Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer also agrees that, at or prior to confirmation of sale of Notes or Certificates, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes or Certificates from it during the distribution compliance period a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or any applicable securities laws of any state or other jurisdiction of the United States, and, accordingly, may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Securities and except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S."

- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes or Certificates in, from or otherwise involving the United Kingdom; and it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue of any Notes or Certificates in circumstances in which section 21(1) of the FSMA does not apply (or would not apply if the Issuer was not an authorised person) to the Issuer.

Australian Tax

*The following is a general guide and should be treated with appropriate caution. Holders of Notes who are in any doubt as to their tax position should consult their professional advisers. The following taxation summary is of a general nature only and addresses only some of the key Australian tax implications that may arise for a prospective holder of a Note (a “**Noteholder**”) as a result of acquiring, holding or transferring the Note. The following is not intended to be and should not be taken as a comprehensive taxation summary for a prospective Noteholder.*

*The taxation summary is based on the Australian taxation laws in force and the administrative practices of the Australian Taxation Office (the “**ATO**”) generally accepted as at the date of this Information Memorandum. Any of these may change in the future without notice and legislation introduced to give effect to announcements may contain provisions that are currently not contemplated and may have retroactive effect.*

Noteholders should consult their professional advisers in relation to their tax position. Noteholders who may be liable to taxation in jurisdictions other than Australia in respect of their acquisition, holding or disposal of Notes are particularly advised to consult their professional advisers as to whether they are so liable (and, if so, under the laws of which jurisdictions), since the following comments relate only to certain Australian taxation aspects of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of Australia.

Taxation of interest on Notes

Onshore Noteholders

Noteholders who are Australian tax residents or who are non-residents that hold the Notes in carrying on business at or through a permanent establishment in Australia will be taxable by assessment in respect of any interest income (including potentially the gross amount of any payment of interest) derived in respect of the Notes. Such Noteholders will generally be required to lodge an Australian income tax return. The timing of assessment of the interest (e.g. a cash receipts or accruals basis) will depend upon the tax status of the particular Noteholder, the terms of the Notes and the potential application of the “Taxation of Financial Arrangements” provisions of the Tax Act, which provide for a specialised regime for the taxation of financial instruments that can affect the amount and timing of recognition of any gain or loss in respect of the Notes.

Tax at the highest marginal income tax rate plus the Medicare Levy (in aggregate, currently 47%) may be deducted from payments on the Notes if the immediate Noteholder does not provide the Issuer with a tax file number or an Australian Business Number (“**ABN**”) (where applicable), or proof of a relevant exemption from quoting such numbers.

Section 126 of the Tax Act imposes a type of withholding tax at a specified rate (currently 45%) on the payment of interest on bearer Notes, if the Issuer fails to disclose the names and addresses of the relevant Noteholders to the ATO (or in the case of a bearer Note held by a clearing house, the name and address of the clearing house). These rules generally only apply to Noteholders who are Australian tax residents or non-residents that hold the Notes in carrying on business at or through a permanent establishment in Australia.

Offshore Noteholders

Interest (which for the purposes of withholding tax is defined in section 128A(1AB) of the Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts, including premiums on redemption or, for a Note issued at a discount, the difference between the amount repaid

and the issue price) on debentures and certain other debt interests, will be subject to interest withholding tax at a current rate of 10% where the interest is paid to a non-resident of Australia and not derived in carrying on business at or through an Australian permanent establishment, or to an Australian resident who derived the interest in carrying on business at or through a permanent establishment outside Australia.

Depending on their terms, Notes could in some cases be characterised as equity interests for tax purposes and be subject to different rules (e.g. Notes with returns contingent on the Issuer's performance or discretion, or convertible into shares in the Issuer). The Issuer does not intend to issue any Notes that would be characterised other than as ordinary debt interests or debentures for tax purposes.

Various exemptions are available from interest withholding tax, including the "public offer" exemption, tax treaty exemptions, and pension fund exemption (each discussed further below).

Public offer exemption

An exemption from Australian interest withholding tax will be available under section 128F of the Tax Act in respect of interest paid on any Notes if the Issuer remains an Australian resident company both at the time it issues the Notes and at the time interest is paid in respect of the Notes, and the Notes are issued in a manner which satisfies the "public offer test".

There are five principal methods of satisfying the public offer test, being broadly:

- (i) offers to 10 or more unrelated financial institutions or securities dealers;
- (ii) offers to 100 or more investors;
- (iii) offers of listed Notes;
- (iv) offers via publicly available electronic or other information sources; and
- (v) offers to a dealer, manager or underwriter who offers to sell those Notes within 30 days by one of the preceding methods.

The public offer test will not be satisfied in respect of an issue of Notes if, at the time of issue, the Issuer knew, or had reasonable grounds to suspect, that any of the Notes, or an interest in any of the Notes, would be acquired either directly or indirectly by an Offshore Associate (as defined below) of the Issuer, other than in the capacity of a dealer, manager or underwriter in relation to the placement of the Notes, or in the capacity of a clearing house, custodian, funds manager or responsible entity of a registered scheme.

Accordingly, the Notes should not be acquired by any Offshore Associate of the Issuer, subject to the exceptions referred to above.

Even if the public offer test is initially satisfied in respect of the Notes, if such Notes later come to be held by an Offshore Associate of the Issuer, and at the time of payment of interest on those Notes, the Issuer knows or has reasonable grounds to suspect that such person is an Offshore Associate of the Issuer, the exemption under section 128F does not apply to interest paid by the Issuer to such Offshore Associate in respect of those Notes, unless the Offshore Associate receives the payment in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme.

For the purposes of this section, an **Offshore Associate** is an "associate" of the Issuer as defined in section 128F(9) of the Tax Act who is:

- (i) a non-resident of Australia that does not acquire the Notes or an interest in the Notes in carrying on a business in Australia at or through a permanent establishment of the associate in Australia; or
- (ii) a resident of Australia that acquires the Notes or an interest in the Notes in carrying on a business in a country outside Australia at or through a permanent establishment of the associate in that country.

The definition of **associate** includes, among other things, persons who have a majority voting interest in the Issuer, or who are able to influence or control the Issuer, and persons in whom the Issuer has a majority voting interest, or whom the Issuer is able to influence or control (however this is not a complete statement of the definition).

Unless otherwise specified in any applicable final terms (or another relevant supplement to this Information Memorandum), the Issuer intends to issue the Notes in a manner which will satisfy the requirements of section 128F of the Tax Act.

Tax treaty exemption

Various Australian double tax agreements, including those with the United States of America, the United Kingdom, Norway, Finland, the Republic of France, Japan, Germany, Switzerland, the Republic of South Africa and New Zealand (each a “**Specified Country**”), include exemptions from interest withholding tax for interest derived by:

- (iii) the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- (iv) certain unrelated banks, and financial institutions which substantially derive their profits by carrying on a business of raising and providing finance, which are resident in the Specified Country, and which are dealing wholly independently with the Issuer (interest paid under a back-to-back loan or economically equivalent arrangement will not qualify for this exemption).

The Australian Government is progressively amending its other double tax agreements to include similar kinds of interest withholding tax exemptions. Prospective Noteholders should obtain their own independent tax advice as to whether any of the exemptions under the relevant double tax agreements may apply to their particular circumstances. In particular, the availability of relief under Australia’s tax treaties may be limited by Australia’s adoption of the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting in circumstances where a Noteholder has an insufficient connection with the relevant jurisdiction.

Pension fund exemption

An exemption is available in respect of interest paid to a non-resident superannuation fund where that fund is a superannuation fund maintained solely for foreign residents and the interest arising from the Notes is exempt from income tax in the country in which such superannuation fund is resident. However, this exemption may not apply if the fund has either (i) an ownership interest (direct and indirect) of 10% or more in the Issuer, or (ii) influence over the Issuer’s key decision making.

Payment of additional amounts

As set out in more detail in the terms of the Notes, and unless expressly provided to the contrary in the applicable final terms (or another relevant supplement to this Information Memorandum), if the Issuer is at any time required by law to deduct or withhold an amount in respect of any taxes imposed or levied by the Commonwealth of Australia in respect of the Notes, the Issuer must, subject to certain exceptions, pay such additional amounts as may be necessary in order to ensure that the net amounts

received by the holders of those Notes after such deduction or withholding are equal to the respective amounts which would have been received had no such deduction or withholding been required.

Taxation of gains on disposal or redemption

Onshore Noteholders

Noteholders who are Australian tax residents, or who are non-residents that hold the Notes in carrying on business at or through a permanent establishment in Australia, will be required to include any gain on disposal or redemption of the Notes in their assessable income and may be able to deduct any loss on disposal or redemption of the Notes depending on their personal circumstances.

The determination of the amount and timing of any gain or loss on disposition or redemption of the Notes may be affected by the "Taxation of Financial Arrangements" provisions of the Tax Act, which provide for a specialised regime for the taxation of financial instruments, and, where the Notes are denominated in a currency other than Australian Dollars, the foreign currency rules. Prospective Noteholders should obtain their own independent tax advice in relation to the determination of any gain or loss on disposal or redemption of the Notes.

Offshore Noteholders

A Noteholder who is a non-resident of Australia and who has never held the Notes through a permanent establishment in Australia will not be subject to Australian income tax on gains realised on the disposal or redemption of the Notes, provided such gains do not have an Australian source. A gain arising on the sale of the Notes by a non-Australian resident holder to another non-Australian resident where the Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia, should generally not be regarded as having an Australian source. In certain cases, a non-Australian resident holder may be able to claim an exemption from Australian income tax on Australian sourced gains pursuant to the terms of an applicable double tax agreement.

Special rules can apply to treat a portion of the purchase price of Notes as interest for withholding tax purposes where deferred-return Notes (for example, Notes which pay a return that is deferred by more than 12 months) are sold to an Australian Noteholder. Any deemed interest under these rules is able to qualify for exemption from withholding tax as described above.

