached an in-principle agreement with ASIC to settle the legal proceedings in relation to claims of manipulation by the Bank of the BBSW.

As part of the settlement, the Bank will acknowledge that, in the course of trading on the BBSW market in Australia on five occasions between February and June 2012, the Bank attempted to engage in unconscionable conduct in breach of the Australian Securities and Investments Commission Act 2001. The Bank will also acknowledge that it did not have adequate policies and systems in place to monitor the trading and communications of its staff in order to prevent that conduct from occurring.

As part of the settlement the Bank agreed to pay a A\$5 million penalty to ASIC, A\$15 million to a financial consumer protection fund and A\$5 million towards ASIC’s costs of the litigation and its investigation. The impact of this settlement will be reflected in the Bank’s results for the financial year ended 30 June 2018.

The Bank also agreed to enter into an enforceable undertaking with ASIC, under which an independent expert will be appointed to review controls, policies, training and monitoring in relation to its BBSW business.

On 21 June 2018 the Court approved the settlement with ASIC.

### *AUSTRAC Proceedings*

On 4 June 2018, the Bank announced that it had entered into an agreement with AUSTRAC to resolve the AUSTRAC Proceedings relating to alleged past and on-going contraventions by the Bank of Australia's Anti-Money Laundering and Counter-Terrorism Act (the "AML/CTF Act"). The agreement followed the Court-ordered mediation between the Bank and AUSTRAC. The Court approved this agreement on 20 June 2018. As part of the agreement:

- The Bank will pay a civil penalty of A\$700 million together with AUSTRAC's legal costs of A\$2.5 million.
- The Bank has admitted further contraventions of the AML/CTF Act, beyond those already admitted in its amended defence of 23 February 2018. These additional admissions relate to allegations set out in AUSTRAC's amended claim of 14 December 2017 being contraventions concerning reporting, monitoring and customer due-diligence.
- The AUSTRAC Proceedings are otherwise dismissed.

On 20 June 2018, the Court approved the agreement between the Bank and AUSTRAC to resolve the AUSTRAC Proceedings.

The Bank provided for an estimated penalty of A\$375 million in relation to the AUSTRAC Proceedings in the half year ended 31 December 2017 at which time it noted the proceedings were complex and ongoing, and the ultimate penalty determined by the Court may be higher or lower than the amount provided for. The Bank will recognise a A\$700 million expense in relation to the AUSTRAC Proceedings in its financial statements for the full year ending 30 June 2018 which will be announced on 8 August 2018.

The Bank has made significant progress in strengthening its policies, systems and processes relating to its obligations under the AML/CTF Act through its Program of Action, which was commenced in 2015 and is ongoing. This is a continuing process of improvement and has already included:

- Boosting AML/CTF capability and reporting by hiring additional financial crime operations, compliance and risk professionals with more than 300 professionals dedicated to financial crimes operations, compliance and risk across the CBA group.
- Strengthening "Know Your Customer" processes with the establishment in 2016 of a specialist hub providing consistent and high-quality on-boarding of customers, at a cost of more than A\$85 million.
- Launching an upgraded financial crime technology platform used to monitor accounts and transactions for suspicious activity.
- Adding new controls such as using enhanced digital electronic customer verification processes to supplement face-to-face identification to reduce the risk of document fraud.
- Introducing an account based daily limit of A\$10,000 for cash deposits using Intelligent Deposit Machines ("IDMs"), the first Australian bank to do so. An IDM is a type of ATM, which can accept cash and cheque deposits into the Bank's accounts and in contrast to ordinary or older ATMs, cash deposited through an IDM is automatically counted by the machine and instantly credited to the nominated beneficiary account of the Bank.

As the Bank continues to strengthen its financial crimes compliance it will continue to work closely with regulators across those jurisdictions in which it operates. The Bank has provided for the costs of running its Program of Action.

Although the Bank provides updates to AUSTRAC and its other regulators on its Program of Action, there is no assurance that AUSTRAC or its other regulators will agree that the Bank's program of action will be adequate or that the program of action will effectively enhance the Bank's compliance programs.

### *ASIC Investigation*

On 11 August 2017, following the commencement of the AUSTRAC Proceedings, ASIC confirmed it would investigate the Bank's disclosure in respect of the allegations raised in connection with the AUSTRAC Proceedings. ASIC is investigating, among other things, whether the officers and directors at the Bank complied with their continuous disclosure obligations under the Corporations Act. The Bank continues to engage with ASIC in respect of the investigation and respond to requests made by ASIC. It is currently not possible to predict the ultimate outcome of this investigation, if any, on the Bank. The Bank has provided for the costs expected to be incurred in relation to this investigation.

