- If you have more than one currency on your Travel Money Card, a Currency Order will apply (see 4.5.1).

### 2.2. What are the risks?

There are some risks you should consider:

- As the Travel Money Card is designed for your personal use, if you give one or more of your Cards to another person to use (including family or friends), this will constitute a breach of these terms and conditions and your Cards may be cancelled without prior notice (see 8.9).
- Unauthorised transactions may be performed on your account and in some cases you may be liable for losses (see section 8).
- You might not be able to use your Card when there are disruptions to computer and/or telecommunication systems.  
We recommend you take another form of payment as backup such as foreign cash or a debit/credit card.
- The credit balance of the Travel Money Card does not count as a deposit with us. There is no interest payable to you on the credit balance of your Travel Money Card.  
Your Travel Money Card isn't covered by the Financial Claims Scheme.
- You may incur additional costs as a result of multiple currency conversions (see 4.5.3). To avoid this happening, you should ensure that you have enough of the local currency loaded on your Card and always complete transactions using the local currency.

### 2.3. What does it mean for your tax?

As your Travel Money Card is for your personal use only, there should be no income tax implications.

# 3. Getting started

## 3.1. How to obtain a Travel Money Card

Get started in three easy steps:

Step 1	Obtain a Travel Money Card: <ul style="list-style-type: none"><li>• Online: you'll get your Card in the mail within five to seven Business Days; or</li><li>• At any CommBank branch in Australia.</li></ul>
Step 2	Load your Card: <ul style="list-style-type: none"><li>• By transferring money from your eligible CommBank account; or</li><li>• With cash in Australian Dollars at any CommBank branch, which you can convert to any of the available currencies.</li></ul>
Step 3	Choose which currencies you want on your Card.

### Things you should know

- You can't have more than five Travel Money Card accounts at any one time.
- To obtain a Travel Money Card, you don't need to be a CommBank customer already. But you will need to:
  - Be aged 14 or over;
  - Satisfy our ID requirements;
  - Provide your email address to us and if that email address changes, notify us immediately of your new email address. You must have a current email address for the life of your Travel Money Card;
  - Register with NetBank (if you're not already registered); and
  - Have an Australian residential address.
- We use the CommBank Retail Foreign Exchange Rate to convert the Australian Dollars you load onto your Card, into a foreign currency that is offered on the Travel Money Card.
- You must keep NetBank active and open for the duration of your Travel Money Card to receive notifications and updates relating to your Travel Money Card.

## 3.2. Primary and Backup Cards

When you obtain a Travel Money Card, we'll give you two Cards: a Primary Card and a Backup Card. You'll need to sign both of these Cards as soon as you get them.

**Remember, you're the only person who is allowed to use these Cards.**

The Backup Card is only intended to be used by you if you can't use your Primary Card (for example, if it's damaged or stolen). If your Backup Card is used for any other reason or by anyone else, we may cancel your Cards without prior notice (see 8.9).

Your Primary and Backup Cards have different Card numbers; however, they are linked to the same account.

**Tip:** When you're travelling, remember to carry your Cards separately – so that both of your Cards aren't lost or stolen at the same time.

### 3.3. How to activate your Cards, set up and change your PINs

When you obtain your Cards at a CommBank branch, they're activated automatically. However, you'll need to set up a PIN before you can use them.

If you obtain your Cards online or replace them, you'll need to activate your Cards and set up a PIN before you use them.

To activate and/or set up PINs for your Cards, or if you want to change your PIN at any time, you can:

- Log on to the CommBank app or NetBank;
- Call the Travel Money Card Customer Service Centre (see back page for contact details).

### 3.4. How to protect your Cards, PINs and Banking passwords

#### Do

- ✓ Sign the back of your Cards as soon as you get them
- ✓ Memorise your PINs or passwords as soon as possible, then destroy or delete any record of them
- ✓ Destroy old or unused Cards
- ✓ Regularly change your PINs.

#### Don't

- ✗ Write down your PIN or password
- ✗ Keep a copy of your PIN or password on your computer, mobile or tablet
- ✗ Disclose your PIN or password to anyone — not even family or friends
- ✗ Use a number or word that someone can easily guess (for example, your date of birth, '1234' or 'password')
- ✗ Let anyone see your PIN when you're using it
- ✗ Let anyone else use your Cards.