Stamp duty

No ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue, transfer or redemption of the Notes.

Goods and Services Tax

Neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore non-resident subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest on the Notes would give rise to a GST liability.

- (i) on the second Target Business Day (as defined in paragraph 6) before the beginning of each Interest Period (each an “Interest Determination Date”) the Calculation Agent will determine the European Interbank Offered Rate for deposits in euro for the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as page EURIBOR01 on Reuters (or such other page or service as may replace it for the purpose of displaying European Interbank Offered Rates of prime banks in the euro-zone (as defined below) for deposits in euro for a duration approximately equal to the Interest Period). The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
 - (ii) if on any Interest Determination Date for any reason such offered rate is unavailable, the Issuer shall request the principal euro-zone office of four reference banks to provide the Calculation Agent with its offered quotation to leading banks in the euro-zone interbank market for deposits in euro for a duration approximately equal to the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Rate of Interest for such EURIBOR Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent;
 - (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the Rate of Interest in effect for the last preceding Interest Period to which (i) or (ii) above shall have applied;
 - (iv) for the purposes of this Global Note, euro-zone means the region comprised of the countries whose lawful currency is the euro; and
- (b) the Calculation Agent will, as soon as practicable after 11.00 a.m. (Brussels time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360, and rounding the resulting figure to the nearest amount of the Specified Currency which is available as legal tender in the country of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

- 7.2 (a) In the case of a Global Note which specifies BBSW as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 7.7 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 365 days or 366, as the case may be, at a rate (the "Rate of Interest") determined on the following basis:
- (i) on the Business Day (as defined in paragraph 6), at the beginning of each Interest Period (each an "Interest Determination Date"), the Calculation Agent will determine the average mid rate, for Australian Dollar bills of exchange for the Interest Period concerned as at 10:00am (Sydney time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as Reuters Screen BBSW Page (or such other page or service as may replace it for the purpose of displaying rate for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period). The Rate of Interest shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
 - (ii) if on any Interest Determination Date for any reason such offered rate is unavailable by 10:30am Sydney time, the Issuer shall request five reference banks to provide the Calculation Agent with its offered quotation or the quotation it would have quoted at approximately 10:00am (Sydney time) on the Interest Determination Date for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period. The Rate of Interest for such BBSW Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent; and
 - (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the rate calculated or determined by the Calculation Agent expressed as a percentage rate per annum (rounded, if necessary, up to the nearest four decimal places); and
- (b) the Calculation Agent will, as soon as practicable after 10:00am (Sydney time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 365 or 366, as the case may be, and rounding the resulting figure to the nearest amount of Australian Dollars (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for one Note of each Denomination for the relevant Interest Period. - (i) a rate equal to SOFR for such U.S. Government Securities Business Day appearing on the SOFR Administrator's Website on or about the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day; or
- (ii) if SOFR in respect of such U.S. Government Securities Business Day does not appear as specified in paragraph (i) above, unless the Issuer or the SOFR Benchmark Replacement Agent, if any, determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to SOFR on or prior to the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day, SOFR in respect of the last U.S. Government Securities Business Day for which such rate was published on the SOFR Administrator's Website; or

- (iii) if the Issuer or the SOFR Benchmark Replacement Agent, if any, determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to the then-current SOFR Benchmark on or prior to the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day (or, if the then-current SOFR Benchmark is not SOFR, on or prior to the Specified Time on the Alternative Relevant Date), then (subject to the subsequent operation of this paragraph (iii)) from (and including) the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day (or the Alternative Relevant Date, as applicable) (the "Affected Day"), the SOFR Reference Rate shall mean, in respect of any U.S. Government Securities Business Day, the applicable SOFR Benchmark Replacement for such U.S. Government Securities Business Day appearing on, or obtained from, the Alternative Relevant Source at the Alternative Specified Time on the Alternative Relevant Date.

"Specified Time" means 3:00 p.m., New York City time or such other time as is specified above;

"Unadjusted SOFR Benchmark Replacement" means the SOFR Benchmark Replacement excluding the SOFR Benchmark Replacement Adjustment; and

"U.S. Government Securities Business Day" means any day (other than a Saturday or Sunday) that is not a day on which the Securities Industry and Financial Markets Association or any successor organisation recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

- (d) Notwithstanding the other provisions of this paragraph 7.4, if the Issuer has appointed a SOFR Benchmark Replacement Agent and such SOFR Benchmark Replacement Agent is unable to determine whether a SOFR Benchmark Transition Event has occurred or, following the occurrence of a SOFR Benchmark Transition Event, has not selected the SOFR Benchmark Replacement as of the related SOFR Benchmark Replacement Date, in accordance with this paragraph 7.4 then, in such case, the Issuer shall make such determination or select the SOFR Benchmark Replacement, as the case may be.
- (e) Any determination, decision or election that may be made by the Issuer or the SOFR Benchmark Replacement Agent, if any, pursuant to this paragraph 7.4, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event (including any determination that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to the then-current SOFR Benchmark), circumstance or date and any decision to take or refrain from taking any action or any selection, will be made in the sole discretion of the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, acting in good faith and in a commercially reasonable manner and neither the Calculation Agent nor the Paying Agent shall have any responsibility or liability with respect thereto.

- 7.5 (a) In the case of a Global Note which specifies Compounded Daily €STR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 7.7 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days at a rate (the "Rate of Interest") for each Interest Period, subject as provided in paragraph 7.8 below, equal to Compounded Daily €STR with respect to

such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360 and rounding the resulting figure to the nearest amount of euro (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

“Compounded Daily €STR” means, with respect to an Interest Period:

- (i) if Index Determination is specified as being applicable, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{\text{€STR Index}_{\text{END}}}{\text{€STR Index}_{\text{START}}} - 1 \right) \times \frac{360}{d}$$

where:

“€STR Index_{End}” is the €STR Index value for the day falling “p” Target Business Days prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“€STR Index_{Start}” is the €STR Index value for the day falling “p” Target Business Days prior to the first day of the relevant Interest Period;

“d” is the number of calendar days in the relevant €STR Observation Period,

provided that if the €STR Index value required to determine €STR Index_{Start} or €STR Index_{End} does not appear on the Relevant Screen Page at the Specified Time on the relevant Target Business Day (or by 5:00 p.m. Frankfurt time or such later time falling one hour after the customary or scheduled time for publication of the €STR Compounded Index in accordance with the then-prevailing operational procedures of the administrator of €STR or €STR authorised distributors, as the case may be), then Compounded Daily €STR for such Interest Period and each subsequent Interest Period shall be “Compounded Daily €STR” determined in accordance with paragraph (ii) below and for these purposes the “€STR Observation Method” shall be deemed to be “Shift”; or

- (i) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_{i-\text{pTBD} \times n_i}}{360} \right) - 1 \times \frac{360}{d}$$

where:

“d” is the number of calendar days in (where “Lag” is specified as the €STR Observation Method) the relevant Interest Period or (where “Shift” is specified as the €STR Observation Method) the relevant €STR Observation Period;

“d_o” is the number of Target Business Days in (where “Lag” is specified as the €STR Observation Method) the relevant Interest Period or (where “Shift” is specified as the €STR Observation Method) the €STR Observation Period;

“i” is a series of whole numbers from one to d_o, each representing the relevant Target Business Day in chronological order from, and including, the first Target Business Day in (where “Lag” is specified as the €STR Observation Method) the relevant Interest Period or (where “Shift” is specified as the €STR Observation Method) the €STR Observation Period;

“n_i”, for any Target Business Day “i”, is the number of calendar days from (and including) such Target Business Day “i” up to (but excluding) the following Target Business Day;

“€STR_{i-pTBD}” means:

- (A) where “Lag” is specified as the €STR Observation Method, in respect of any Target Business Day “i” falling in the relevant Interest Period, the €STR Reference Rate for the Target Business Day falling “p” Target Business Days prior to such Target Business Day “i”; or
- (B) where “Shift” is specified as the €STR Observation Method, “€STR_{i-pTBD}” shall be replaced in the above formula with “€STR_i”, where “€STR_i” means, in respect of any Target Business Day “i” falling in the relevant “€STR Observation Period, the €STR Reference Rate for such Target Business Day “i”.

(b) In the event that Compounded Daily €STR cannot be determined by the Calculation Agent in accordance with the foregoing provisions, the Rate of Interest shall be:

- (ii) determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period); or
- (iii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin applicable to the first scheduled Interest Period).

(c) For the purposes of this paragraph 7.5:

“ECB” means the European Central Bank;

“€STR” has the meaning given to it in the definition of €STR Reference Rate

“€STR Index” means, in respect of any Target Business Day, the compounded €STR rate as published by the ECB (or any successor administrator of €STR), as such rate appears on the website of the ECB (or any successor administrator of €STR) at the Specified Time on such Target Business Day;

“€STR Observation Period“ means, in respect of any Interest Period, the period from and including the date falling “p” Target Business Days prior to the first day of such Interest Period to (but excluding) the date falling “p” Target Business Days prior to the Interest Payment Date for such Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“€STR Reference Rate“ means, in respect of any Target Business Day, the daily euro short-term rate (“€STR”) for such Target Business Day as published by the European Central Bank as the administrator of €STR (or any successor administrator of €STR) on the website of the ECB (or, if no longer published on the ECB’s website, as otherwise published or provided to authorised distributors by the ECB (or any successor administrator of €STR)) and as then published on the Relevant Screen Page (if any) (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the Target Business Day immediately following such Target Business Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the ECB or any successor administrator of €STR); and

“Interest Determination Date” means the day falling the number of Target Business Days included in the €STR Observation Look-Back Period prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“p” means the number of Target Business Days included in the €STR Observation Look-Back Period, as specified above;

“TARGET Business Day” means any day on which the TARGET System is open;

“TARGET System” means the Trans-European Automated Real-Time Gross Settlement Express Transfer System (known as TARGET or T2) or any successor or replacement for that system.

