About CommBank Smart Health

What is the Smart Health terminal?

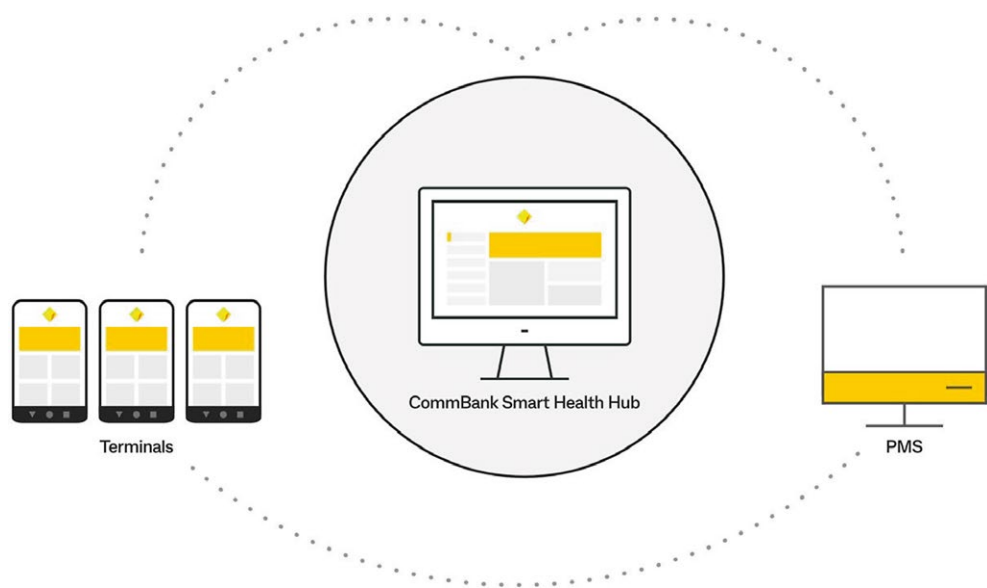

The CommBank Smart Health terminal is the physical device that processes health claims and payment transactions.

What is the Smart Health app?

The Smart Health app runs on the Smart Health terminal and provides the interface for the payments and claiming features on the device. The app is linked to the Smart Health hub.

What is the Smart Health hub?

The CommBank Smart Health hub is a web application accessed through your web browser. This is the central point of access and navigation for administrators and practice users and can be integrated with your PMS. The hub displays detailed transaction listings and digitally stored copies of your private health insurance declarations. You can use reports to assist with reconciling payments and claims.

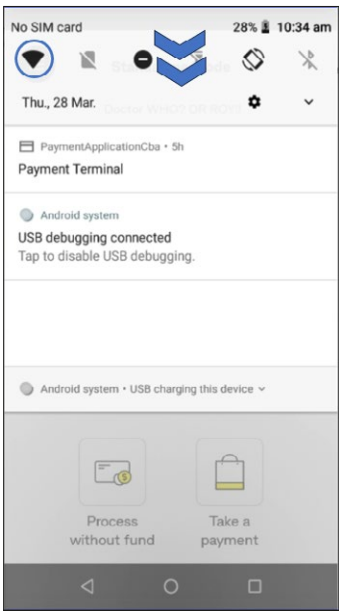

Support

Before you start

Please make sure that:

1. Your staff know that the terminal will be delivered, so that the delivery occurs at the scheduled date and time.
2. When the Smart Health terminal arrives:
 - 2.1. Your Wi-Fi must always be turned on, however terminal may connect via 4G or Wi-Fi (see the image below)
 - 2.2. Find the Smart Health app by scrolling through the apps installed on your terminal.

3. You must complete the set-up instructions (including adding providers) by following the Smart Health Hub User Guide, available in 'Resources' section at CommBank Smart Health webpage at www.commbank.com.au/smarthealth or in 'Support and FAQs' section in Smart Health Hub.

