Feature	Things you need to know
---------	-------------------------

Interest Only	<ul style="list-style-type: none"> During an interest only period, your interest only payments will not reduce your loan balance. We have different reference rates that apply, depending on whether you are making interest only payments or principal and interest repayments. Consequently, the reference interest rate that will apply during the interest only period will be different to the reference rate that will apply at the end of the interest only period, when your loan reverts to principal and interest repayments. At the end of an interest only period, your repayments will increase to cover principal and interest components. For an owner occupied home loan the total maximum interest only period is 5 years over the life of the loan. For an investment home loan the total maximum interest only period is 10 years, with a maximum of 5 years at any one time. Interest only is not available when the remaining contracted loan term is 5 years or less.
Top Up	<ul style="list-style-type: none"> If you increase your loan, it will increase the interest being charged and will generally increase your loan repayments. Please ensure that this is suitable for your current and future needs. If using top up for a purchase such as a holiday or a vehicle, you accept that the length of time you will be making repayments on your home loan could be significantly longer than the life of the purchase.
Refinance	<ul style="list-style-type: none"> Please consider that when refinancing from another loan provider you may incur substantial exit fees or break costs.
Building/ Construction Loan	<ul style="list-style-type: none"> The Building/Construction Loan feature requires you to sign a contract with a licensed builder and to provide council approved plans before funding. It is not available to 'owner builders'.
Off the Plan	<ul style="list-style-type: none"> The Off the Plan feature requires you to reconfirm your financial position and the Bank to conduct an external valuation 6 weeks prior to settlement. If there are any changes to your financial position and/or property valuation, the approval may be withdrawn. If Lenders' Mortgage Insurance applies, it will be referred to the insurer for a final decision. If your loan is not funded within the 18 month commitment period, you will need to resubmit your application. This feature cannot be switched to another type of loan before funding.
Land Purchase	<ul style="list-style-type: none"> The Land Purchase feature requires you to build on the land within 5 years after funding.
Bridging Loan	<ul style="list-style-type: none"> Approval of a Bridging Loan is conditional on satisfactory valuation on both the property you own and the property you are purchasing. If you fail to sell your original property, you may face difficulty servicing your loan/s and if not sold within 12 months, the loan will be reviewed and the Bank may exercise its right to sell your property under the terms of the mortgage.
Property Share	<ul style="list-style-type: none"> The Property Share feature requires each borrower to be the guarantor of all of the other borrowers. If one borrower ceases repayments, the other borrowers may be forced to sell the property. This feature requires you to seek independent legal advice before signing the loan contracts.
Low Doc Loan	<ul style="list-style-type: none"> Lenders' Mortgage Insurance applies at a lower loan to valuation ratio for Low Doc loans than standard home loans. This will be an additional cost to you if it applies.