#### Things you should know

Always remember to safeguard your payment documents, cards and devices.

For more information about protecting your account online, see the *Electronic Banking Terms and Conditions*.

## 4.2. How to transfer money

Between currencies in your account	You can transfer money on your Travel Money Card from one currency to another one by logging on to the CommBank app or NetBank.
To a different Travel Money Card account or eligible CommBank account	You can transfer money on your Travel Money Card to another Travel Money Card or to an eligible CommBank account by logging on to the CommBank app or NetBank. This can only be done to and from accounts in the same name.

### Things you should know

- For information about the currency conversion rates that apply when you transfer money, see 71.
- Transfers to accounts and between Travel Money Cards can only be made to accounts in the same name.
- Transfers are processed instantly to your eligible CommBank account or another Travel Money Card in your name. However, transfers to your eligible CommBank account during card closure can only be processed once all pending transactions have been posted.

### Things you should know

- The foreign currency equivalent is calculated at the time of the conversion.
- Merchants or other providers of facilities may impose additional limits. Most ATM operators have a limit on how much you can withdraw from an ATM per transaction and this may be less than our maximum.

## 4.4. Spending money with your Card

### 4.4.1 How to make withdrawals and purchases

You can use your Travel Money Card in stores, online, at ATMs, in bank branches, over the phone and by mail wherever Visa (for Visa Travel Money Card customers) or Mastercard (for Mastercard Travel Money Card customers) is accepted.

When you use your Card and are given the option, always **select Credit** and not the Cheque or Savings options. The amount will be taken out of your account immediately, along with any fees.

### 4.4.2 How pre-authorisations work

Sometimes businesses, like hotels and car rental agencies, ask you to give them card details as a form of guarantee, before they agree to give you goods or services. If you provide them with your Travel Money Card details they can check with us that your Card is valid and that there's money in your account to pay for what you're buying. If we confirm this (called a 'pre-authorisation'), the balance on your Card will be reduced by the pre-authorised amount. If the amount of your final bill is different to the amount that was pre-authorised, you may see two "pending transactions" on your Card. You can ask the business to cancel the pre-authorisation however they are not obliged to immediately.

**Tip:** Don't give businesses your Travel Money Card if you want to avoid your balance being reduced in this way. Instead, provide another card such as a debit or credit card, as a guarantee.

## 4.5. Which currency is used when you make a purchase or withdrawal?

If you pay or withdraw in the local currency from your Travel Money Card, the transaction amount will be taken from that currency.

If you don't have enough or any of the local currency on your Card to complete a transaction, the transaction will be debited from whatever currency you have on your Card in an amount sufficient to cover the transaction. If you have more than one currency in a sufficient amount, the currency that is used will be the currency highest in your Currency Order (see 4.5.2).

The Travel Money Card does not combine currencies to complete transactions. To complete a transaction you must have enough funds in a single currency to cover the transaction amount, including any fees applicable (e.g. ATM withdrawal fee).

If you don't have sufficient funds in any one currency, the transaction will be declined.

### 4.5.1. Currency Order – managing multiple currencies

The Currency Order that applies by default when you first load your Card is as follows:

- |         |          |
|---------|----------|
| (1) USD | (8) CAD  |
| (2) EUR | (9) SGD  |
| (3) GBP | (10) THB |
| (4) AUD | (11) VND |
| (5) JPY | (12) CNY |
| (6) NZD | (13) AED |
| (7) HKD |          |

Any new currency that is reloaded onto the Travel Money Card will be added to the bottom of the Currency Order. You can change your Currency Order at any time in the CommBank app and NetBank.

### 4.5.2 How the Currency Order works

We demonstrate how the Currency Order works in the following scenarios:

In all the scenarios below, the Currency Order is (1) USD, (2) EUR.

#### Scenario 1: Pay EUR 15 for a meal in France

**Card balance: USD 65 | EUR 135**

##### What if I ...

make a purchase and have enough of the local currency on my card?

