Section 3 – New investment strategy

A maximum of 20 investment options may be selected in total (10 for your Account Balance Strategy and 10 for your Future Investment Strategy). Please specify (by completing the tables below) how you would like your existing account balance and any future investments applied at the effective date of your switch. Your Account Balance Strategy may be different to your Future Investment Strategy. All future investments will be pro-rated and applied to your Future Investment Strategy and fees/taxes pro-rated and deducted from your Account Balance Strategy and your Future Investment Strategy. Please refer to your Product Disclosure Statement (PDS) for details on available investment options.

If no Future Investment Strategy is provided all future transactions will be based on the Account Balance Strategy.

Please complete the table below.

- **Change Account Balance Strategy:** Alters investment strategy for all assets currently held in your Account.
- **Change Future Investment Strategy:** Alters investment strategy for all future assets received and transactions in your Account.

- If you have elected to receive the minimum allowable pension amount, you cannot nominate to have your pension payments indexed.
- If you nominate a pension amount, this will apply from the next pension payment. The annual pension amount therefore must meet the minimums prescribed by the government for the current financial year.
- If you nominate an annual amount and pension payment(s) have been made, your remaining pension payment(s) will be recalculated to achieve this amount.