- 7.6 The period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an “Interest Period” for the purposes of this paragraph 7.
- 7.7 The Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be given as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to Euroclear and/or Clearstream, Luxembourg or if this Global Note has been exchanged for bearer Definitive Notes will be delivered to the bearer of the relevant Definitive Notes or, if that is not possible, it will be published in the *Financial Times* or in another leading London daily newspaper.
- 7.8 Notwithstanding any of the above provisions in this paragraph 7 (other than where the Reference Rate is specified as being Compounded Daily SOFR, in which case the provisions of this paragraph 7.8 shall not apply), if the Issuer (acting in good faith and in a commercially reasonable manner) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this paragraph 7.8 shall apply.

(a) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such

Successor Rate and that Successor Rate shall (subject to adjustment as provided in paragraph 7.8(b) below) subsequently be used by the Calculation Agent in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this paragraph 7.8).

If there is no Successor Rate but the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in paragraph 7.8(b)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

(b) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (i) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or

- (ii) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination of the Adjustment Spread, the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(c) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this paragraph 7.8 and the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (i) that amendments to this Global Note and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer, the Paying Agent and the Calculation Agent shall agree without any requirement for the consent or approval of Noteholders to the necessary modifications to this Global Note and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice, subject to the Issuer having to give notice thereof to the holders of the Notes in accordance with paragraph 7.7 above and any Benchmark Amendments not increasing the obligations or duties, or decreasing the rights or protections, of the Paying Agent and/or the Calculation Agent under this Global Note and/or the Agency Agreement unless agreed between the Issuer, the Paying Agent and/or the Calculation Agent, as applicable.

Any Benchmark Amendments determined under this paragraph 7.8(c) shall be notified promptly by the Issuer to the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

(d) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this paragraph 7.8, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this paragraph 7.8 shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer or any holder of the Notes for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this paragraph 7.8 or otherwise in connection with the Notes.

If the Issuer consults with an Independent Adviser as to whether there is an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the

terms of any such Benchmark Amendments, a written determination of that Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever to any holder of the Notes in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with holders of the Notes.

(e) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this paragraph 7.8, the Original Reference Rate and the fallback provisions provided for in paragraph 7 will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this paragraph 7.8.

(f) *Definitions*

In this paragraph 7.8:

“Adjustment Spread” means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) where the Original Reference Rate is replaced with the Successor Rate or the Alternative Rate (as the case may be).

“Alternative Rate” means an alternative benchmark or screen rate which the Issuer determines in accordance with this paragraph 7.8 is used in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

“Benchmark Event” means the earlier to occur of:

- (ii) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, by a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to such specified date;
- (iii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued, is prohibited from being used or is no longer representative, or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; and
- (iv) it has or will prior to the next Interest Determination Date become unlawful for the Calculation Agent, any Paying Agent or the Issuer to determine any Rate

“Independent Adviser” means an independent financial institution of international repute or other independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense;

“Original Reference Rate” means the benchmark or screen rate (as applicable) originally specified in the applicable Final Terms for the purposes of determining the relevant Rate of Interest (or any component part thereof) in respect of the Notes (provided that if, following one or more Benchmark Events, such originally specified Reference Rate (or any Successor Rate or Alternative Rate which has replaced it) has been replaced by a (or a further) Successor Rate or Alternative Rate and a Benchmark Event subsequently occurs in respect of such Successor Rate or Alternative Rate, the term “Original Reference Rate” shall include any such Successor Rate or Alternative Rate);

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (B) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (C) a group of the aforementioned central banks or other supervisory authorities, or (D) the Financial Stability Board or any part thereof; and

1. Commonwealth Bank of Australia (the "Issuer"), for value received, promises to pay the bearer of this Note on the Maturity Date specified above (the "Maturity Date") the principal amount specified above and in the meantime to pay interest thereon at the rate specified herein on the Interest Payment Dates specified on the reverse hereof. Payments of interest will be made upon presentation of this Note, and payment of principal will be made (where the Specified Currency is Sterling through the medium of an authorised institution) upon surrender of this Note, in each case to the Paying Agent by transfer to a bank account in the city specified for such purpose above which, where the Specified Currency is Sterling, shall be the City of London (the "City of Payment"). Interest shall be calculated on the basis of a 360, or where the Specified Currency is Sterling, 365 day year and the number of days elapsed and payments thereof shall be recorded on the Schedule hereto.
2. All payments by the Issuer under this Note shall be made free from any set-off or counter-claim and without deduction or withholding for any taxes, levies, imposts, duties or charges of any nature now or hereinafter imposed, levied, withheld or assessed by Australia or any jurisdiction from or through which payment hereof is made or any political subdivision or taxing authority thereof or therein (together "Taxes"), unless the Issuer is compelled by law to make any such deduction or withholding. If any deduction or withholding of Taxes is required by law to be made (whether by the Issuer, any paying agent or otherwise) from any such payment, the Issuer shall pay in the same manner and at the same time as such payment is due such additional amounts as will result in the receipt by the bearer of this Note of such amount as would have been received by the bearer had no such Taxes been required to be deducted or withheld except that no such additional amounts shall be payable in respect of this Note:
 - (i) if presented for payment by, or on behalf of, a person who is liable to any such Tax by reason of such person having some connection with the jurisdiction imposing the Taxes other than the mere holding of this Note or the receipt of any amount payable in respect of this Note; or
 - (ii) if presented for payment by, or on behalf of, a person who has not made, but in respect of whom such set-off, deduction or withholding would not have been required had such person made, a declaration of non-residence or other similar claim for exemption; or
 - (iii) in respect of any deduction or withholding which would not have been required but for presentation by, or on behalf of, the holder of this Note for payment on a date more than 15 days after the Maturity Date or, if applicable, the relevant Interest Payment Date or (in either case) the date on which payment hereof is duly provided for, whichever occurs later; or

- (iv) if presented for payment by, or on behalf of, a person who is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 of the Commonwealth of Australia) (the “**Australian Tax Act**”) of the Issuer and the payment being sought is not, or will not be exempt from interest withholding tax because of section 128F(6) of that Act; or
 - (v) if presented for payment by, or on behalf of, a person who directly or indirectly has an interest or right in respect of this Note where, under the Australian Tax Act, a determination has been made by the Commissioner of Taxation that withholding tax is payable in respect of the payment in circumstances where such person, or a person on behalf of such person, is party to participated in a scheme to avoid withholding tax, being a scheme which the Issuer neither was party to nor participated in.
3. If the Maturity Date falls on a day which is not a Business Day, payment hereof shall be made on the next succeeding Business Day (unless that falls in the next calendar month or is more than 364 days after the Issue Date of this Note, in which case payment shall be made on the immediately preceding Business Day). For this purpose, “Business Day” means a day on which (i) both Euroclear and Clearstream, Luxembourg are operating and (ii) banks are open for business (other than a Saturday or Sunday) in the place at which this Note is presented for payment and (iii) (in the case of a payment in any currency other than euro) banks are open for business (other than a Saturday or Sunday) in the City of Payment (if different) or (in the case of a payment in euro) the Trans-European Automated Real-Time Gross-Settlement Express Transfer System (known as TARGET or T2) or any successor or replacement for that system (the “**TARGET System**”) is open.
4. Interest shall be calculated on the principal amount as follows:
- 4.1 (a) in the case of a Definitive Note which specifies EURIBOR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days at a rate (the “Rate of Interest”) determined on the following basis:
- (i) on the second Target Business Day (as defined in paragraph 3) before the beginning of each Interest Period (each an “Interest Determination Date”) the Calculation Agent will determine the European Interbank Offered Rate for deposits in euro for the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as page EURIBOR01 on Reuters (or such other page or service as may replace it for the purpose of displaying European Interbank Offered Rates of prime banks in the euro-zone (as defined below) for deposits in euro for a duration approximately equal to the Interest Period). The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
 - (ii) if on any Interest Determination Date for any reason such offered rate is unavailable, the Issuer shall request the principal euro-zone office of four reference banks to provide the Calculation Agent with its offered quotation to leading banks in the euro-zone interbank market for deposits in euro for a duration approximately equal to the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Rate of Interest for such EURIBOR Interest Period shall be the Margin (expressed as

a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent;

- (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the Rate of Interest in effect for the last preceding Interest Period to which (i) or (ii) above shall have applied;
- (iv) for the purposes of this Definitive Certificate of Deposit, euro-zone means the region comprised of the countries whose lawful currency is the euro; and

(b) the Calculation Agent will, as soon as practicable after 11.00 a.m. (Brussels time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Certificate of Deposit of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360, and rounding the resulting figure to the nearest amount of the Specified Currency which is available as legal tender in the country of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

4.2 (a) In the case of a Definitive Note which specifies BBSW as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 365 days or 366, as the case may be, at a rate (the "Rate of Interest") determined on the following basis:

- (i) on the Business Day (as defined in paragraph 3), at the beginning of each Interest Period (each an "Interest Determination Date"), the Calculation Agent will determine the average mid rate, for Australian Dollar bills of exchange for the Interest Period concerned as at 10:00am (Sydney time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as Reuters Screen BBSW Page (or such other page or service as may replace it for the purpose of displaying rate for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period). The Rate of Interest shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
- (ii) if on any Interest Determination Date for any reason such offered rate is unavailable by 10:30am Sydney time, the Issuer shall request five reference banks to provide the Calculation Agent with its offered quotation or the quotation it would have quoted at approximately 10:00am (Sydney time) on the Interest Determination Date for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period. The Rate of Interest for such BBSW Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if

necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent; and

(iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the rate calculated or determined by the Calculation Agent expressed as a percentage rate per annum (rounded, if necessary, up to the nearest four decimal places); and

(b) the Calculation Agent will, as soon as practicable after 10:00am (Sydney time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for one Certificate of Deposit of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Certificate of Deposit of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 365 or 366, as the case may be, and rounding the resulting figure to the nearest amount of Australian Dollars (with halves being rounded upwards). - (i) a rate equal to SOFR for such U.S. Government Securities Business Day appearing on the SOFR Administrator's Website on or about the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day; or
- (ii) if SOFR in respect of such U.S. Government Securities Business Day does not appear as specified in paragraph (i) above, unless the Issuer or the SOFR Benchmark Replacement Agent, if any, determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to SOFR on or prior to the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day, SOFR in respect of the last U.S. Government Securities Business Day for which such rate was published on the SOFR Administrator's Website; or
- (iii) if the Issuer or the SOFR Benchmark Replacement Agent, if any, determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to the then-current SOFR Benchmark on or prior to the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day (or, if the then-current SOFR Benchmark is not SOFR, on or prior to the Specified Time on the Alternative Relevant Date), then (subject to the subsequent operation of this paragraph (iii)) from (and including) the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day (or the Alternative Relevant Date, as applicable) (the "Affected Day"), the SOFR Reference Rate shall mean, in respect of any U.S. Government Securities Business Day, the applicable SOFR Benchmark Replacement for such U.S. Government Securities Business Day appearing on, or obtained from, the Alternative Relevant Source at the Alternative Specified Time on the Alternative Relevant Date.

