

Monthly Living Expenses Calculation Template

This template has been designed to assist in calculating monthly living expenditure which forms part of the Commercial and Asset Finance application process. Monthly Living Expenses is the amount of money required to maintain a reasonable standard of living. Only consider expenses that will continue to be incurred after the loan has funded. Expenses such as the ones below should be included (where applicable).

Please Note:

Do not include investment property expenses as part of Monthly Living Expenses. These are to be captured as Rental Expenses.

Number of Adults in Household

Number of Dependants in Household

Age of Dependants in Household
