

# School Recovery Grants Application Review Matrix

Outlined below is the application review matrix for the CommBank School Recovery Grants. Grants will be selected by an Advisory Committee using this matrix to inform the decision making process.

Please note:

- Organisations applying for a grant to replace or repair facilities or property will be reviewed against Criteria One, Two and Three.
- Organisations applying for a grant to fund an activity that will benefit the flood affected school community in which their organisation operates will be reviewed against Criteria One and Four.

Criteria	Not Evident	More Information Required	Evident
<b>1. The organisation has met the eligibility criteria as set out in the guidelines.</b>	Has not met eligibility requirements	N/A	Has met eligibility requirements