"Specified Time" means 3:00 p.m., New York City time or such other time as is specified above;

"Unadjusted SOFR Benchmark Replacement" means the SOFR Benchmark Replacement excluding the SOFR Benchmark Replacement Adjustment; and

"U.S. Government Securities Business Day" means any day (other than a Saturday or Sunday) that is not a day on which the Securities Industry and Financial Markets Association or any successor organisation recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

- (d) Notwithstanding the other provisions of this paragraph 4.4, if the Issuer has appointed a SOFR Benchmark Replacement Agent and such SOFR Benchmark Replacement

Agent is unable to determine whether a SOFR Benchmark Transition Event has occurred or, following the occurrence of a SOFR Benchmark Transition Event, has not selected the SOFR Benchmark Replacement as of the related SOFR Benchmark Replacement Date, in accordance with this paragraph 4.4 then, in such case, the Issuer shall make such determination or select the SOFR Benchmark Replacement, as the case may be.

- (e) Any determination, decision or election that may be made by the Issuer or the SOFR Benchmark Replacement Agent, if any, pursuant to this paragraph 4.4, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event (including any determination that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to the then-current SOFR Benchmark), circumstance or date and any decision to take or refrain from taking any action or any selection, will be made in the sole discretion of the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, acting in good faith and in a commercially reasonable manner and neither the Calculation Agent nor the Paying Agent shall have any responsibility or liability with respect thereto.

- 4.5 (a) In the case of a Definitive Note which specifies Compounded Daily €STR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days at a rate (the “Rate of Interest”) for each Interest Period, subject as provided in paragraph 4.8 below, equal to Compounded Daily €STR with respect to such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360 and rounding the resulting figure to the nearest amount of euro (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

“Compounded Daily €STR” means, with respect to an Interest Period:

- (i) if Index Determination is specified as being applicable, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{\text{€STR Index}_{END}}{\text{€STR Index}_{START}} - 1 \right) \times \frac{360}{d}$$

where:

“€STR Index_{End}” is the €STR Index value for the day falling “p” Target Business Days prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“€STR Index_{Start}” is the €STR Index value for the day falling “p” Target Business Days prior to the first day of the relevant Interest Period;

“d” is the number of calendar days in the relevant €STR Observation Period,

provided that if the €STR Index value required to determine €STR Index_{Start} or €STR Index_{End} does not appear on the Relevant Screen Page at the Specified Time on the relevant Target Business Day (or by 5:00 p.m. Frankfurt time or such later time falling one hour after the customary or scheduled time for publication of the €STR Compounded Index in accordance with the then-prevailing operational procedures of the administrator of €STR or €STR authorised distributors, as the case may be), then Compounded Daily €STR for such Interest Period and each subsequent Interest Period shall be “Compounded Daily €STR” determined in accordance with paragraph (ii) below and for these purposes the “€STR Observation Method” shall be deemed to be “Shift”; or

- (i) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_{i-\text{pTBD}} \times n_i}{360} \right) - 1 \times \frac{360}{d}$$

where:

“d” is the number of calendar days in (where “Lag” is specified as the €STR Observation Method) the relevant Interest Period or (where “Shift” is specified as the €STR Observation Method) the relevant €STR Observation Period;

“d_o” is the number of Target Business Days in (where “Lag” is specified as the €STR Observation Method) the relevant Interest Period or (where “Shift” is specified as the €STR Observation Method) the €STR Observation Period;

“i” is a series of whole numbers from one to d_o, each representing the relevant Target Business Day in chronological order from, and including, the first Target Business Day in (where “Lag” is specified as the €STR Observation Method) the relevant Interest Period or (where “Shift” is specified as the €STR Observation Method) the €STR Observation Period;

“n_i”, for any Target Business Day “i”, is the number of calendar days from (and including) such Target Business Day “i” up to (but excluding) the following Target Business Day;

“€STR_{i-pTBD}” means:

- (A) where “Lag” is specified as the €STR Observation Method, in respect of any Target Business Day “i” falling in the relevant Interest Period, the €STR Reference Rate for the Target Business Day falling “p” Target Business Days prior to such Target Business Day “i”; or
- (B) where “Shift” is specified as the €STR Observation Method, “€STR_{i-pTBD}” shall be replaced in the above formula with “€STR_i”, where “€STR_i” means, in respect of any Target Business Day “i” falling in the relevant “€STR Observation Period, the €STR Reference Rate for such Target Business Day “i”.

- (b) In the event that Compounded Daily €STR cannot be determined by the Calculation Agent in accordance with the foregoing provisions, the Rate of Interest shall be:

- (ii) determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period); or
 - (iii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin applicable to the first scheduled Interest Period).
- (c) For the purposes of this paragraph 4.5:

"ECB" means the European Central Bank;

"€STR" has the meaning given to it in the definition of €STR Reference Rate

"€STR Index" means, in respect of any Target Business Day, the compounded €STR rate as published by the ECB (or any successor administrator of €STR), as such rate appears on the website of the ECB (or any successor administrator of €STR) at the Specified Time on such Target Business Day;

"€STR Observation Period" means, in respect of any Interest Period, the period from and including the date falling "p" Target Business Days prior to the first day of such Interest Period to (but excluding) the date falling "p" Target Business Days prior to the Interest Payment Date for such Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

"€STR Reference Rate" means, in respect of any Target Business Day, the daily euro short-term rate ("€STR") for such Target Business Day as published by the European Central Bank as the administrator of €STR (or any successor administrator of €STR) on the website of the ECB (or, if no longer published on the ECB's website, as otherwise published or provided to authorised distributors by the ECB (or any successor administrator of €STR)) and as then published on the Relevant Screen Page (if any) (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the Target Business Day immediately following such Target Business Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the ECB or any successor administrator of €STR); and

"Interest Determination Date" means the day falling the number of Target Business Days included in the €STR Observation Look-Back Period prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

"p" means the number of Target Business Days included in the €STR Observation Look-Back Period, as specified above;

"TARGET Business Day" means any day on which the TARGET System is open;

"TARGET System" means the Trans-European Automated Real-Time Gross Settlement Express Transfer System (known as TARGET or T2) or any successor or replacement for that system.

- 4.6 The period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an “Interest Period” for the purposes of this paragraph 4.
- 4.7 The Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be given as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to Euroclear and/or Clearstream, Luxembourg or if this Definitive Note has been exchanged for bearer Definitive Notes will be delivered to the bearer of the relevant Definitive Notes or, if that is not possible, it will be published in the *Financial Times* or in another leading London daily newspaper.
- 4.8 Notwithstanding any of the above provisions in this paragraph 4 (other than where the Reference Rate is specified as being Compounded Daily SOFR, in which case the provisions of this paragraph 4.8 shall not apply), if the Issuer (acting in good faith and in a commercially reasonable manner) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this paragraph 4.8 shall apply.

(a) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in paragraph 4.8(b) below) subsequently be used by the Calculation Agent in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this paragraph 4.8).

If there is no Successor Rate but the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in paragraph 4.8(b)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

(b) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which

may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (i) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (ii) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination of the Adjustment Spread, the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(c) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this paragraph 4.8 and the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (i) that amendments to this Global Note and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer, the Paying Agent and the Calculation Agent shall agree without any requirement for the consent or approval of Noteholders to the necessary modifications to this Global Note and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice, subject to the Issuer having to give notice thereof to the holders of the Notes in accordance with paragraph 4.7 above and any Benchmark

Amendments not increasing the obligations or duties, or decreasing the rights or protections, of the Paying Agent and/or the Calculation Agent under this Global Note and/or the Agency Agreement unless agreed between the Issuer, the Paying Agent and/or the Calculation Agent, as applicable.

Any Benchmark Amendments determined under this paragraph 4.8(c) shall be notified promptly by the Issuer to the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

(d) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this paragraph 4.8, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this paragraph 4.8 shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer or any holder of the Notes for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this paragraph 7.8 or otherwise in connection with the Notes.

If the Issuer consults with an Independent Adviser as to whether there is an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of that Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever to any holder of the Notes in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with holders of the Notes.

(e) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this paragraph 4.8, the Original Reference Rate and the fallback provisions provided for in paragraph 4 will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this paragraph 4.8.

(f) *Definitions*

In this paragraph 4.8:

“Adjustment Spread” means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) where the Original Reference Rate is replaced with the Successor Rate or the Alternative Rate (as the case may be).

“Alternative Rate” means an alternative benchmark or screen rate which the Issuer determines in accordance with this paragraph 4.8 is used in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

“Benchmark Event” means the earlier to occur of:

- (ii) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, by a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to such specified date;
- (iii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued, is prohibited from being used or is no longer representative, or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; and
- (iv) it has or will prior to the next Interest Determination Date become unlawful for the Calculation Agent, any Paying Agent or the Issuer to determine any Rate of Interest and/or calculate any Interest Amount using the Original Reference Rate (including, without limitation, under (i) Regulation (EU) No. 2016/1011 and/or (ii) Regulation (EU) No. 2016/1011 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, if applicable).