##### What happens

**EUR is used** to pay for the meal because **you have enough EUR loaded on the card to complete the transaction.**

#### Scenario 2: Pay USD 70 for a meal in United States

**Card balance: USD 65 | EUR 135**

##### What if I ...

don't have enough money in the local currency to complete the transaction?

##### What happens

You **don't have enough USD but have enough EUR** loaded on the card to pay for the meal. **The equivalent of USD 70 will be converted using EUR to complete the transaction.**

**Note:** Currencies are not combined to complete transactions.

#### Scenario 3: Pay GBP 15 for a meal in United Kingdom

**Card balance: USD 65 | EUR 135**

##### What if I ...

don't have the local currency loaded on my card?

##### What happens

You **have enough USD** to pay for the meal. **The equivalent of GBP 15 will be converted using USD to complete the transaction.**

**Note:** Currency conversion is applied in this scenario. See 7.1.

#### Scenario 4: Pay EUR 160 for a hotel in France

**Card balance: USD 65 | EUR 135**

##### What if I ...

don't have enough of any currency to complete the transaction?

##### What happens

You **don't have enough USD or EUR** to pay for the hotel. **The transaction will decline due to insufficient funds in any single currency.**

**Note:** Currencies are not combined to complete transactions.

#### Scenario 5: AUD 200 is reloaded via BPAY onto your Travel Money Card

**Card balance: USD 65 | EUR 135**

##### What if I ...

reload my Travel Money Card via BPAY?

##### What happens

**USD is set as the first currency in your currency order, so the reload amount is automatically converted and loaded into USD.**

#### Scenario 6: Pay AUD 15 fee for a card replacement

**Card balance: USD 65 | EUR 135**

##### What if I ...

want to replace my cards because they are lost or stolen?

##### What happens

You **don't have AUD** loaded on the card to pay for the card replacement. **The equivalent of AUD is converted using USD to complete the transaction.**

#### Things you should know

- **Note:** Currency conversion may apply in the above mentioned scenarios. See 7.1.

#### 4.5.3 Dynamic Currency Conversion – when merchants or ATMs offer to convert transactions to AUD

When you withdraw money from an overseas ATM or you buy something from an overseas merchant either in-store, by phone or online, you may be asked if you want to make the transaction in Australian Dollars or the local currency.

You will be asked to sign a receipt, enter your PIN or otherwise to indicate that you agree to use the currency offered. The currency used will appear on the transaction receipt.

If you choose to make the transaction in Australian Dollars, the merchant or ATM provider will then convert the cost from the local currency to Australian Dollars. However, they also get to decide which exchange rate to apply to the conversion, which means the transaction may end up costing you more than you expected.

##### We recommend:

- You complete the transaction in the local currency, to avoid currency conversion.
- You ensure that you have enough of the local currency loaded on your Card to avoid currency conversion.

#### Things you should know

- If you choose to have a purchase or withdrawal converted to AUD, you do so at your own risk and cost. We will not be liable for any loss (including additional currency conversion costs) that you might suffer as a result.

### Scenario 1: Pay in AUD for USD 50 meal in United States

**Card balance: USD 100 | AUD 75**

#### What if I ...

have enough of the local currency on my card but the merchant offers to accept my payment in AUD and I have accepted.

#### What happens

The transaction is **processed in AUD**. You **have enough AUD** to pay for the meal in that currency. **AUD 70<sup>\*</sup> is debited from the AUD currency loaded on your card to complete the transaction.**

**Note:** The exchange rate used to convert USD to AUD is determined by the merchant.

### Scenario 2: Pay in AUD for USD 50 meal in United States

**Card balance: USD 100 | AUD 20**

#### What if I ...

have enough of the local currency on my card but the merchant offers to accept my payment in AUD and I have accepted.

#### What happens

The transaction is **processed in AUD**. You **don't have enough AUD** to pay for the meal in that currency. **The equivalent of AUD 70<sup>\*</sup> is converted using USD, the first currency in your currency order, to complete the transaction.**

**Note:** The exchange rate used to convert USD to AUD is determined by the merchant. Currency conversion is applied in this scenario. See 71.

### Scenario 3: Pay in AUD for USD 50 meal in United States

**Card balance: USD 100 | EUR 100**

#### What if I ...

have enough of the local currency on my card but the merchant offers to accept my payment in AUD and I have accepted.