While the Bank is not currently aware of any other investigation or any proposed action by other domestic or foreign regulators relating to the allegations raised by AUSTRAC (or similar matters) as of the date of this Programme Circular, there can be no assurance that the Bank will not be subject to such investigations or actions in the future. The settlement in connection with the AUSTRAC Proceedings, or any other formal or informal proceeding or investigation by other government or regulatory agencies (domestic or foreign), may result in additional litigation, investigations or proceedings by other regulators or private parties. Additionally, in some of the Bank's contractual arrangements, the Bank provides representations and warranties regarding its compliance with the Act and other applicable anti-money laundering and counter-terrorism rules and regulations. Because of the settlement with AUSTRAC, the Bank may be exposed to potential claims from its contractual counterparties to the extent such counterparties believe that the Bank has breached the applicable representations and warranties contained in the Bank's contractual arrangements with them and have suffered loss as a result of any such breach. The Bank is not aware of any such claims as of the date of this Information Memorandum. Such investigations, actions, claims or proceedings, could result in penalties, fines and costs, reputational harm, remediation costs and other losses that, individually or collectively, could have a material adverse effect on the Bank's business, reputation, results of operations and financial condition.

#### *Shareholder Class Action*

A shareholder class action proceeding related to the AUSTRAC Proceedings commenced in the Court in Melbourne on 9 October 2017 (the "Shareholder Class Action"). The Shareholder Class Action was filed by law firm Maurice Blackburn on behalf of shareholders who acquired an interest in the Bank's ordinary shares between 1 July 2015 and 1:00 p.m. (Australian Eastern Standard Time) on 3 August 2017 (the "Relevant Period"), and who suffered loss or damage as alleged in the Shareholder Class Action (the "Group Members").

The Shareholder Class Action alleges that the Bank, whose ordinary shares are publicly traded on the Australian Securities Exchange (the "ASX"), breached its obligations under the Corporations Act and ASX Listing Rules to disclose information concerning the Bank that a reasonable person would expect to have a material effect on the price or value of the Bank's ordinary shares to the ASX ("Continuous Disclosure Obligation"). Specifically, the Shareholder Class Action alleges that the Bank should have disclosed on and from 1 July 2015 certain of the matters that form the basis of the AUSTRAC Proceedings. The Shareholder Class Action further alleges that during the Relevant Period the Bank made misleading or deceptive public statements regarding compliance with its obligations under applicable anti-money laundering laws and its Continuous Disclosure Obligation in violation of applicable Australian laws.

The Shareholder Class Action alleges this conduct caused the Bank's ordinary shares to trade at prices higher than they would have otherwise traded during the Relevant Period and sets forth various bases for how any losses could be calculated. The Shareholder Class Action notes that the particulars of the alleged losses or damages of the Group Members are not currently known and cannot be known until after the determination of identified common issues at an initial trial.

The Bank intends to vigorously defend the Shareholder Class Action. The Bank filed its defence in February 2018. At this time it is not possible to reliably estimate its possible financial impact on the CBA group. Accordingly, no loss provision has been made. The Bank has provided for legal costs expected to be incurred to defend this claim.

  - (iii) not a qualified investor as defined in Directive 2003/71/EC; and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Programme Circular as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (A) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
  - (B) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
  - (C) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,
- provided that no such offer of Notes referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and
- the expression “Prospectus Directive” means Directive 2003/71/EC (as amended), and includes any relevant implementing measure in the Relevant Member State.

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and
- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

## **The Grand Duchy of Luxembourg**

In addition to the cases described in the Public Offer Selling Restriction under the Prospectus Directive selling restrictions in which the Dealers can make an offer of Notes to the public in an EEA Member State (including the Grand Duchy of Luxembourg), the Dealers can also make an offer of Notes to the public in the Grand Duchy of Luxembourg:

- (a) at any time, to national and regional governments, central banks, international and supranational institutions (such as the International Monetary Fund, the European Central Bank, the European Investment Bank) and other similar international organisations;

- (c) at any time, to certain natural persons or small and medium-sized enterprises (as defined in the Luxembourg act dated 10 July, 2005 on prospectuses for securities implementing the Prospectus Directive into Luxembourg law) recorded in the register of natural persons or small and medium-sized enterprises considered as qualified investors as held by the Commission de surveillance du secteur financier as competent authority in Luxembourg in accordance with the Prospectus Directive.