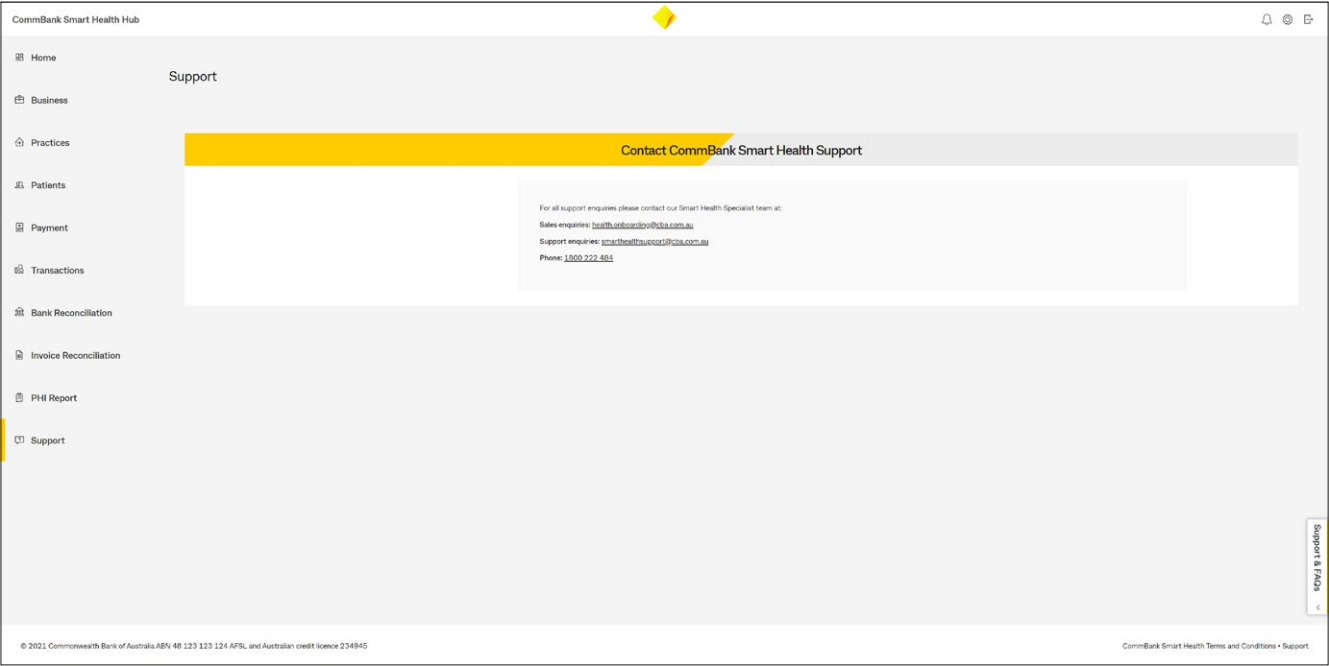

How to get help

For questions about the CommBank Smart Health hub or terminal

You can get help in three easy ways:

Support page

You'll find our Support page by clicking the **Support** tab in the Smart Health Hub (this is the last tab in the menu at left). The contact details of the CommBank Smart Health specialist team are located here.

Support and FAQs tab

At the bottom right of every page in the hub, you'll find a drop-down menu called Support and FAQs. This contains further information (and user guides) on how to use the CommBank Smart Health hub.

Within this menu, a "walk me through" tool will guide you through the initial setup steps and can be accessed at any time.

Help Desk

You can call the CommBank Smart Health Help Desk on 1800 222 484 between 8am and 8pm AEST Monday to Friday or email smarthealthsupport@cba.com.au.

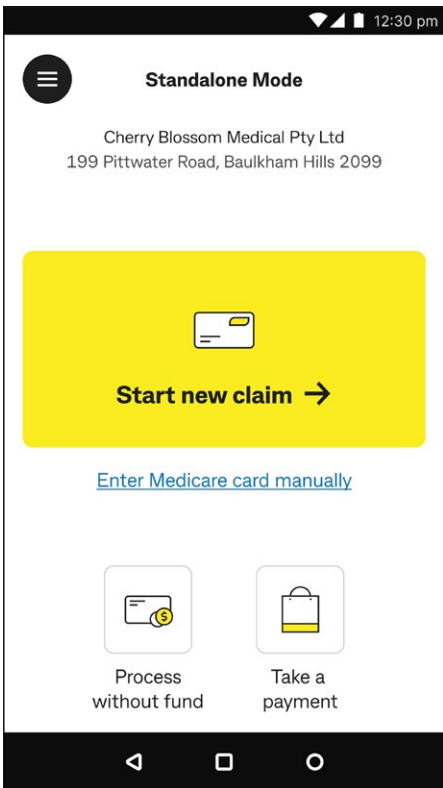

Processing payments and claims

Processing health claims

How do you initiate and process transactions in Standalone mode?

In Standalone mode every transaction is manually typed in from the terminal. You start via the Smart Health app's home screen, which looks like this:

Smart Health terminal's home page includes:

Mode: Standalone mode

Practice name: Cherry Blossom Medical Pty Ltd

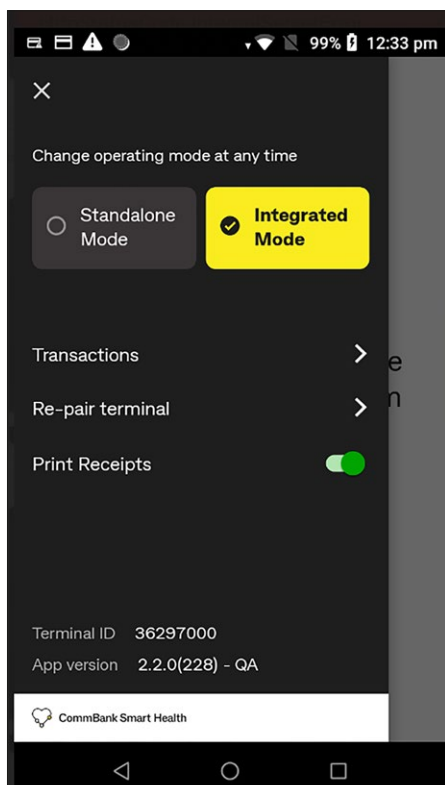

Practice address: 199 Pittwater Road, Baulkham Hills 2099

Start new claim: Tap to start a new payment and claim with a Medicare, or Private Health Insurance (PHI) fund, card.

Enter Medicare card manually: Tap to enter Medicare card number manually.

Process without fund: Tap to process a full payment transaction without a PHI fund card.

Take a payment: Tap to process a payment transaction such as a stock item sale etc.

The terminal's menu at top left also includes:

Change mode selection: Tap to switch between Standalone mode or Integrated mode.