#### What happens

The transaction is **processed in AUD**. You **don't have any AUD** to pay for the meal in that currency. **The equivalent of AUD 70<sup>\*</sup> is converted using USD, the first currency in your currency order, to complete the transaction.**

**Note:** The exchange rate used to convert USD to AUD is determined by the merchant. Currency conversion is applied in this scenario. See 71.

### 4.5.4 Checking your balance on an ATM overseas

If you check your balance at an ATM overseas and have the local currency loaded on your Travel Money Card, the ATM will display the balance only for that currency, in either the local currency or in AUD (converted at a rate determined by the ATM).

If you don't have the local currency on your Travel Money Card, the ATM will display only the currency with the largest balance on your Card. This amount will be displayed in the local currency or AUD (converted at a rate determined by the ATM).

Some ATM providers use different conversion rates to us. This may cause discrepancies between your balance at an ATM and your balance in the CommBank app or NetBank. For an accurate balance of your account, check the CommBank app, NetBank, visit a branch or call the Travel Money Card Customer Service Centre.

<sup>\*</sup>(The assumed exchange rate for the above examples is 1 AUD = 0.714 USD)

## 5. Keeping track of your spending

### 5.1. Statement of account

We'll send you an email every six months to remind you that a list of your transactions can be viewed in the CommBank app and on NetBank (provided your email address is still valid).

You should ensure that we always have your most up-to-date contact details, especially your email address. You can update your contact details by contacting us (see back page for contact details).

You can check your transaction history at any time by logging onto the CommBank app or NetBank or by calling us.

We will not give you a paper copy of your transactions; however you can print them off at any time in NetBank.

You can query any listed transactions by contacting us.

### 5.2. Setting up SMS alerts

If you give us your mobile phone number, we can help you keep track of your spending with SMS alerts. You'll get a text when your Card has been loaded, plus notifications of your daily, weekly, monthly or low balance — depending on which option you choose.

You can set up SMS balance alerts by logging on to NetBank.

## 6. What happens when you close your account or your card expires?

### 6.1. When you ask us to close your Travel Money Card account

Subject to 8.9, you can close your Travel Money Card account at any time by visiting a CommBank branch.

If you ask us to close your Travel Money Card account before it expires, or within three months after the expiry date, you'll need to give us details of an Australian bank account so we can transfer the money left on your account. We'll calculate the amount in Australian Dollars (AUD) using the CommBank Retail Foreign Exchange Rate at the time of the conversion.

We'll usually process the request to close your account within three Business Days — but it might take longer if there are any pending transactions, refunds or fees that need processing. After we've closed your account, you'll need to destroy both Cards.

If you're expecting any refunds, you should wait until you've received them before closing your account.

If a refund is processed on the account after it has been closed, we'll convert the remaining credit balances to AUD using the CommBank Retail Foreign Exchange Rate at the time of the conversion.

If you haven't collected your balance within seven years of closing your account, we'll transfer any money from the Bank's Unclaimed Money Fund to the Commonwealth Government's unclaimed monies fund. You can apply to have this money returned to you at any time by visiting a CommBank branch.

# 7. Fees and charges

## 6.2. When your Cards expire

You can use your Cards until the expiry date shown on the front. We'll notify you via email one month before your Cards expiry date to remind you that they're about to expire.

You can transfer money from your Travel Money Card to your eligible CommBank account through the CommBank app or NetBank at any time up to three months after the expiry date.

If there is any money remaining in your Travel Money Card account three months after your Cards expire, we'll close your account and convert your balance to AUD using the CommBank Retail Foreign Exchange Rate at the time of the conversion. You can claim this money by filling out a claim form at any CommBank branch.

If you haven't claimed this money within seven years after your account closes, we'll transfer your balance to the Commonwealth Government's unclaimed monies fund. You can apply to have this money returned to you at anytime by visiting a CommBank branch.

## 6.3. How to renew your Cards before or after they expire

In the six months prior to your Cards expiry date or within three months after the expiry date, you can request new Cards by:

## 8. What happens if there's a problem?

You need to tell us (see back page for contact details) as soon as:

- You think someone else has used your Travel Money Card;
- You think someone else may know your PIN or password;
- You notice a mistake or a transaction you didn't make or authorise; or
- You make a mistake when making a payment.