## **Japan**

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “FIEA”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

## **Australia**

No prospectus or other disclosure document (as defined in the Corporations Act) in relation to the Programme or any Notes has been or will be lodged with ASIC. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that in connection with the distribution of each Tranche of Notes it:

- (a) will not make (directly or indirectly) any offer or invitation in Australia or any offer or invitation which is received in Australia in relation to the issue, sale or purchase of any Notes; and
- (b) has not distributed or published, and will not distribute or publish, any information memorandum, advertisement, disclosure document or other offering material relating to the Notes in Australia,

unless (i) the aggregate consideration payable by each offeree or invitee is at least A\$500,000 for the Notes or its foreign currency equivalent (in either case disregarding moneys, if any, lent by the Issuer or other person offering the Notes or its associates (within the meaning of those expressions in Part 6D.2 of the Corporations Act)), or the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act, (ii) the offer or invitation is not made to a person who is a retail client (as defined in section 761G or 761GA of the Corporations Act), (iii) such action complies with all applicable laws, regulations and directives and (iv) such action does not require any document to be lodged or registered with ASIC.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, to offer Notes to be issued by the Issuer for sale in a manner which will allow payments of interest or amounts in the nature of interest on those Notes to be exempt from Australian withholding tax under section 128F of the

Australian Tax Act, as amended. In particular, each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not sell Notes to any person if, at the time of sale the Dealer knew or had reasonable grounds to suspect that as a result of such sale, any Notes or an interest in any Notes was being, or would later be, acquired (directly or indirectly) by an Offshore Associate of the Issuer (other than one acting in the capacity of a dealer, manager or underwriter in relation to the placement of the Notes or in the capacity of a clearing house, custodian, funds manager or responsible entity of a registered scheme).

An “Offshore Associate” of the Issuer means an associate (as defined in section 128F of the Australian Tax Act) of the Issuer that either is a non-resident of the Commonwealth of Australia which does not acquire the Notes in carrying on a business at or through a permanent establishment in Australia or, alternatively, is a resident of Australia that acquires the Notes in carrying on business at or through a permanent establishment outside of Australia.

For the avoidance of doubt, the selling restrictions immediately above concerning section 128F of the Australian Tax Act apply irrespective of the jurisdiction in which the Notes are being offered or sold.

### **New Zealand**

No action has been taken to permit the Notes to be offered or sold to any retail investor, or otherwise under any regulated offer, in terms of the Financial Markets Conduct Act 2013 of New Zealand (the “FMCA”). Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered and will not directly or indirectly offer, sell or deliver any Note in New Zealand and it will not distribute any offering memorandum or advertisement in relation to any offer of Notes, in New Zealand other than to “wholesale investors” as that term is defined in clauses 3(2)(a), (b), (c) and (d) of Schedule 1 to the FMCA,

- (a) being a person who is:
  - (i) an “investment business”;
  - (ii) “large”; or
  - (iii) a “government agency”,in each case as defined in Schedule 1 to the FMCA; or
- (b) a person who meets the “investment activity criteria” specified in clause 38 of the Schedule 1 to the FMCA.

In addition, no person may distribute any offering material or advertisement (as defined in the FMCA) in relation to any offer of Notes in New Zealand other than to such persons as referred to in the paragraph above.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold, and will not offer or sell, any Notes to persons whom it believes to be:

- (a) persons who are resident in New Zealand for New Zealand income tax purposes;
- (b) persons who carry on business in New Zealand through a fixed establishment (as defined for New Zealand income tax purposes) in New Zealand and hold the Notes for the purposes of a business carried on through that fixed establishment; or
- (c) a registered bank engaged in business through a fixed establishment in New Zealand,

unless such persons certify that they hold a valid certificate of exemption (or other evidence of exempt status acceptable to the Issuer and/or the relevant Paying Agent) for New Zealand resident withholding tax purposes and provide a New Zealand tax file number to such Dealer (in which event the Dealer shall provide details thereof to the Issuer or to a Paying Agent).

## **9 Australian Taxation**

The following is a summary of the Australian taxation treatment, at the date of this Programme Circular, of payments of interest on Notes and certain other matters. It is not exhaustive and does not deal with the position of certain classes of holders of a Note (such as dealers in securities). Prospective holders of Notes should be aware that the particular terms of issue of any series of Notes may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution. Holders of Notes who are in any doubt as to their tax position should consult their professional advisers.

References to 'interest' include amounts in the nature of or in substitution for interest.

The requirements for obtaining an exemption from Australian interest withholding tax set out in section 128F of the Australian Tax Act include:

- (i) the issuer must be a resident of Australia when it issues the Notes and when interest is paid; and

- (ii) the issue of the Notes must satisfy a public offer test containing five basic alternatives designed to ensure that lenders in capital markets are aware that the issuer is offering Notes for issue.