Transactions: Tap to view history of claims and payment transactions.

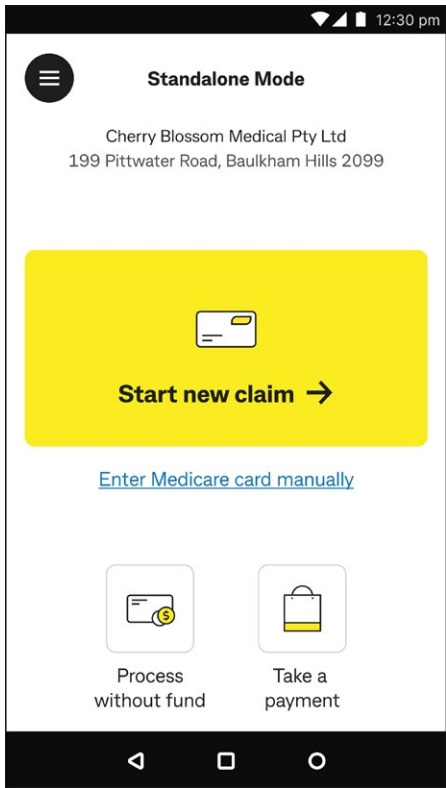

Re-pair terminal: Access to the Setup Client Certificate Screen to connect the terminal to the hub.

Print Receipts: Tap toggle button to turn on (green)/off (grey) automatic receipt printing for claim, purchase, cancellation and refund transactions.

Terminal ID: Your terminal ID.

App version: Installed version of the Smart Health app.

Processing a Medicare bulk bill claim

Step 1: Start a new claim.

From the Home screen either tap:

- 1. **Start new claim →** then go to Step 2, or
- 2. **Enter Medicare card manually**, to enter a patient’s Medicare card number, then go to Step 3.

Step 2: Swipe the patient’s Medicare card to start the transaction. After swiping, the screen automatically goes to Step 4.

Add referral details

Step 1: If the patient has a referral, there are two scenarios:

1. There are no saved referrals in the app – a new referrals screen will automatically appear. Go to Step 2.
2. There are existing referrals listed in the app – but you need to add a new referral or update an existing one, then go to Step 3.

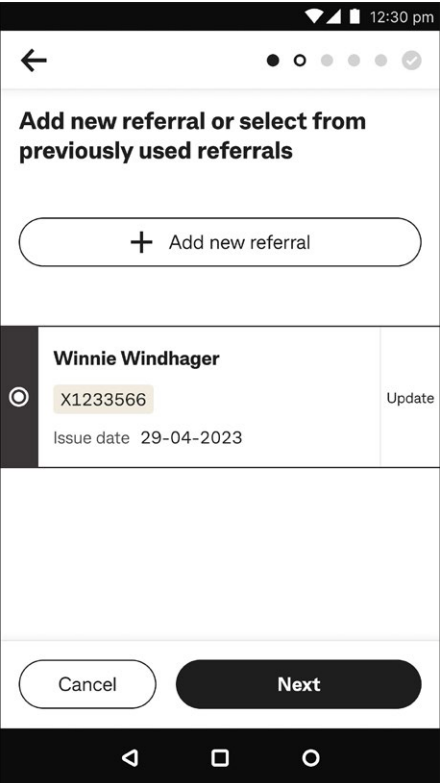

If the patient doesn't have a referral, and you want to override this step, go to Step 5.

Step 2: Add new referral details.

1. Add the referring provider's number, name (optional) and date of referral in the space provided on screen.
2. Scroll down the screen and add the referral period, either:
 - S – Standard (one year by default)
 - I – Indefinite (no end date), or
 - N – Non-standard (enter the months valid for referral).

Tap **Add referral details** to add the referral and save it to the claim.

➤ **Tip:** The saved referral will now automatically appear on the list of referrals at the patient's next visit.

Step 3: Editing an existing referral or adding a new referral.

If there's already a referral list either:

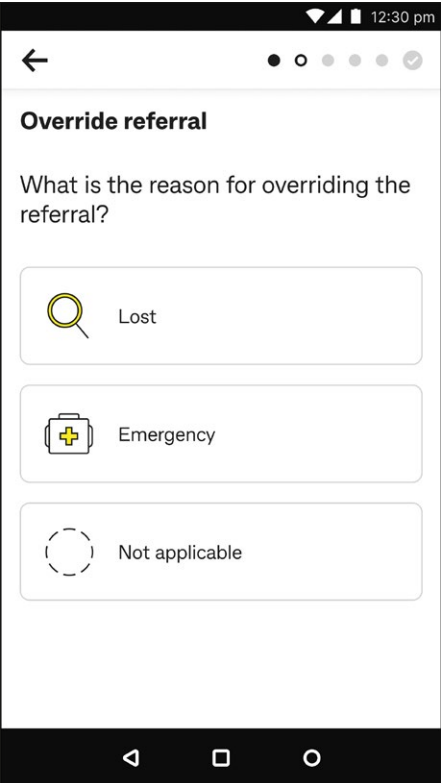

1. Tap **+ Add new referral** if you can't find it on the existing list
2. Select an existing referral (by tapping "○" next to the provider's name), then tap **Next** to add the referral to the claim, or
3. To update an existing referral, tap **Update**. After update, Tap **Save and add referral details** to add referral to claim.

