

Interest Rates on Foreign Currency Accounts

These rates are subject to change at the Bank's discretion. Interest is calculated on the daily balance and is paid or charged to the account on the first calendar day of each month. For the purpose of calculating interest, the balance of the account on any day will not include deposits or withdrawals made after the close of business of the foreign currency market for the currency in which the account is conducted. For more information please refer to the Foreign Currency Account Terms and Conditions, call 13 2221, visit commbank.com.au, or call into any branch of the Bank.

Date: 8 September 2019

Foreign Currency Account and Business Foreign Currency Account