You may be responsible for any financial losses if you don't tell us straight away. Liability for losses resulting from unauthorised transactions will be determined in accordance with the ePayments Code.

### 8.1. Does a transaction look wrong?

In general, you're responsible for any losses that occur on your Travel Money Card — including all transactions made by you or anyone else who you authorise to use your Card (in breach of 3.2). However, you may not be responsible for transactions that happen without your knowledge or consent. We follow the ePayments Code to work out if you're liable for the loss (see 8.2).

You should check all of your receipts from purchases and ATM transactions against your transaction history on the CommBank app or NetBank. Here's what you should do if you see a problem:

### If you're not sure about a transaction on your account

- Get in touch with the merchant that charged you and try to resolve it with them.
- If that doesn't work, call the Travel Money Card Customer Service Centre within 30 Days of the transaction date. We might ask you to send us written information as well.
- Lodge a transaction dispute within 30 Days from the transaction date (see 8.4).

### If you didn't authorise a transaction on your account

1. Block the card that was used to make the unauthorised transaction through the CommBank app, on NetBank or by calling us (see back page for contact details).
2. Call the Travel Money Card Customer Service Centre within 30 Days of the transaction date (see back page for contact details). We might ask you to send us written information as well.
3. Lodge a transaction dispute within 30 Days from the transaction date (see 8.4).

**Note:** Merchants are given time to respond to a disputed transaction. Allow up to 45 days from acknowledgment of the dispute for an outcome.

## 8.2. When you may or may not get a refund as a result of an unauthorised transaction

### When you'll get a refund

- It's clear you didn't contribute to the loss.
- The cause of the loss is one of the following:
  - fraud or negligence by a bank employee or anyone else involved in processing your transaction;
  - faulty equipment, a forged or faulty card or device or an expired or cancelled card, PIN or password;
  - your card, PIN or a password being used before you received it from us; or
  - the same transaction was debited to your account more than once.

### When you'll get a partial refund

Even if you're responsible for the loss, you'll still get a refund for any amount withdrawn that is:

- Above the card transaction limit;
- Outside any applicable periodic transaction limit;
- More than the available balance; or
- Recovered under the card scheme's rules.

If your situation doesn't fall within either column 1 or column 3 of this table, the maximum amount you will be liable for is \$150 (where the ePayments Code permits). We'll refund any remaining amount. We, or an external dispute resolution body may also decide to reduce your liability for the loss.

### When you won't get a refund

- If you contributed to the loss through fraud or because you told someone your PIN or password, kept an undisguised record of your PIN or password, created a PIN or password that was easy to guess (like your name or date of birth) or otherwise didn't comply with your password security obligations under the ePayments Code.
  - You didn't tell us straight away that your card was lost or stolen or that someone else may know your PIN or password (you'll be responsible for transactions after you should have told us).
  - You left your card at an ATM (where the ATM incorporated reasonable safety standards that mitigate against the risk that this will occur).
  - The ePayments Code otherwise does not entitle you to a refund.
- If any of these happen, we may hold you responsible for the transaction unless we can get you a refund under the card scheme rules or the ePayments Code entitles you to a refund (for example, because the loss exceeded your available limit).

### 8.3. When we can make a chargeback

As a Visa and Mastercard member, we can request a refund ('chargeback') of a purchase transaction using your Travel Money Card in certain situations – for example if the goods weren't delivered.

To take advantage of this chargeback process, contact us within 30 Days of the transaction date. Otherwise we may not be able to claim a chargeback for you.

Chargeback rights don't apply to BPAY payments – but if you notify us of a mistake, we'll do our best to recover the payment.

### 8.4. How to lodge a transaction dispute

To lodge a transaction or ATM withdrawal dispute, download a Dispute Form and:

Fax it to:

**+61 2 8737 3623**

or mail it to:

**2067 Operations Processing Centre  
Reconciliations and Disputes  
PO Box 492, Lidcombe NSW 1825**

We will acknowledge that we have received your dispute within 10 Business Days by sending you a letter to your address and we'll start investigating the transaction for you. Allow up to 45 days for an outcome.