Step 4: Referral details added.

A green tick indicates referral details are successfully added, displaying the details on screen.

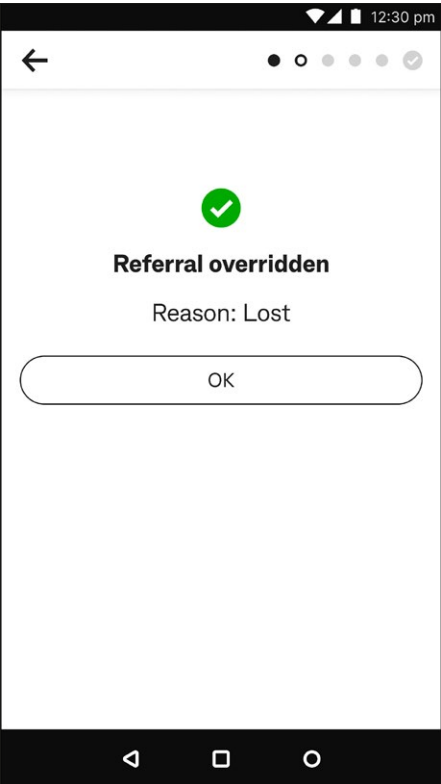

Tap **OK**, if all details are correct, to resume the claim, or tap ← in the top left-hand corner of the screen to correct an update.

Step 5: Override referral.

Tap one of the following reasons to override a referral:

- **Lost**
- **Emergency**, or
- **Not applicable**.

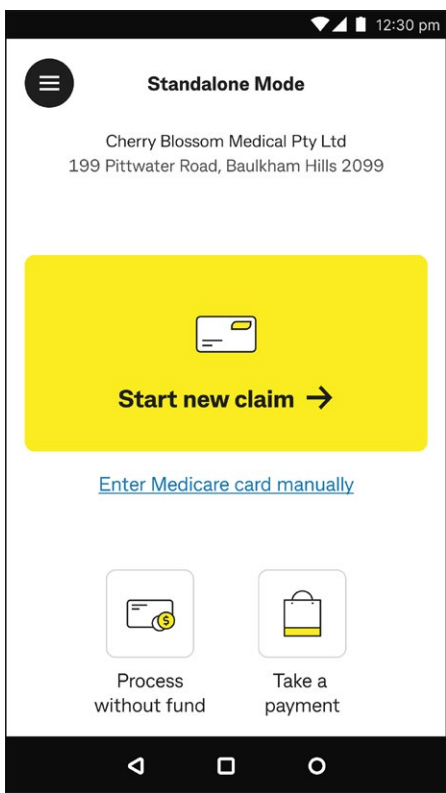

Step 6: Referral overridden successful.

A green tick indicates the referral is successfully overridden, displaying the reason on screen.

Tap **OK** to resume the claim.

Processing a Private Health Insurance fund claim

Step 1: Start the claim.

From the Home screen, tap **Start new claim →**.

Step 2: Swipe the PHI fund card or tap the patient’s mobile device.

↳ **Tip:** To be able to tap a patient’s mobile, the PHI fund card must be added to the mobile wallet prior to claiming.

↳ **Tip:** Tap ★ at right to make selected providers automatically appear at the top of your list as a ‘favourite’.

Step 5: Add items.

A list of items will be shown. To find an item, you can search for it by item code or name, click on the item to select it and tap **Add to claim**.

↳ Tips:

1. If cost isn't displayed, tap **+ Add dollar value (\$)** to set item cost – this amount is saved for the next visit.
2. Tap **Edit** to change item details.
3. Tap ★ to make frequently used items automatically appear at the top of your list as a favourite.

Step 6: Review and submit claim.

Before you submit the claim to the health fund, review it, then tap:

2. Select a different item code using the search bar. When you find the item, tap on it (a tick appears to show you've selected it, as at left), then tap **Add to invoice**.

↳ **Tips:**

1. If cost isn't displayed, tap **+ Add dollar (\$)** to set item cost – this amount is saved for the next visit.
2. Tap **Edit** to change item details.
3. Tap ★ at right to make an item automatically appear at the top of your list as a 'favourite'.

Step 4: Review and submit invoice.

Before proceeding with payment, a summary of the transaction is shown, review it and then tap:

1. **Pay invoice** to continue with the transaction
2. "←" on the top left corner to add more item(s), and repeat Step 3, or
3. **Cancel** to cancel the invoice.

Step 5: Payment method.

You can tap:

1. **Credit or debit card**, then go to Step 6a
2. **Manual card entry**, then go to Step 6b, or
3. **Cash**, then go to Step 8.

↳ **Tip:** If you tap **Exit**, you can resume this invoice from the **Transactions** menu in the Smart Health app (see page 49 **Viewing settled and incomplete transactions** for more detail).

Step 6a: Credit or debit cards.

Ask the patient to present their payment card and follow the prompts to finalise the transaction. See **Processing a payment** on page 62 for detailed steps, then go to Step 7.

↳ **Tip:** Tap **Cancel** to select a different payment method, and follow Step 5.

Step 6c: Cash.

Tap **Accept cash** once you've received cash payment.

- ↳ **Tip:** To select a different payment method, tap ← back arrow at top left and follow Step 5.

Step 7: Finished.

