

# MY BUDGET PLAN.

Suitable for children 5 to 8 years

## What to do

1. Fill out the below table to work out how many weeks it will take you to reach your savings goal.

Total amount needed:	\$ _____
Pocket money received per week:	\$ _____
Savings per week:	\$ _____
Number of weeks it will take to reach the goal:	_____

2. Now, ask your parent or guardian to help you divide this piggy bank into sections. You should have one section for every week it will take to reach your goal. Shade in each section with your colouring in pencils as you save!