Where practicable, the Issuer intends to issue Notes in a manner which will satisfy these requirements.

*The public offer test*

In summary, the alternatives to satisfy the public offer test are:

- (i) offers to 10 or more professional market financiers, investors or dealers who are not associates of each other;
- (ii) offers to 100 or more potential investors;
- (iii) offers of listed Notes;
- (iv) offers as a result of negotiations being initiated via electronic or other market sources; or
- (v) offers to dealers, managers or underwriters who by agreement with the issuer offer the Notes for sale within 30 days by one of the preceding methods.

The issue of a Global Note by one of these methods will satisfy the public offer test.

*Associates of issuer*

The public offer test will not be satisfied if, at the time of issue, the issuer knew or had reasonable grounds to suspect that the Notes, or an interest in the Notes, was being, or would later be, acquired either directly or indirectly by an Offshore Associate of the issuer (other than one acting in the capacity of a dealer, manager or underwriter in relation to the placement of the Notes or in the capacity of a clearing house, custodian, funds manager or responsible entity of a registered scheme).

Moreover, the section 128F exemption will not be available if, at the time of payment, the issuer knows or has reasonable grounds to suspect that interest in respect of a Note is to be paid to an Offshore Associate of the issuer other than one receiving the payment in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme. The Conditions of the Notes provide that in these circumstances the Issuer will not be required to gross up interest payments.

**ACCORDINGLY, NOTES MUST NOT BE PURCHASED BY OFFSHORE ASSOCIATES OF THE ISSUER OTHER THAN THOSE ACTING IN THE PERMITTED CAPACITIES DESCRIBED ABOVE**

As a result of the issue of Global Notes, rights conferred by Euroclear or Clearstream, Luxembourg in relation to the Notes will be created in favour of the Noteholders.

Section 126 of the Australian Tax Act imposes a type of withholding tax at the rate of 45 per cent. on the payment of interest on bearer notes if the issuer fails to disclose the names and addresses of the holders to the Australian Taxation Office. Section 126 does not apply to the payment of interest on notes held by non-residents who do not carry on business at or through a permanent establishment in Australia where the issue of those notes satisfied the requirements of section 128F of the Australian Tax Act or interest withholding tax is payable. However, the operation of section 126 in relation to notes held in some circumstances is unclear.

The Commissioner of Taxation of the Commonwealth of Australia may give a direction under section 255 of the Australian Tax Act or section 260-5 of Schedule 1 to the Taxation Administration Act 1953 or any similar provision requiring the issuer to deduct from any payment to any other party (including any holder of Notes) any amount in respect of tax payable by that other party.

The Income Tax Assessment Act 1997 of the Commonwealth of Australia contains provisions governing the taxation of financial arrangements (referred to as “the TOFA regime”) which may apply to the Notes. However, the law that governed the taxation of financial arrangements before the introduction of the TOFA regime will continue to apply to Notes held by taxpayers that are not subject

to the TOFA regime because they do not meet certain threshold requirements. In any case, the TOFA regime does not contain any measures that override the exemption from Australian interest withholding tax available under section 128F of the Australian Tax Act in respect of interest payable on the Notes.

## **10 The Proposed Financial Transactions Tax**

On 14 February 2013, the European Commission published a proposal (the “Commission’s Proposal”) for a Directive for a common financial transactions tax (“FTT”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “participating Member States”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No. 1287/2006 are expected to be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

## **11 Foreign Account Tax Compliance Withholding**

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” (as defined by FATCA) may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is classified as a foreign financial institution. A number of jurisdictions (including Australia) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1 January 2019 and Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under “*Terms and Conditions—Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

The impact of FATCA for Australian financial institutions will also depend on associated guidance issued by the Australian Taxation Office. Prospective investors should consult their tax advisers on

how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

## **12 Common Reporting Standard**

The Organisation for Economic Co-operation and Development Standard for Automatic Exchange of Financial Account Information (the “CRS”) requires certain financial institutions to report information regarding certain accounts to their local tax authority and follow related due diligence procedures. Noteholders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a competent authority agreement may provide this information to other jurisdictions that have signed a competent authority agreement.

Prospective investors should consult their tax advisers on how the CRS may apply to such investor.

## **13 Post-issuance information**

Save as set out in the Final Terms, the Issuer does not intend to provide any post-issuance information in relation to any issues of Notes.

## **14 Dealers transacting with the Issuer**

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