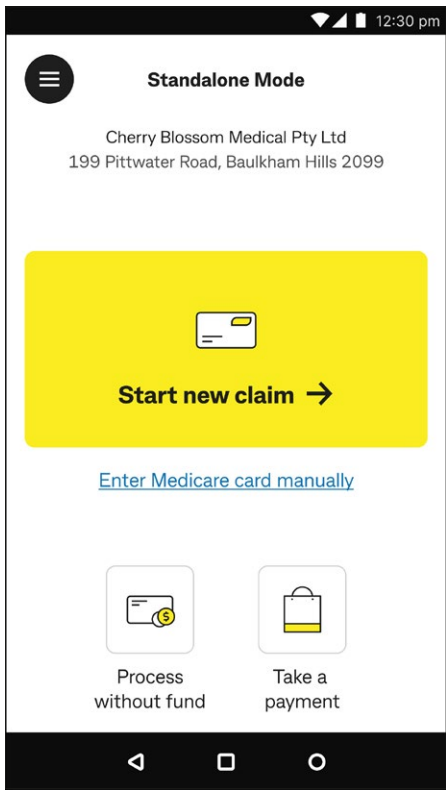

The transaction is now complete and a receipt will be printed automatically if the Print Receipts functionality is turned on. You can change this setting via the main menu on the home page. Then tap:

- 1. **Print again** to print another receipt, or
- 2. **Back to home** to return to Home screen.

↳ **Tip:** You can print the receipt at any time from the **Transactions** menu in the Smart Health app (see page 49 **Viewing settled and incomplete transactions** for details).

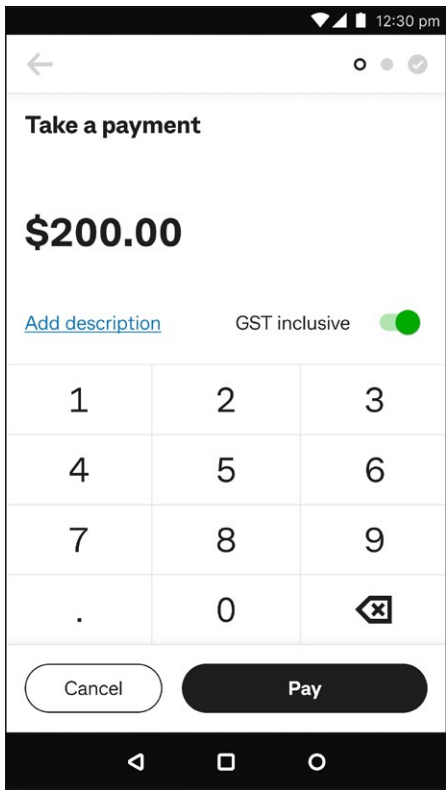

Processing a purchase

Use the following steps to process sale payments for non-claim items.

Step 1: Start the purchase transaction.

From the Home screen, tap **Take a payment** at bottom right.

Step 2: Take a payment.

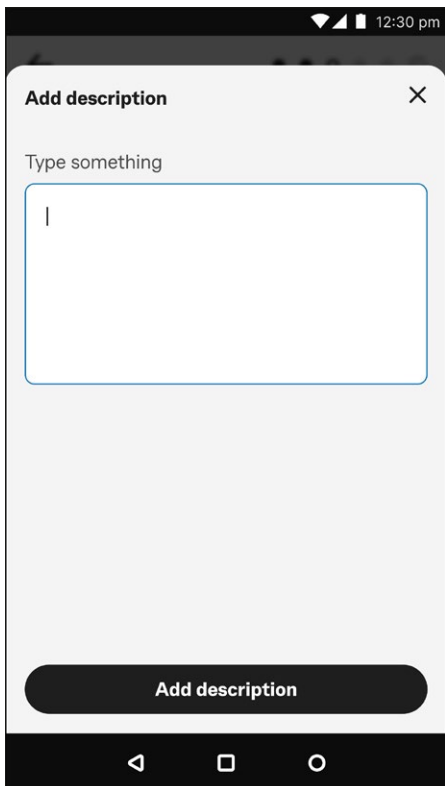

Enter the amount to be charged for the item(s) being purchased.

You can either tap:

- 1. **Add description** to describe the purchase on screen, then go to Step 3, or
- 2. **Pay** to take payment, then go to Step 4.

↳ Tips:

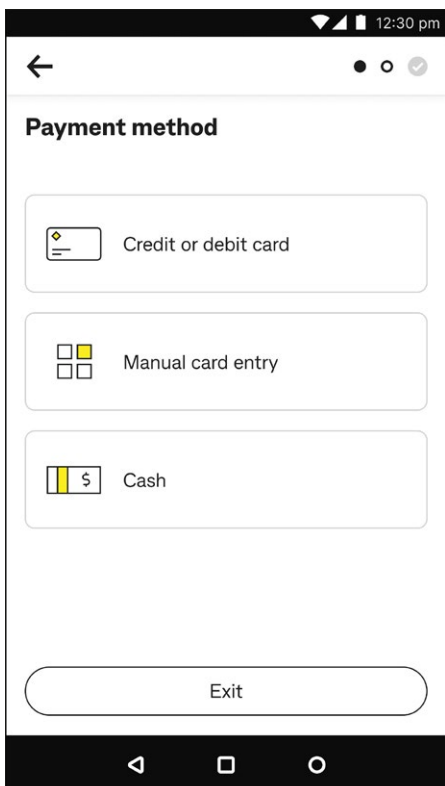

- 1. All payments are GST inclusive by default (green toggle is on).
- 2. Tap the green toggle off (changing it to grey) to make an item GST free.