“Independent Adviser” means an independent financial institution of international repute or other independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense;

“Original Reference Rate” means the benchmark or screen rate (as applicable) originally specified in the applicable Final Terms for the purposes of determining the relevant Rate of Interest (or any component part thereof) in respect of the Notes (provided that if, following one or more Benchmark Events, such originally specified Reference Rate (or any Successor Rate or Alternative Rate which has replaced it) has been replaced by a (or a further) Successor Rate or Alternative Rate and a Benchmark Event subsequently occurs in respect of such Successor Rate or Alternative Rate, the term “Original Reference Rate” shall include any such Successor Rate or Alternative Rate);

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

aforementioned central banks or other supervisory authorities, or (D) the Financial Stability Board or any part thereof; and

5. If, for whatever reason, definitive Notes are not issued in exchange for this Global Note before 5.00 p.m. (in the place of exchange) on the seventh day after the date on which such definitive Notes should have been issued in accordance with Condition 4 above, this Global Note (including the obligation hereunder to issue definitive Notes) will become void and the bearer will have no further rights under this Global Note (but without prejudice to the rights which the bearer and any other persons may have under the Deed of Covenant dated 28 March 2023 executed by the Issuer in respect of the Notes, a copy of which may be inspected during normal business hours at the office of the Paying Agent).

If any deduction or withholding of Taxes is required by law to be made (whether by the Issuer, the Paying Agent or otherwise) from any such payment, the Issuer shall pay in the same manner and at the same time as such payment is due such additional amounts as will result in the receipt by the bearer of this Certificate of such amount as would have been received by the bearer had no such Taxes been required to be deducted or withheld except that no such additional amounts shall be payable in respect of this Certificate:
 - (i) if presented for payment by, or on behalf of, a person who is liable to any such Tax by reason of such person having some connection with the jurisdiction imposing the Taxes

other than the mere holding of this Certificate or the receipt of any amount payable in respect of this Certificate; or

- (ii) if presented for payment by, or on behalf of, a person who has not made, but in respect of whom such set-off, deduction or withholding would not have been required had such person made, a declaration of non-residence or other similar claim for exemption; or
 - (iii) in respect of any deduction or withholding which would not have been required but for presentation by, or on behalf of, the holder of this Certificate for payment on a date more than 15 days after the Maturity Date or, if applicable, the relevant Interest Payment Date or (in either case) the date on which payment hereof is duly provided for, whichever occurs later; or
 - (iv) if presented for payment by, or on behalf of, a person who is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 of the Commonwealth of Australia) (the "**Australian Tax Act**") of the Issuer and the payment being sought is not or will not be exempt from interest withholding tax because of section 128F(6) of that Act; or
 - (v) if presented for payment by, or on behalf of, a person who directly or indirectly has an interest or right in respect of this Certificate where, under the Australian Tax Act, a determination has been made by the Commissioner of Taxation that withholding tax is payable in respect of the payment in circumstances where such person, or a person on behalf of such person, is party to participated in a scheme to avoid withholding tax, being a scheme which the Issuer neither was party to nor participated in.
3. If the Maturity Date falls on a day which is not a Business Day, payment hereof shall be made on the next succeeding Business Day (unless that falls in the next calendar month or is more than 364 days after the Issue Date of this Certificate in which case payment shall be made on the immediately preceding Business Day). For this purpose "Business Day" means a day on which (i) banks are open for business (other than a Saturday or Sunday) in the place at which this Certificate is presented for payment and (ii) (in the case of a payment in any currency other than euro) banks are open for business (other than a Saturday or Sunday) in the City of Payment (if different) or (in the case of a payment in euro) the Trans-European Automated Real-Time Gross-Settlement Express Transfer System (known as TARGET or T2) or any successor or replacement for that system (the "**TARGET System**") is open.
4. No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Certificate, but this does not affect any right or remedy of any person which exists apart from that Act.
5. This Certificate is transferable by delivery and is governed by, and shall be construed in accordance with, English law. For the benefit of the bearer solely, the Issuer irrevocably agrees that the courts of England are to have jurisdiction to settle any disputes which may arise out of, or in connection with, this Certificate and in relation to this Certificate irrevocably appoints the Chief Executive Officer of the Issuer's London branch (being at the date hereof at 1 New Ludgate, 60 Ludgate Hill, London EC4M 7AW, United Kingdom) as its agent with authority to receive, accept and acknowledge for it and on its behalf service of all process issued out of, or relating to any proceedings in, England and agrees that service on such agent shall be deemed due service for the purposes of proceedings in such courts without prejudice to any other mode of service. Nothing in this Condition 5 shall limit the right of the bearer to bring proceedings against the Issuer in any other court of competent jurisdiction; nor shall the bringing or continuing of proceedings in one or more jurisdictions preclude the bringing or continuing of proceedings in any other jurisdiction, whether concurrently or otherwise.

6. This Certificate shall not be validly issued unless authenticated by two signatories duly authorised by the Issuing Agent.

Payments of interest will be made upon presentation of this Global Certificate, and payment of principal will be made (where the Specified Currency is Sterling through the medium of an authorised institution) upon surrender of this Global Certificate, in each case to the Paying Agent by transfer to a bank account in the city specified for such purpose above which, where the Specified Currency is Sterling, shall be the City of London (the "City of Payment"). Interest shall be calculated on the basis of a 360, or where the Specified Currency is Sterling, 365 day year and the number of days elapsed and payments thereof shall be recorded on the Schedule hereto.
2. This Global Certificate is issued in representation of an issue of Certificates of Deposit having the denomination specified above.
3. All payments by the Issuer under this Global Certificate shall be made free from any set-off or counter claim and without deduction or withholding for any taxes, levies, imposts, duties or charges of any nature now or hereinafter imposed, levied, withheld or assessed by Australia or any jurisdiction from or through which payment hereof is made or any political subdivision or taxing authority thereof or therein (together "Taxes"), unless the Issuer is compelled by law to make any such deduction or withholding. If any deduction or withholding of Taxes is required by law to be made (whether by the Issuer, any paying agent or otherwise) from any such payment the Issuer shall pay in the same manner and at the same time as such payment is due such additional amounts as will result in the receipt by the bearer of this Global Certificate of such amount as would have been received by the bearer had no such Taxes been required to be deducted or withheld except that no such additional amounts shall be payable in respect of this Global Certificate:
 - (i) if presented for payment by, or on behalf of, a person who is liable to any such Tax by reason of such person having some connection with the jurisdiction imposing the Taxes other than the mere holding of this Global Certificate or the receipt of any amount payable in respect of this Global Certificate; or
 - (ii) if presented for payment by, or on behalf of, a person who has not made, but in respect of whom such set-off, deduction or withholding would not have been required had such person made, a declaration of non-residence or other similar claim for exemption; or

- (iii) in respect of any deduction or withholding which would not have been required but for presentation by, or on behalf of, the holder of this Global Certificate for payment on a date more than 15 days after the Maturity Date or, if applicable, the relevant Interest Payment Date or (in either case) the date on which payment hereof is duly provided for, whichever occurs later; or
 - (iv) if presented for payment by, or on behalf of, a person who is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 of the Commonwealth of Australia) (the “**Australian Tax Act**”) of the Issuer and the payment being sought is not, or will not be, exempt from interest withholding tax because of section 128F(6) of that Act; or
 - (v) if presented for payment by, or on behalf of, a person who directly or indirectly has an interest or right in respect of this Global Certificate where, under the Australian Tax Act, a determination has been made by the Commissioner of Taxation that withholding tax is payable in respect of the payment in circumstances where such person, or a person on behalf of such person, is party to participated in a scheme to avoid withholding tax, being a scheme which the Issuer neither was party to nor participated in.
4. This Global Certificate shall, without charge, be exchanged at the office of the Paying Agent in whole for definitive Certificates of Deposit in the denomination specified above upon presentation and surrender of this Global Certificate to the Paying Agent together with a written notice requesting such exchange given by any holder of an interest in this Global Certificate on any day on which banks are open for business in the place of exchange (other than a Saturday or a Sunday) in the following circumstances:
- (i) if Euroclear Bank S.A./N.V. (“Euroclear”) or Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) or any other relevant clearing system is closed for a continuous period of 14 days or more (other than by reason of weekends or public holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no successor clearing system is available; and/or
 - (ii) if default is made in the payment in full when due of the principal amount of this Global Certificate.
5. If, for whatever reason, definitive Certificates of Deposit are not issued in exchange for this Global Certificate before 5.00 p.m. (in the place of exchange) on the seventh day after the date on which such definitive Certificates of Deposit should have been issued in accordance with Condition 4 above, this Global Certificate (including the obligation hereunder to issue definitive Certificates of Deposit) will become void and the bearer will have no further rights under this Global Certificate (but without prejudice to the rights which the bearer and any other persons may have under the Deed of Covenant dated 28 March 2023 executed by the Issuer in respect of the Certificates of Deposit, a copy of which may be inspected during normal business hours at the office of the Paying Agent).
6. If the Maturity Date falls on a day which is not a Business Day, payment hereof shall be made on the next succeeding Business Day (unless that falls in the next calendar month or is more than 364 days after the Issue Date of this Global Certificate, in which case payment shall be made on the immediately preceding Business Day). For this purpose, “Business Day” means a day on which (i) both Euroclear and Clearstream, Luxembourg are operating and (ii) banks are open for business (other than a Saturday or Sunday) in the place at which this Global Certificate is presented for payment and (iii) (in the case of a payment in any currency other than euro) banks are open for business (other than a Saturday or Sunday) in the City of Payment (if different) or (in the case of a payment in euro) the Trans-European Automated Real-Time

Gross-Settlement Express Transfer System (known as TARGET or T2) or any successor or replacement for that system (the “**TARGET System**”) is open.

