Group Work Health & Safety Policy

Purpose and scope

Purpose
This Policy outlines the Group's commitment and approach to the physical and psychological health and safety of people who carry out work at the direction of the Group, as well as Customers and visitors.

The Group is committed to identifying and appropriately managing risk to reduce the likelihood of injury or illness arising from the Group's business and undertakings.

Scope
This Policy applies to the Group, its Directors, Employees, Contractors, Secondees and Workers (collectively, ‘Our People’), as well as Customers and visitors.

For those parts of the Group that are impacted by foreign or local laws, regulatory requirements or contractual obligations that conflict with this Policy, the more stringent requirement applies.

Policy statement
The Group provides expertise, resources and implements a Health and Safety Management System so that our work environment is healthy and safe. Our People, Customers and visitors must take reasonable care for their own health and safety, and that of others.

Policy requirements

Information, training, instruction and supervision
The Group must provide Our People with appropriate information, training, instruction and supervision to ensure that they have the skills and competencies required to safely undertake their role. This includes the provision of contemporary health and wellbeing programs and initiatives that encourage Our People to maintain a physically and psychologically healthy lifestyle.

Consultation
Where appropriate, the Group provides consultative arrangements for Our People and their representatives to invite constructive input into the decision-making processes that impact upon their work health and safety.

Management of workplace hazards
The Group must document and implement health and safety risk management processes for the control of workplace hazards that are consistent with the risk profiles of the Group's workplaces and activities within the Health and Safety Management System.

Monitor, measure and report
The Group must develop, and measure performance against, objectives and targets aimed at the elimination or minimisation of work-related risk, injury and illness. The Group must regularly review the performance of and continuously improve the health and safety management systems.

### Investigations
The Group must review or investigate incidents and injuries in a timely manner.

### Injury management
The Group must maintain a fair and equitable workers’ compensation and claims management process for the rehabilitation of injured parties.

### Contractual arrangements
The Group must monitor third party suppliers to ensure that applicable contractual arrangements for the supply of goods and services are undertaken and comply with all work health and safety requirements.
Comply and co-operate, so far as is reasonably able, with any reasonable instruction that is given by the Group, including any Group Policy or Procedure for maintaining a safe and healthy workplace.

**Risk Management**

- Monitoring/assurance activities.
- Advise and provide guidance to Line 1 to effectively identify, measure and mitigate their risks and/or to identify and understand their obligations (as applicable).
- Guidance where BU/SUs cannot align to the Policy.

**Audit & Assurance**

- Providing independent assurance that the Group’s risk management, governance and internal control processes are operating effectively, as per the approved audit plan.

## Compliance statement

This Policy forms part of the Group’s Health and Safety Management System and supports compliance with the legislative requirements contained in applicable work health and safety legislation.

Individual subject matter experts such as Health, Safety and Wellbeing, Group Property, Group Security and the Workers’ Compensation team are responsible for supporting the development and implementation of the local health and safety management systems and processes to provide a safe and healthy workplace, including risk management processes for the control of workplace hazards, incident investigation and maintaining a claims management process for the rehabilitation of injured people.

## Breach of policy

**Consequences**

Breach of this Policy may be regarded as misconduct, which may lead to disciplinary action (including termination of employment or engagement).

**Escalation**

Potential or realised breaches of obligations outlined in this Policy must be escalated according to the Group Issues Management Procedure or Group Compliance Incident Procedure.