Step 3: Describe the item.

Type the description of an item(s) in space provided and tap **Add description** to return to payment processing.

↳ **Tip:** Tap  to close the description pop up and go back to payment screen without adding a description.

Step 4: Select payment method.

You can either tap:

1. **Credit or debit card**, go to Step 5a
2. **Manual card entry**, go to Step 5b, or
3. **Cash**, go to Step 5c.

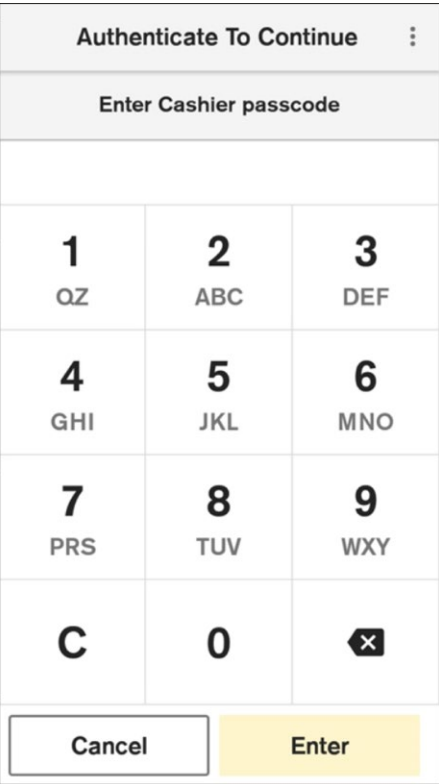

↳ **Tip:** If you tap **Exit**, you can resume this invoice from the **Transactions** menu in the Smart Health app (see page 49 **Viewing settled and incomplete transactions** for details).

Step 5a: Credit or debit cards.

Ask patient to present their payment card and follow the prompts to finalise the transaction. See **Processing a payment** on page 62 for detailed steps, then go to Step 6.

↳ **Tip:** To select a different payment method, tap **Cancel** and follow Step 4.

Step 5b: Manual card entry.

Enter the cashier or manager passcode to proceed with the transaction. See **Processing a payment** on page 62 for detailed steps, then go to Step 6.

↳ **Tip:** To select a different payment method, tap **Cancel** and follow Step 4.

↳ **Tip:** Depending on the payment amount, the screen on the left may say **Enter Manager passcode**. The current default settings for MOTO payments are:

- Cashier – \$0.01 – \$250
- Manager – above \$250

Step 5c: Cash.

Tap **Accept cash** once you've received the cash payment.

↳ **Tip:** To select a different payment method, tap ← back arrow at top left and follow Step 4.

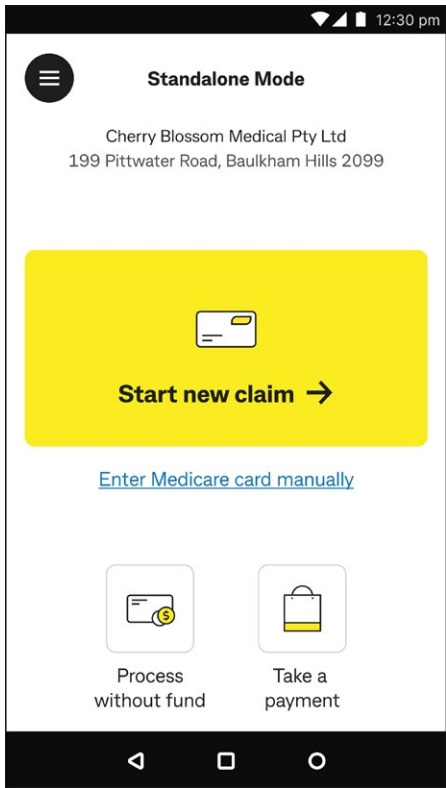

Step 6: Finished.

The transaction is now complete and a receipt will be printed automatically if the Print Receipts functionality is turned on. You can change this setting via the main menu on the home page. Then tap:

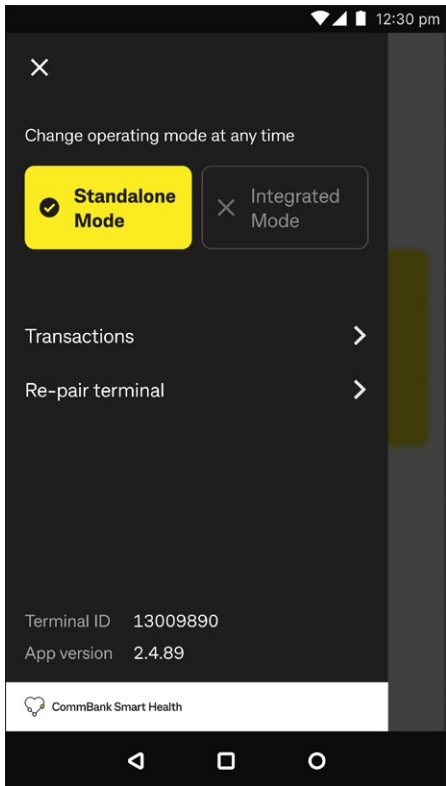

1. **Print again** to print another receipt, or
2. Tap **Back to home** to return to Home screen.