7. Interest shall be calculated on the principal amount as follows:

- 7.1 (a) in the case of a Global Certificate which specifies EURIBOR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 7.7 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days at a rate (the “Rate of Interest”) determined on the following basis:
- (i) on the second Target Business Day (as defined in paragraph 6) before the beginning of each Interest Period (each an “Interest Determination Date”) the Calculation Agent will determine the European Interbank Offered Rate for deposits in euro for the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as page EURIBOR01 on Reuters (or such other page or service as may replace it for the purpose of displaying European Interbank Offered Rates of prime banks in the euro-zone (as defined below) for deposits in euro for a duration approximately equal to the Interest Period). The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
 - (ii) if on any Interest Determination Date for any reason such offered rate is unavailable, the Issuer shall request the principal euro-zone office of four reference banks to provide the Calculation Agent with its offered quotation to leading banks in the euro-zone interbank market for deposits in euro for a duration approximately equal to the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Rate of Interest for such EURIBOR Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent;
 - (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the Rate of Interest in effect for the last preceding Interest Period to which (i) or (ii) above shall have applied;
 - (iv) for the purposes of this Global Certificate, euro-zone means the region comprised of the countries whose lawful currency is the euro; and
- (b) the Calculation Agent will, as soon as practicable after 11.00 a.m. (Brussels time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Certificate of Deposit of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360, and rounding the resulting figure to the nearest amount of the Specified Currency which is available as legal tender in the country of the Specified Currency (with halves being

rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

- 7.2 (a) In the case of a Global Certificate which specifies BBSW as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 7.7 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 365 days or 366, as the case may be, at a rate (the "Rate of Interest") determined on the following basis:
- (i) on the Business Day (as defined in paragraph 6), at the beginning of each Interest Period (each an "Interest Determination Date"), the Calculation Agent will determine the average mid rate, for Australian Dollar bills of exchange for the Interest Period concerned as at 10:00am (Sydney time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as Reuters Screen BBSW Page (or such other page or service as may replace it for the purpose of displaying rate for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period). The Rate of Interest shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
 - (ii) if on any Interest Determination Date for any reason such offered rate is unavailable by 10:30am Sydney time, the Issuer shall request five reference banks to provide the Calculation Agent with its offered quotation or the quotation it would have quoted at approximately 10:00am (Sydney time) on the Interest Determination Date for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period. The Rate of Interest for such BBSW Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent; and
 - (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the rate calculated or determined by the Calculation Agent expressed as a percentage rate per annum (rounded, if necessary, up to the nearest four decimal places); and
- (b) the Calculation Agent will, as soon as practicable after 10:00am (Sydney time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 365 or 366, as the case may be, and rounding the resulting figure to the nearest amount of Australian Dollars (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.
- 7.3 (a) In the case of a Global Certificate which specifies Compounded Daily SONIA as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 7.7 below) from the Interest

Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 365 days, at a rate (the “Rate of Interest”) for each Interest Period, subject as provided in paragraph 7.8 below, equal to Compounded Daily SONIA with respect to such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 365 and rounding the resulting figure to the nearest amount of Sterling (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

“Compounded Daily SONIA” means, with respect to an Interest Period:

- (i) if Index Determination is specified as being applicable, the rate determined by the Calculation Agent, on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{\text{SONIA Compounded Index}_y}{\text{SONIA Compounded Index}_x} - 1 \right) \times \frac{365}{d}$$

where:

“SONIA Compounded Index_x” is the SONIA Compounded Index value for the day falling “p” London Banking Days prior to the first day of the relevant Interest Period;

“SONIA Compounded Index_y” is the SONIA Compounded Index value for the day falling “p” London Banking Days prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“d” is the number of calendar days in the relevant SONIA Observation Period,

provided that if the SONIA Compounded Index value required to determine SONIA Compounded Index_x or SONIA Compounded Index_y does not appear on the Bank of England's Interactive Statistical Database, or any successor source on which the compounded daily SONIA rate is published by the Bank of England (or any successor administrator of SONIA), at the Specified Time on the relevant London Banking Day (or by 5:00 p.m. London time or such later time falling one hour after the customary or scheduled time for publication of the SONIA Compounded Index in accordance with the then-prevailing operational procedures of the administrator of the SONIA Reference Rate or SONIA authorised distributors, as the case may be), then Compounded Daily SONIA for such Interest Period and each subsequent Interest Period shall be “Compounded Daily SONIA” determined in accordance with paragraph (ii) below and for these purposes the “SONIA Observation Method” shall be deemed to be “Shift”; or

- (ii) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest

Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“d” is the number of calendar days in (where “Lag” is specified as the SONIA Observation Method) the relevant Interest Period or (where “Shift” is specified as the SONIA Observation Method) the relevant SONIA Observation Period;

“d₀” is the number of London Banking Days in (where “Lag” is specified as the SONIA Observation Method) the relevant Interest Period or (where “Shift” is specified as the SONIA Observation Method) the SONIA Observation Period;

“i” is a series of whole numbers from one to d₀, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in (where “Lag” is specified as the SONIA Observation Method) the relevant Interest Period or (where “Shift” is specified as the SONIA Observation Method) the SONIA Observation Period;

“n_i”, for any London Banking Day “i”, is the number of calendar days from (and including) such London Banking Day “i” up to (but excluding) the following London Banking Day;

“SONIA_{i-pLBD}” means:

- (A) where “Lag” is specified as the SONIA Observation Method, in respect of any London Banking Day “i” falling in the relevant Interest Period, the SONIA Reference Rate for the London Banking Day falling “p” London Banking Days prior to such London Banking Day “i”; or
- (B) where “Shift” is specified as the SONIA Observation Method, “SONIA_{i-pLBD}” shall be replaced in the above formula with “SONIA_i”, where “SONIA_i” means, in respect of any London Banking Day “i” falling in the relevant SONIA Observation Period, the SONIA Reference Rate for such London Banking Day “i”.

- (b) In the event that Compounded Daily SONIA cannot be determined by the Calculation Agent in accordance with the foregoing provisions, the Rate of Interest shall be:
 - (i) determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period); or
 - (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin applicable to the first scheduled Interest Period).

(c) For the purposes of this paragraph 7.3:

“Interest Determination Date” means the day falling the number of London Banking Days included in the SONIA Observation Look-Back Period prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“London Banking Day” or “LBD” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“p” means the number of London Banking Days included in the SONIA Observation Look-Back Period, as specified above;

“SONIA” has the meaning given to it in the definition of SONIA Reference Rate;

“SONIA Compounded Index” means, in respect of any London Banking Day, the compounded daily SONIA rate as published by the Bank of England (or any successor administrator of SONIA) as such rate appears on the Bank of England's Interactive Statistical Database, or any successor source on which the compounded daily SONIA rate is published by the Bank of England (or any successor administrator of SONIA), at the Specified Time on such London Banking Day;

“SONIA Observation Look-Back Period” means the period specified as such above;

“SONIA Observation Period” means, in respect of any Interest Period, the period from (and including) the date falling “p” London Banking Days prior to the first day of such Interest Period to (but excluding) the date falling “p” London Banking Days prior to the Interest Payment Date for such Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“SONIA Reference Rate” means, in respect of any London Banking Day, the daily Sterling Overnight Index Average (“SONIA”) rate for such London Banking Day as provided by the Bank of England, as administrator of such rate (or any successor administrator of such rate) to authorised distributors (the “SONIA authorised distributors”) and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by the SONIA authorised distributors) on the London Banking Day immediately following such London Banking Day, *provided* that if, in respect of any London Banking Day, the applicable SONIA Reference Rate is not made available on the Relevant Screen Page or has not otherwise been published by the SONIA authorised distributors by 5.00 p.m. London time, then (unless the Calculation Agent has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to paragraph 7.8 below) the SONIA Reference Rate in respect of such London Banking Day shall be:

- (i) the sum of (a) the Bank of England's Bank Rate (the “Bank Rate”) prevailing at 5.00 p.m. London time (or, if earlier, close of business) on such London Banking Day; and (b) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or
- (ii) if the Bank Rate described in paragraph (i) above is not available at such time on such London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the SONIA authorised distributors) for the first preceding London Banking Day on which the SONIA

Reference Rate was published on the Relevant Screen Page (or otherwise published by the SONIA authorised distributors); and

“Specified Time” means 10:00 a.m., London time, or such other time as is specified above.

- 7.4** (a) In the case of a Definitive Note which specifies Compounded Daily SOFR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 7.7 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the number of days in such Interest Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) at a rate (the “Rate of Interest”) for each Interest Period, subject as provided in paragraph 7.8 below, equal to Compounded Daily SOFR with respect to such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the the number of days in the Interest Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360 and rounding the resulting figure to the nearest amount of U.S. dollars (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

“Compounded Daily SOFR” means, with respect to an Interest Period:

- (i) if Index Determination is specified as being applicable, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) \times \left(\frac{360}{d} \right)$$

where:

"SOFR Index_{Start}" is the SOFR Index value for the day falling "p" U.S. Government Securities Business Days prior to the first day of the relevant Interest Period;

"SOFR Index_{End}" is the SOFR Index value for the day falling "p" U.S. Government Securities Business Days prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period); and

"d" is the number of calendar days in the relevant SOFR Observation Period,

provided that, if the SOFR Index value required to determine SOFR Index_{Start} or SOFR Index_{End} does not appear on the SOFR Administrator's Website at the Specified Time on the relevant U.S. Government Securities Business Day

(or by 3:00 pm New York City time on the immediately following US Government Securities Business Day or such later time falling one hour after the customary or scheduled time for publication of the SOFR Index value in accordance with the then-prevailing operational procedures of the administrator of SOFR Index), "Compounded Daily SOFR" for such Interest Period and each Interest Period thereafter will be determined in accordance with paragraph (ii) below; or

- (ii) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

"d" is the number of calendar days in the relevant SOFR Observation Period;

"d₀" is the number of U.S. Government Securities Business Days in the relevant SOFR Observation Period;

"i" is a series of whole numbers from one to "d₀", each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant SOFR Observation Period;

- (i) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting

percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

- (B) where “Shift” is specified as the €STR Observation Method, ““€STR_{i-pTBD}” shall be replaced in the above formula with “€STR_i”, where “€STR_i” means, in respect of any Target Business Day “i” falling in the relevant “€STR Observation Period, the €STR Reference Rate for such Target Business Day “i”.