If we find that we or one of our service providers made the mistake, we'll correct it. But if we find that the mistake is not our fault, we'll let you know in writing.

### 8.5. If your Card is lost or stolen

You are responsible for the safety and security of your Travel Money Card. If your Card is lost or stolen, you can use your Backup Card. You still need to report the Card as lost or stolen to us straight away, so nobody else can use it.

To report a Card as lost or stolen, contact us (see back page for contact details).

You can also request a replacement Card at any branch or by calling the Travel Money Card Customer Service Centre.

### 8.6. When your Card is overdrawn

If you use more money than the total amount available on your Card, you'll need to pay the overdrawn balance back to us within 30 Days or when your account is closed (see section 6).

### 8.7. When you can't use your Travel Money Card

You can't use your Travel Money Card to:

- Buy something where the transaction is processed manually using an imprinter;
- Make scheduled or repeating direct debit payments;
- Receive direct credit payments (other than refunds from a prior purchase);
- Make a purchase or withdrawal from a business or ATM that doesn't accept Visa (for Visa Travel Money Card customers) or Mastercard (for Mastercard Travel Money Card customers); or
- Make any transaction in a country prohibited by government sanctions.

### 8.8. Making a complaint

- We try to get things right the first time — but if we don't, we'll do what we can to fix it. Most problems can be resolved simply by talking to us, so if you need to make a complaint, please call us on **1800 805 605** or by emailing us at [customerrelations@cba.com.au](mailto:customerrelations@cba.com.au)

We will:

- Keep a record of your complaint;
- Give you a reference number and a staff member's name and contact details so you can follow up with them if needed;
- Respond to the complaint within 21 Days, or tell you if we need more time to complete our investigation; and
- Give our final response within 45 Days.

If we can't complete our investigation within 45 Days, we'll let you know why. If you're not satisfied with our handling of your complaint or our decision, you may refer your complaint to the Australian Financial Complaints Authority (AFCA). AFCA offers a free independent dispute resolution service for consumer and small business complaints.

**Note:** The Australian Financial Complaints Authority (AFCA) has replaced the Financial Ombudsman Service (FOS).

You can contact AFCA on **1800 931 678** between 9am and 5pm (Sydney time), Monday to Friday from anywhere in Australia, online at [afca.org.au](http://afca.org.au), or by writing to:

**Australian Financial Complaints Authority**  
**GPO Box 3**  
**Melbourne VIC 3001**

### **8.9. When we may end your agreement, close your account or refuse to process a transaction**

Your cards are our property and you need to return them to us if requested. We will close your Travel Money Card three months after your Cards expire, however it is your responsibility to destroy them once they expire.

We can cancel or suspend your Cards or refuse to process a transaction without telling you if:

- You don't follow the terms and conditions contained in this Product Disclosure Statement and Conditions of Use;
- You give your Cards/PIN to another person to use (e.g. family, friends, employees);
- We think the Card has been used other than for its intended purpose (for example, for hedging, as a salary credit account) or any other non personal use;
- We believe the Cards have been used illegally or in a way that may cause losses to you or us;
- You gave us false or inaccurate information when you applied for the Cards;
- You appear to be a Proscribed Person. See page 42 for definition;
- If you load or reload more than AUD 1.5 million or foreign currency equivalent in a 12 month period; or
- You don't provide us with a valid email address for the life of your Cards.

We may end this agreement for any other reason by giving you at least 30 Days' notice. If you have any money left on your Travel Money Card after we have closed it, you can get your balance paid to you by visiting any CommBank branch or you can transfer it to your eligible CommBank account through the CommBank app or NetBank. See 4.2 for more information.

### **8.10. When we're not liable**

We won't be liable for any losses that occur for any of these reasons:

- Any of your instructions aren't sufficiently clear;
- You don't give us correct information;
- Events happen that are outside of our reasonable control;
- There's a system failure (not caused by us) or an industrial dispute;
- Any ATM or merchant refuses or is unable to accept the Card;
- You infringe the currency laws in the country where you were using the Card;
- We take an action required by government, federal or state law, or court order; or
- Anything specifically excluded or limited elsewhere in these Conditions of Use.