↳ **Tip:** You can print the receipt at any time from the **Transactions** menu in the Smart Health app (see page 49 **Viewing settled and incomplete transactions** for details).

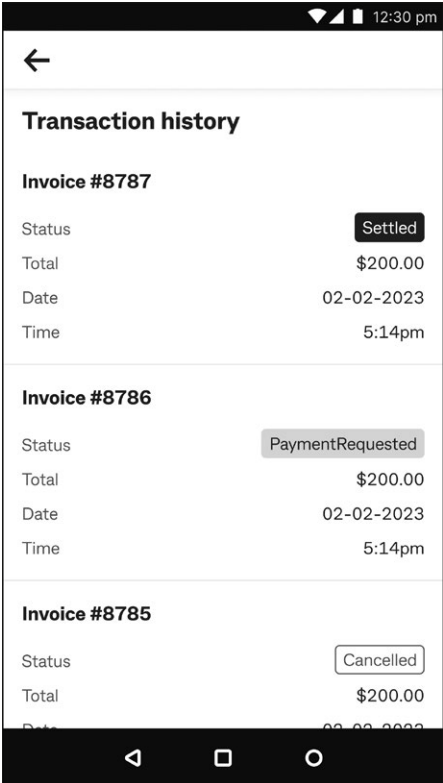

Viewing settled and incomplete transactions

Step 1: Navigate to the transactions screen.
From the Home screen, tap the menu  at top left.

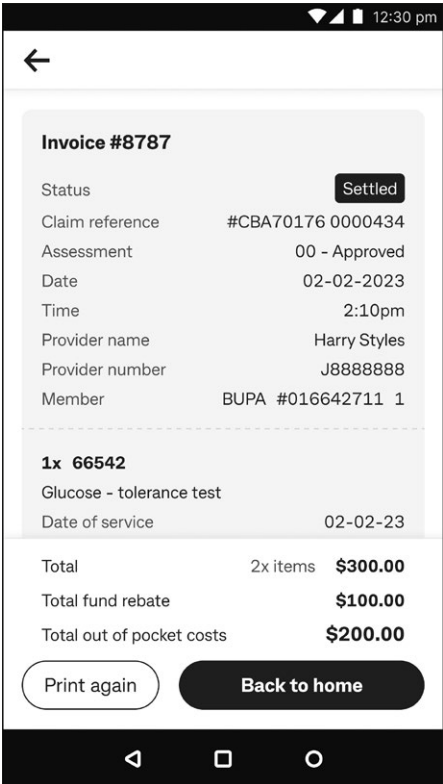

Step 2: Tap Transactions.

Step 3: Viewing transactions.

Scroll through the list of transactions to view by invoice number and tap on the one you’re looking for.

↳ **Tip:** The Smart Health app only lists the last few days of transactions. The Smart Health hub lists all transactions.

Step 4: Viewing an invoice.

View the invoice details on screen. From here you can tap:

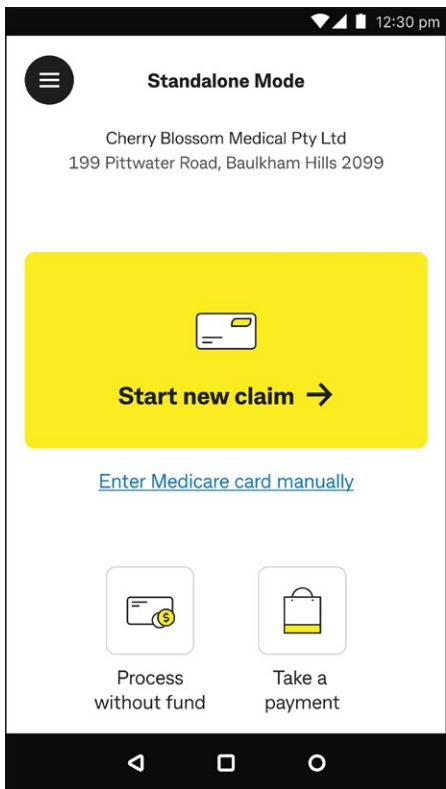

- 1. **Resume claim** if the claim hasn’t been accepted (that is, not finished, so it’s pending), or
- 2. **Print again**, if you want to print another receipt at any time.

Refunds

Medicare bulk bill claims can't be refunded via the Smart Health terminal once the claim is submitted. The practice must call Medicare immediately to initiate a refund on the day of the transaction.

Medicare paid-patient claims can't be cancelled via the Smart Health app.

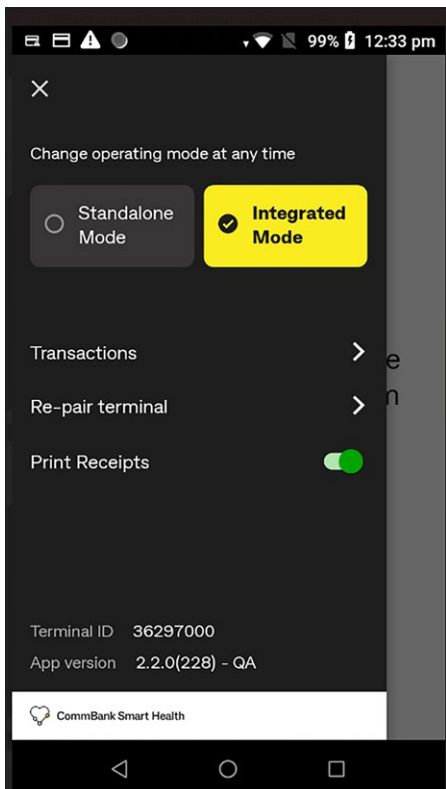

Private health fund refunds can only be refunded using the terminal on the same day the service was provided. After that day, the patient must call their PHI fund to arrange a refund.