(b) In the event that Compounded Daily €STR cannot be determined by the Calculation Agent in accordance with the foregoing provisions, the Rate of Interest shall be:

- (i) determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period); or
- (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin applicable to the first scheduled Interest Period).

“€STR Reference Rate” means, in respect of any Target Business Day, the daily euro short-term rate (“€STR”) for such Target Business Day as published by the European Central Bank as the administrator of €STR (or any successor administrator of €STR) on the website of the ECB (or, if no longer published on the ECB’s website, as otherwise published or provided to authorised distributors by the ECB (or any successor administrator of €STR)) and as then published on the Relevant Screen Page (if any) (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the Target Business Day immediately following such Target Business Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the ECB or any successor administrator of €STR); and

- 7.7 The Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be given as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to Euroclear and/or Clearstream, Luxembourg or if this Global Certificate of Deposit has been exchanged for bearer Definitive Certificates of Deposit will be delivered to the bearer of the relevant Definitive Certificates of Deposit or, if that is not possible, it will be published in the Financial Times or in another leading London daily newspaper.
- 7.8 Notwithstanding any of the above provisions in this paragraph 7 (other than where the Reference Rate is specified as being Compounded Daily SOFR, in which case the provisions of this paragraph 7.8 shall not apply), if the Issuer (acting in good faith and in a commercially reasonable manner) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be

determined by reference to that Original Reference Rate, then the following provisions of this paragraph 7.8 shall apply.

(a) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in paragraph 7.8(b) below) subsequently be used by the Calculation Agent in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this paragraph 7.8).

If there is no Successor Rate but the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in paragraph 7.8(b)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

(b) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (i) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (ii) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination of the Adjustment Spread, the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(c) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this paragraph 7.8 and the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (i) that amendments to this Global Note and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer, the Paying Agent and the Calculation Agent shall agree without any requirement for the consent or approval of Noteholders to the necessary modifications to this Global Note and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice, subject to the Issuer having to give notice thereof to the holders of the Notes in accordance with paragraph 7.7 above and any Benchmark Amendments not increasing the obligations or duties, or decreasing the rights or protections, of the Paying Agent and/or the Calculation Agent under this Global Note and/or the Agency Agreement unless agreed between the Issuer, the Paying Agent and/or the Calculation Agent, as applicable.

Any Benchmark Amendments determined under this paragraph 7.8(c) shall be notified promptly by the Issuer to the Calculation Agent and the holders of the Notes in accordance with paragraph 7.7 above. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

(d) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this paragraph 7.8, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this paragraph 7.8 shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default)

shall have no liability whatsoever to the Issuer or any holder of the Notes for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this paragraph 7.8 or otherwise in connection with the Notes.

If the Issuer consults with an Independent Adviser as to whether there is an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of that Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever to any holder of the Notes in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with holders of the Notes.

(e) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this paragraph 7.8, the Original Reference Rate and the fallback provisions provided for in paragraph 7 will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this paragraph 7.8.

(the "Issuing Agent" and the "Paying Agent")

1. Commonwealth Bank of Australia (the "Issuer"), for value received, promises to pay the bearer of this Certificate of Deposit on the Maturity Date specified above (the "Maturity Date") the principal amount specified above and in the meantime to pay interest thereon at the rate specified herein on the Interest Payment Dates specified on the reverse hereof. Payments of interest will be made upon presentation of this Certificate of Deposit, and payment of principal will be made (where the Specified Currency is Sterling through the medium of an authorised institution) upon surrender of this Certificate of Deposit, in each case to the Paying Agent by transfer to a bank account in the city specified for such purpose above which, where the Specified Currency is Sterling, shall be the City of London (the "City of Payment"). Interest shall be calculated on the basis of a 360, or where the Specified Currency is Sterling, 365 day year and the number of days elapsed and payments thereof shall be recorded on the Schedule hereto.
2. All payments by the Issuer under this Certificate of Deposit shall be made free from any set-off or counter-claim and without deduction or withholding for any taxes, levies, imposts, duties or charges of any nature now or hereinafter imposed, levied, withheld or assessed by Australia or any jurisdiction from or through which payment hereof is made or any political subdivision or taxing authority thereof or therein (together "Taxes"), unless the Issuer is compelled by law to make any such deduction or withholding. If any deduction or withholding of Taxes is required by law to be made (whether by the Issuer, any paying agent or otherwise) from any such payment, the Issuer shall pay in the same manner and at the same time as such payment is due such additional amounts as will result in the receipt by the bearer of this Certificate of Deposit of such amount as would have been received by the bearer had no such Taxes been required to be deducted or withheld except that no such additional amounts shall be payable in respect of this Certificate of Deposit:
 - (i) if presented for payment by, or on behalf of, a person who is liable to any such Tax by reason of such person having some connection with the jurisdiction imposing the Taxes other than the mere holding of this Certificate of Deposit or the receipt of any amount payable in respect of this Certificate of Deposit; or
 - (ii) if presented for payment by, or on behalf of, a person who has not made, but in respect of whom such set-off, deduction or withholding would not have been required had such person made, a declaration of non-residence or other similar claim for exemption; or
 - (iii) in respect of any deduction or withholding which would not have been required but for presentation by, or on behalf of, the holder of this Certificate of Deposit for payment on a date more than 15 days after the Maturity Date or, if applicable, the relevant Interest

Payment Date or (in either case) the date on which payment hereof is duly provided for, whichever occurs later; or

- (iv) if presented for payment by, or on behalf of, a person who is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 of the Commonwealth of Australia) (the “**Australian Tax Act**”) of the Issuer and the payment being sought is not, or will not be, exempt from interest withholding tax because of section 128F(6) of that Act; or
- (v) if presented for payment by, or on behalf of, a person who directly or indirectly has an interest or right in respect of this Certificate of Deposit where, under the Australian Tax Act, a determination has been made by the Commissioner of Taxation that withholding tax is payable in respect of the payment in circumstances where such person, or a person on behalf of such person, is party to participated in a scheme to avoid withholding tax, being a scheme which the Issuer neither was party to nor participated in.

3. If the Maturity Date falls on a day which is not a Business Day, payment hereof shall be made on the next succeeding Business Day (unless that falls in the next calendar month or is more than 364 days after the Issue Date of this Certificate of Deposit, in which case payment shall be made on the immediately preceding Business Day). For this purpose, “Business Day” means a day on which (i) both Euroclear and Clearstream, Luxembourg are operating and (ii) banks are open for business (other than a Saturday or Sunday) in the place at which this Certificate of Deposit is presented for payment and (iii) (in the case of a payment in any currency other than euro) banks are open for business (other than a Saturday or Sunday) in the City of Payment (if different) or (in the case of a payment in euro) the Trans-European Automated Real-Time Gross-Settlement Express Transfer System (known as TARGET or T2) or any successor or replacement for that system (the “**TARGET System**”) is open.

4. Interest shall be calculated on the principal amount as follows:

4.1 (a) in the case of a Definitive Certificate of Deposit which specifies EURIBOR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days at a rate (the “Rate of Interest”) determined on the following basis:

(i) on the second Target Business Day (as defined in paragraph 3) before the beginning of each Interest Period (each an “Interest Determination Date”) the Calculation Agent will determine the European Interbank Offered Rate for deposits in euro for the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as page EURIBOR01 on Reuters (or such other page or service as may replace it for the purpose of displaying European Interbank Offered Rates of prime banks in the euro-zone (as defined below) for deposits in euro for a duration approximately equal to the Interest Period). The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;

(ii) if on any Interest Determination Date for any reason such offered rate is unavailable, the Issuer shall request the principal euro-zone office of four reference banks to provide the Calculation Agent with its offered quotation to

leading banks in the euro-zone interbank market for deposits in euro for a duration approximately equal to the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Rate of Interest for such EURIBOR Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent;

- (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the Rate of Interest in effect for the last preceding Interest Period to which (i) or (ii) above shall have applied;
- (iv) for the purposes of this Definitive Certificate of Deposit, euro-zone means the region comprised of the countries whose lawful currency is the euro; and

(b) the Calculation Agent will, as soon as practicable after 11.00 a.m. (Brussels time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Certificate of Deposit of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360, and rounding the resulting figure to the nearest amount of the Specified Currency which is available as legal tender in the country of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

4.2 (a) In the case of a Definitive Certificate of Deposit which specifies BBSW as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 365 days or 366, as the case may be, at a rate (the "Rate of Interest") determined on the following basis:

- (i) on the Business Day (as defined in paragraph 3), at the beginning of each Interest Period (each an "Interest Determination Date"), the Calculation Agent will determine the average mid rate, for Australian Dollar bills of exchange for the Interest Period concerned as at 10:00am (Sydney time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as Reuters Screen BBSW Page (or such other page or service as may replace it for the purpose of displaying rate for Australian Dollar bills of exchange for a duration approximately equal to the Interest Period). The Rate of Interest shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
- (ii) if on any Interest Determination Date for any reason such offered rate is unavailable by 10:30am Sydney time, the Issuer shall request five reference banks to provide the Calculation Agent with its offered quotation or the quotation it would have quoted at approximately 10:00am (Sydney time) on the Interest Determination Date for Australian Dollar bills of exchange for a

duration approximately equal to the Interest Period. The Rate of Interest for such BBSW Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent; and

(iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the rate calculated or determined by the Calculation Agent expressed as a percentage rate per annum (rounded, if necessary, up to the nearest four decimal places); and