Processing a PHI fund claim refund

Step 1: To start the PHI fund refund

From the Home screen, tap the menu  at top left.

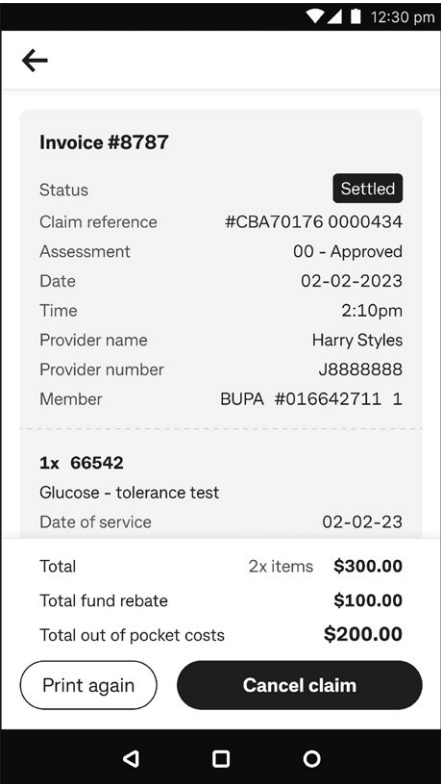

Step 2: Tap Transactions.

Step 3: Viewing transactions.

Scroll through the list of transactions to view the summary by invoice number. When you find the invoice you’re looking for, tap on it, and go to Step 4.

Step 4: Cancelling a claim.

You can cancel the invoice if **Cancel claim** is available.

↳ **Tip:** If **Cancel claim** isn’t available, the practice cannot cancel the claim and the patient must contact their PHI fund to arrange the refund.

Step 5: Confirmation of claim cancellation.

Tap **Yes** to continue with the cancellation.

Step 6: Initiating the refund.

Swipe the patient’s PHI fund card or tap their mobile fund card to start the refund process.

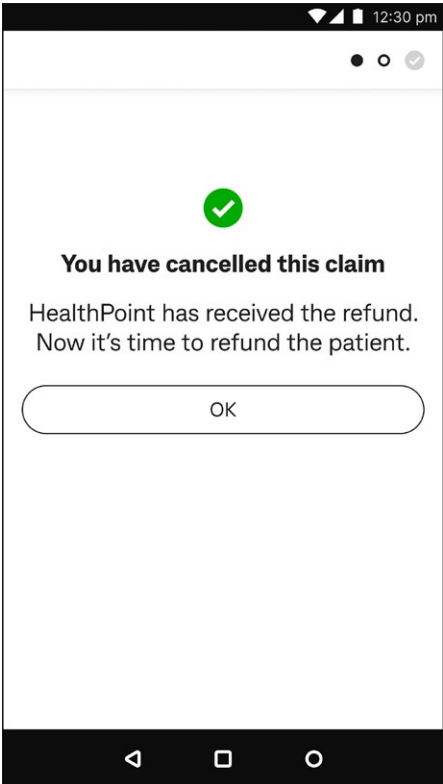

Step 7: Cancelling the claim.

Ask the patient to sign in the space provided and tap **Cancel claim**.

Tap **Exit** if you want to save this step and resume the cancellation later.

↳ **Tip:** Tap **Redo signature** (top right of the signature box) if the patient wants to re-do their signature.

Step 8: Confirming claim cancellation.

A green tick indicates that the claim cancellation is successful. Tap **OK** to continue.

To refund an out of pocket payment, go to Step 9 otherwise go to Step 12.

Cancelling an invoice

Medicare claims can't be cancelled via the Smart Health hub or terminal. If the practice makes an error when raising an invoice (for example, charging for a long consultation instead of a short consultation, or charging for the wrong item), the practice must contact Medicare **the same day** to correct it.

Health Fund claims can only be cancelled the same day the service was provided – the day of the original transaction. If patients want a refund after that day, the provider must contact the patient's health fund.

Voiding transactions

Many practices raise invoices to create Rebate Estimates to let patients know, for example, how much private health services will cost and what their gap payment will be. Once it's raised, the invoice can be cancelled.

When you cancel a claim or when the patient rejects it (voids the claim), the PHI fund sends a response, which is displayed on the receipt that's printed by the terminal (see **Options to reject a health fund claim** on page 38 for more details).

Once the claim is rejected by the user, the claim status is updated as **Cancelled** in the Smart Health hub PHI Declaration Report page.

Auto-voiding transactions

Auto-voiding (cancelling) transactions occurs when a payment is expected on the Smart Health terminal, but nothing happens. So, the system auto-voids the claim (just like a system time out). This varies by claim type as follows:

- PHI fund claim in about 10 mins
- Medicare claim in about 30 mins.