(b) the Calculation Agent will, as soon as practicable after 10:00am (Sydney time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for one Certificate of Deposit of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Certificate of Deposit of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 365 or 366, as the case may be, and rounding the resulting figure to the nearest amount of Australian Dollars (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

4.3 (a) In the case of a Certificate of Deposit which specifies Compounded Daily SONIA as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 365 days, at a rate (the "Rate of Interest") for each Interest Period, subject as provided in paragraph 4.8 below, equal to Compounded Daily SONIA with respect to such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the "Amount of Interest") for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 365 and rounding the resulting figure to the nearest amount of Sterling (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

"Compounded Daily SONIA" means, with respect to an Interest Period:

(i) if Index Determination is specified as being applicable, the rate determined by the Calculation Agent, on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{SONIA \text{ Compounded Index}_y}{SONIA \text{ Compounded Index}_x} - 1 \right) \times \frac{365}{d}$$

where:

“SONIA Compounded Index_x” is the SONIA Compounded Index value for the day falling “p” London Banking Days prior to the first day of the relevant Interest Period;

“SONIA Compounded Index_y” is the SONIA Compounded Index value for the day falling “p” London Banking Days prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“d” is the number of calendar days in the relevant SONIA Observation Period,

provided that if the SONIA Compounded Index value required to determine SONIA Compounded Index_x or SONIA Compounded Index_y does not appear on the Bank of England's Interactive Statistical Database, or any successor source on which the compounded daily SONIA rate is published by the Bank of England (or any successor administrator of SONIA), at the Specified Time on the relevant London Banking Day (or by 5:00 p.m. London time or such later time falling one hour after the customary or scheduled time for publication of the SONIA Compounded Index in accordance with the then-prevailing operational procedures of the administrator of the SONIA Reference Rate or SONIA authorised distributors, as the case may be), then Compounded Daily SONIA for such Interest Period and each subsequent Interest Period shall be “Compounded Daily SONIA” determined in accordance with paragraph (ii) below and for these purposes the “SONIA Observation Method” shall be deemed to be “Shift”; or

- (ii) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“n_i”, for any London Banking Day “i”, is the number of calendar days from (and including) such London Banking Day “i” up to (but excluding) the following London Banking Day;

“SONIA_{i-pLBD}” means:

- (A) where “Lag” is specified as the SONIA Observation Method, in respect of any London Banking Day “i” falling in the relevant Interest Period, the SONIA Reference Rate for the London Banking Day falling “p” London Banking Days prior to such London Banking Day “i”; or
 - (B) where “Shift” is specified as the SONIA Observation Method, “SONIA_{i-pLBD}” shall be replaced in the above formula with “SONIA_i”, where “SONIA_i” means, in respect of any London Banking Day “i” falling in the relevant SONIA Observation Period, the SONIA Reference Rate for such London Banking Day “i”.
- (b) In the event that Compounded Daily SONIA cannot be determined by the Calculation Agent in accordance with the foregoing provisions, the Rate of Interest shall be:
- (i) determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period); or
 - (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin applicable to the first scheduled Interest Period).
- (c) For the purposes of this paragraph 4.3:

“Interest Determination Date” means the day falling the number of London Banking Days included in the SONIA Observation Look-Back Period prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“London Banking Day” or “LBD” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“p” means the number of London Banking Days included in the SONIA Observation Look-Back Period, as specified above;

“SONIA” has the meaning given to it in the definition of SONIA Reference Rate;

“SONIA Compounded Index” means, in respect of any London Banking Day, the compounded daily SONIA rate as published by the Bank of England (or any successor administrator of SONIA) as such rate appears on the Bank of England's Interactive Statistical Database, or any successor source on which the compounded daily SONIA rate is published by the Bank of England (or any successor administrator of SONIA), at the Specified Time on such London Banking Day;

“SONIA Observation Look-Back Period” means the period specified as such above;

“SONIA Observation Period” means, in respect of any Interest Period, the period from (and including) the date falling “p” London Banking Days prior to the first day of such Interest Period to (but excluding) the date falling “p” London Banking Days prior to the Interest Payment Date for such Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

“SONIA Reference Rate” means, in respect of any London Banking Day, the daily Sterling Overnight Index Average (“SONIA”) rate for such London Banking Day as provided by the Bank of England, as administrator of such rate (or any successor administrator of such rate) to authorised distributors (the “SONIA authorised distributors”) and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by the SONIA authorised distributors) on the London Banking Day immediately following such London Banking Day, *provided* that if, in respect of any London Banking Day, the applicable SONIA Reference Rate is not made available on the Relevant Screen Page or has not otherwise been published by the SONIA authorised distributors by 5.00 p.m. London time, then (unless the Calculation Agent has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to paragraph 7.8 below) the SONIA Reference Rate in respect of such London Banking Day shall be:

- (i) the sum of (a) the Bank of England’s Bank Rate (the “Bank Rate”) prevailing at 5.00 p.m. London time (or, if earlier, close of business) on such London Banking Day; and (b) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or
- (ii) if the Bank Rate described in paragraph (i) above is not available at such time on such London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the SONIA authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the SONIA authorised distributors); and

“Specified Time” means 10:00 a.m., London time, or such other time as is specified above.

- 4.4 (a) In the case of a Definitive Note which specifies Compounded Daily SOFR as the Reference Rate, interest shall be payable on the principal amount in respect of each successive Interest Period (as defined in paragraph 4.6 below) from the Interest Commencement Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the number of days in such Interest Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) at a rate (the “Rate of Interest”) for each Interest Period, subject as provided in paragraph 4.8 below, equal to Compounded Daily SOFR with respect to such Interest Period plus or minus the Margin (if any) specified above, all as determined and calculated by the Calculation Agent.

The Calculation Agent will, as soon as practicable after the Specified Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “Amount of Interest”) for one Note of each Denomination for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the principal amount of one Note of each Denomination, multiplying such product by the the number of days in the Interest Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360 and rounding the resulting figure to the nearest amount of U.S. dollars (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties.

“Compounded Daily SOFR” means, with respect to an Interest Period:

- (i) if Index Determination is specified as being applicable, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) \times \left(\frac{360}{d} \right)$$

where:

"SOFR Index_{Start}" is the SOFR Index value for the day falling "p" U.S. Government Securities Business Days prior to the first day of the relevant Interest Period;

"SOFR Index_{End}" is the SOFR Index value for the day falling "p" U.S. Government Securities Business Days prior to the Interest Payment Date for the relevant Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period); and

"d" is the number of calendar days in the relevant SOFR Observation Period,

provided that, if the SOFR Index value required to determine SOFR Index_{Start} or SOFR Index_{End} does not appear on the SOFR Administrator's Website at the Specified Time on the relevant U.S. Government Securities Business Day (or by 3:00 pm New York City time on the immediately following US Government Securities Business Day or such later time falling one hour after the customary or scheduled time for publication of the SOFR Index value in accordance with the then-prevailing operational procedures of the administrator of SOFR Index), "Compounded Daily SOFR" for such Interest Period and each Interest Period thereafter will be determined in accordance with paragraph (ii) below; or

- (ii) if either (x) Index Determination is specified as being not applicable, or (y) this paragraph applies to such Interest Period pursuant to the proviso in paragraph (i) above, the rate determined by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

"d" is the number of calendar days in the relevant SOFR Observation Period;

"d₀" is the number of U.S. Government Securities Business Days in the relevant SOFR Observation Period;

- 4.7 The Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be given as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to Euroclear and/or Clearstream, Luxembourg or if this Definitive Certificate of Deposit has been exchanged for bearer Definitive Certificate of Deposits will be delivered to the bearer of the relevant Definitive Certificate of Deposits or, if that is not possible, it will be published in the *Financial Times* or in another leading London daily newspaper.
- 4.8 Notwithstanding any of the above provisions in this paragraph 4 (other than where the Reference Rate is specified as being Compounded Daily SOFR, in which case the provisions of this paragraph 4.8 shall not apply), if the Issuer (acting in good faith and in a commercially reasonable manner) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this paragraph 4.8 shall apply.

(a) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in paragraph 4.8(b) below) subsequently be used by the Calculation Agent in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this paragraph 4.8).

If there is no Successor Rate but the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in paragraph 4.8(b)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(e)).

(b) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the

case of an Alternative Rate, the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (i) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (ii) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination of the Adjustment Spread, the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above of such Adjustment Spread and the Calculation Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(c) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this paragraph 4.8 and the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (i) that amendments to this Global Note and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer, the Paying Agent and the Calculation Agent shall agree without any requirement for the consent or approval of Noteholders to the necessary modifications to this Global Note and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date

specified in such notice, subject to the Issuer having to give notice thereof to the holders of the Notes in accordance with paragraph 4.7 above and any Benchmark Amendments not increasing the obligations or duties, or decreasing the rights or protections, of the Paying Agent and/or the Calculation Agent under this Global Note and/or the Agency Agreement unless agreed between the Issuer, the Paying Agent and/or the Calculation Agent, as applicable.

Any Benchmark Amendments determined under this paragraph 4.8(c) shall be notified promptly by the Issuer to the Calculation Agent and the holders of the Notes in accordance with paragraph 4.7 above. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

(d) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this paragraph 4.8, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this paragraph 4.8 shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer or any holder of the Notes for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this paragraph 7.8 or otherwise in connection with the Notes.

If the Issuer consults with an Independent Adviser as to whether there is an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of that Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever to any holder of the Notes in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with holders of the Notes.

(e) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this paragraph 4.8, the Original Reference Rate and the fallback provisions provided for in paragraph 4 will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this paragraph 4.8.

(f) *Definitions*

In this paragraph 4.8:

“Adjustment Spread” means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) where the Original Reference Rate is replaced with the Successor Rate or the Alternative Rate (as the case may be).

“Alternative Rate” means an alternative benchmark or screen rate which the Issuer determines in accordance with this paragraph 4.8 is used in place of the Original Reference Rate in customary market usage in the international debt capital markets for
